Re: The Chinese Mental Wellness Association of Canada - Grant Application

Ahlay Chin, Executive Director of The Chinese Mental Wellness Association of Canada was present at Council Meeting February 26, 2007. When the question was asked if anyone wish to speak on any Agenda Items Ms. Chin did not come forward as she was waiting for her name to be called by the Chair to speak. Therefore, Ms. Chin did not present to Council the additional information in her possession to support her grant application.

Recommendation for Council: That the balance of \$3,250 in the Grant Budget be allocated to The Chinese Mental Wellness Association so that the Association won't have to reduce the programs they currently offer.
