Staff Comments	Neighbourhood Improvement Charge fees required for future upgrading of the existing lane will be assessed at the subdivision stage along with standard servicing costs
Analysis	<ul style="list-style-type: none"> • There is an existing, operational lane servicing the subject property All vehicle access will be from the lane with no driveways permitted onto the arterial road • The proposed rezoning is consistent with the Interim Strategy for Managing Single-Family Rezoning Applications During the Review of the Lane Establishment and Arterial Road Redevelopment Policies as the subject site is serviced by an operational lane • The property to the south has been rezoned to R1 – 0 6, but has yet to subdivide and redevelop A majority of properties to the north have already rezoned and subdivided and have new single-family dwellings located on the residential lots

Attachments	Attachment 1 – Location Map, Attachment 2 – Proposed Subdivision Plan
Recommendation	The proposal complies with the Interim Strategy for managing residential rezonings during the review of the Arterial Road Redevelopment and Lane Establishment Policies and is also consistent with the direction of development already being undertaken along this portion of No 1 Road. On this basis, staff support the application.
