Staff Report

Origin

Rocky Sethi has applied to the City of Richmond for permission to rezone 8220 and 8240 Ash Street (**Attachment 1**) from Single-Family Housing District, Subdivision Area B (R1/B) (12m or 39.37 feet minimum width) to Single-Family Housing District, Subdivision Area K (R1/K) (10m or 32.8 feet minimum width) in order to facilitate the subdivision of the two properties into four new single-family residential lots.

Findings of Fact

| Item | Existing | Proposed |
|--|---|---|
| Owner | Biker and Sukhjinderkaur Sandhu | To be determined |
| Applicant | Rock Sethi | No change |
| Site Size | 8220 Ash - 992 m ² (10,678 ft ²) 8240 Ash - 557 m ² (5,996 ft ²) | Four lots approx 371 m ² (4000 ft ²) |
| Land Uses | Two single family lots | Four single family lots |
| OCP and Ash Street Area Plan Designation | Low Density Residential | No change |
| Zoning | R1/B | R1/K |

Surrounding Development

The Ash Street area is a mix of small and medium sized single family lots and townhouses. The housing stock is a mix of newer and older homes and there are ditches still lining some of the streets. The homes surrounding the subject properties are generally older homes and some lots have similar development potential to the subject applications.

Related Policies & Studies

Ash Street Sub Area Plan

There is no Lot Size Policy in this area that provides a guide for single-family subdivision. However, the quarter section is governed by the Ash Street Sub-Area Plan which was written primarily to guide the development of specified infill sites throughout the quarter section. The Sub-Area Plan provides only the following direction with regard to the subject applications:

“Permit the use and development of lands outside of the “infill” sites shown on the Land Use Map to be governed by the City’s normal development application process”.

Staff Comments

There are no requirements for this rezoning.

Analysis

A number of similar applications in the neighbourhood have already been approved as shown on **Attachment 2**. Eleven larger lots have been approved to subdivide to create 22 new smaller lots. Approximately 65 lots in total would be able to subdivide under R1/K zoning in the western part of the quarter section. This means that 25% of the lots on the western half or 10% of all lots in the quarter section have subdivision potential.

This neighbourhood could change to some degree if all lots with potential did redevelop. However, given that the majority of the lots in the area are small already and/or have relatively new housing, the character of the neighbourhood should not change dramatically. Also, Council has set a precedent with the other sites in the area to enable similar sized, small lot subdivisions.

Financial Impact

None.

Conclusion

1. There is an application to subdivide two lots on Ash Street to four smaller single family lots.
2. Staff is supportive of the application as there are already a number of small lots in this area and the applications is similar to other lots that have already been recently approved by Council for rezoning.
