The Manager, Policy Planning, Terry Crowe, was present.

4. IMPERIAL LANDING DEVELOPMENT MANAGEMENT STRATEGY

(Report: Dec. 2/02, File No.: 4060-05-03) (REDMS No. 916641)

The Manager, Policy Planning, Terry Crowe, was present.

A discussion ensued that included the following:

- i) a finalized waterfront property management service agreement between the City and the Steveston Harbour Authority would not impact private operators;

General Purposes Committee

Monday, December 16th, 2002

- ii) Steveston Harbour Authority responsibilities could include assistance in managing the City's pier and waterfront. The draft agreement would be presented to Council prior to signing;
- iii) although interest has been expressed for an integrated plan, clarification of the impact on land use was required;
- iv) the Steveston Area Plan specifies that the MMU area and the waterfront be primarily used to support the commercial fishing fleet with private moorage being viewed as an interim use that could be superceded by commercial use. A Council decision would be required to change the MMU criteria;
- v) while current proposals received may be reasonable, only a few appear to have sufficient private funds. Upon the identification of an expanded vision for the waterfront, proposals already received could be reviewed for compatibility with that vision;
- vi) the public process would include 'open house' opportunities, questionnaires on public preferences, and specific consultation with Onni Development;
- vii) the cost of removing contaminated soil from Lot H were not known;

Status updates on the process are to be provided by Mr. Crowe.

It was moved and seconded

That staff:

- (1) *continue negotiating with the Steveston Harbour Authority to finalize a waterfront property management service agreement, and*
- (2) *proceed with an integrated Imperial Landing Development Management Strategy.*

5. **TSAWWASSEN FIRST NATION TREATY TABLE – PUBLIC RELEASE OF INFORMATION**
(REDMS No. 925102)

Councillor Steves provided a brief explanation of the concerns related to the impact on the Agricultural Land Reserve and fisheries that could occur if the proposed Tsawwassen treaty is approved.

General Purposes Committee

Monday, December 16th, 2002

The General Manager, Urban Development, David McLellan, referred to page 7, item 4, of the document and suggested that further clarity was required as the Tsawwassen claim extended into Richmond which could affect the Official Community Plan. The Constitutional Status of Settlement Lands was also noted to require further clarification of the issues of land transfers and fee simple lands.

Mr. McLellan gave advice that a long consultation process was not anticipated for these matters, and that a report would be made to the January 13th, 2003 Council meeting. As a result, the following **referral** motion was put forth:

It was moved and seconded

That the memorandum dated December 13, 2002 from David Brownlee, Planner, regarding the public release of information by the Tsawwassen First Nation Treaty Table, be referred to staff for report to Council on January 13, 2003.

Prior to the question being called direction was given that staff clarify the process under discussion. The question was then called and it was **CARRIED**.

It was moved and seconded

That the meeting adjourn (4:50 p.m.).
