Staff Report

Origin

Arminster Jhutti has applied to the City of Richmond for permission to rezone 10260 Bird Road (**Attachment 1**) from Single-Family Housing District, Subdivision Area E (R1/E) (minimum width 18m or 59 ft) to Single-Family Housing District, Subdivision Area B (R1/B) (minimum width is 12m or 39.4 ft) in order to permit the subject property to be subdivided into two single-family residential lots.

Findings of Fact

Item	Existing	Proposed
Owner & Applicant	Gurpreet and Arminster Jhutti	To be determined
Site Size	One lot 1047 m ² (11,270 ft ²)	Two lots each 523.5 m ² (5,635 ft ²)
Land Uses	One large single family lot	Two small single family lots
OCP Designation	Neighbourhood Residential	No change
Cambie East Area Plan Designation	Residential (Single Family Only)	No change
Lot Size Policy	R1/B	No change
Zoning	R1/E	R1/B

Surrounding Development

The lot to the east of the subject lot has already rezoned and subdivided. The lot to the west is occupied by and zoned for a duplex. The lots across the street and behind on Caithcart have remained R1/E.

Related Policies & Studies

Cambie East Area Plan

The Cambie East Area Plan, which designates the area for Residential (Single Family Only) (**Attachment 2**), has no specific policies relating to the subject site. The policies do however require dwellings to comply with Canada Mortgage and Housing Corporation's guidelines for noise mitigation and require covenants to hire professionals qualified in acoustics to determine and implement noise mitigation measures.

Lot Size Policy

A Lot Size Study was undertaken in this neighbourhood in 1989 which supports R1/B size lots along Bird Road and retains the R1/E size lots along Caithcart Road (**Attachment 3**). Since the policy was adopted quite a number of lots (over 20) have rezoned and subdivided to R1/B. There is still potential for over 30 lots to rezone and subdivide.

Staff Comments

Prior to final reading of the bylaw a noise covenant will be required. Then with the future subdivision the developer will be required to pay Development Cost Charges (DCC's) and service tie-in fees. Included will be a "Latecomer" charge for storm sewer via a Neighbourhood Improvement Charge (NIC). These works were done about 5 years ago.

Analysis

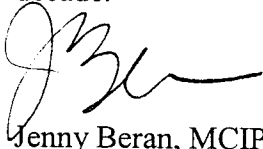

This is a straightforward rezoning application which will result in the subdivision of the subject lot. This complies with the Lot Size Policy for the neighbourhood. While many of the lots in the neighbourhood have rezoned to smaller lots, there still is potential for over half the lots to rezone and subdivide.

Financial Impact

None.

Conclusion

The application is to rezone the subject lot in order that it can subdivide into two smaller lots. Staff is supportive of the application as is it consistent with the Lot Size Policy for the neighbourhood and with a number of previous rezoning applications on this street over the past decade.
