City of Richmond

Richmond, B.C. V6Y 2C1

Dear Sirs/Madams:

**Re: Notice of Application For a Development Permit
No. DP 05-297766
Property Location: 8280 Lansdowne Road**

We are the Strata Council of Richmond Towers, Strata Plan LMS-1798, which is located at 8240, 8246 and 8248 Lansdowne Road, Richmond.

We have received a Notice of Application For a Development Permit DP 05-297766 for a proposed development on 8280 Lansdowne Road.

We would like to make a written submission to oppose the granting of this development permit because of the following reasons:

1. The proposed development is too close to our building and we will be greatly disturbed during the course of construction – noise, dust, vibration, construction debris etc. *block our sunlight, have to be blind 24hrs*
2. The proposed development will block the view of our building.
3. Due to the proximity of this proposed development to our building, we have a great concern that the structure and foundation of our building will be affected during their construction. *Our buildings were built ten years old and we don't know how it were built*

We have received letters from many owners of Richmond Towers supporting our position and copies of these letters are attached for your records.

It would be much appreciated if the Development Permit Panel would take into consideration of the opinions of these owners of Richmond Towers when reviewing the application of the above-noted development permit.

Yours truly,

Law Mei Chan
Strata Council of Strata Plan LMS-1798

*represent 79 owners, who oppose
the development*
