Re: **APPLICATION BY PATRICK COTTER ARCHITECT INC. FOR REZONING AT 9051 TO 9191 NO. 1 ROAD FROM SINGLE-FAMILY HOUSING DISTRICT, SUBDIVISION AREA E (R1/E) TO SINGLE-FAMILY HOUSING DISTRICT, SUBDIVISION AREA K (R1/K)**

Staff Recommendation

That Bylaw No. 7451, for the rezoning of 9051 to 9191 No. 1 Road from "Single-Family Housing District, Subdivision Area E (R1/E)" to "Single-Family Housing District, Subdivision Area K (R1/K)", be introduced and given first reading.

Staff Report

Origin

Patrick Cotter Architect Inc. has applied on behalf of the owners of 9051 through 9191 No. 1 Road (**Attachment 1**) to rezone these eight single family lots from Single Family Housing District, Subdivision Area E (R1/E) (minimum width 18m or 59 feet) to Single Family Housing District, Subdivision Area K (R1/K) (minimum width 10m or 32.8 feet), to permit each property to subdivide into two lots with access from the lane.

Findings of Fact

Item	Existing	Proposed
Owner	9051 No 1 – Dekoven Enterprises Ltd. 9071 No 1 – Robert Tymensen and Linda Love 9091 No 1 – Maxine Bourassa 9111 No 1– Tat and Kun Kwan 9131 No 1– Jane King 9151 No 1– Leister and Sharon Geddes 9171 No 1– Gerald and Deborah MacLeod 9191 No 1– Jeff and Mariko Sybounmy	To be determined
Applicant	Patrick Cotter Architect Inc.	No change
Site Size	9051 No. 1 Road – 791 m ² (8,514.5 ft ²) 9071 to 9191 No. 1 Road – 674 m ² (7255 ft ²)	most lots 337m ² (3,627.5 ft ²) one lot 335 m ² (3,606 ft ²) one lot 415 m ² (4,467 ft ²)
Land Uses	Single Family	Small Lot Single Family
OCP Designation	Low Density Residential	No change
Zoning	R1/E	R1/K

Surrounding Development

The properties surrounding the subject applications are primarily older single family homes. Across No. 1 Road to the East is the West Richmond Community Centre. To the north is a commercial property with a Canada Trust Bank and Dental Office (**Attachment 2**).

Related Policies & Studies

Lot Size Policy

There was a Lot Size Policy for the 9,000 block of No. 1 Road but it was amended with an earlier applicant to remove the lots fronting No. 1 Road.

Arterial Road Redevelopment Policy

For the subject lots, the Arterial Road Policy supports redevelopment in the form of small lot single family at 0.6 FAR, duplex or coach house. However, a restrictive covenant registered on these properties by the original subdivision developer restricts redevelopment to single family only.

Lane Policy

The subject sites are currently serviced by an existing 6m (20 ft) wide lane. However, the lane is not built to current standards, therefore it will be upgraded when redevelopment occurs.

Staff Comments

Policy Planning

The subject lots had intended to redevelop to coach houses, however, the covenant on the property restricts the use to single family only. However, with the recent change to the Arterial Policy that permits single family at 0.6 FAR along arterial roads, the properties will be able to take advantage of some additional density once changes have been made to the R1 zone.

Engineering

Engineering staff have commented that while there have been some drainage problems in this area, they are of a more typical nature common to most of Richmond's neighbourhoods and are not at a level of concern that would warrant a hold on development activity.

For all applications, staff note that as per Access Bylaw 7222 no direct access will be permitted to No. 1 Road for any of the subject sites. Additionally, no works or monies are required to "beautify" No. 1 Road as it is built to full standard minus a grass boulevard and street trees.

Prior to final reading of the rezoning bylaw the following will be required:

- for the lane upgrade behind the commercial property, all properties are assessed \$1,462.13 except 9051 No. 1 Road, which because it has more lane frontage is assessed \$2,021.00; and
- 9051, 9071, 9091 and a portion of 9111 are required to dedicate 2m at the front their properties for future road widening.

The applicant and his clients have agreed to these conditions and realize that everyone must comply in order for any of the properties to be rezoned.

As most of the lots will develop individually, a NIC fee will be required at time of subdivision (rather than a Servicing Agreement) in order to upgrade the lane (including roll curb, drainage and lighting) behind the properties.

Analysis

There are eight lots that have already been approved to rezone in the 9000 block of No. 1 Road (**Attachment 2**). The subject application, which includes eight properties, would add another 16 lots to the 9000 block and would leave 17 lots in the 9000 block with rezoning potential. Of note is the fact that the subject properties will develop individually over time.

Impacts that may result from these developments are:

- the loss of mature vegetation as the older homes are replaced with new;
- the impacts associated with construction activity;
- increased traffic in the lane;
- the raising of part of the properties to be level or above No. 1 Road; and
- the loss of surveillance opportunities over the lane as the garages will occupy two-thirds of the lane frontage.

The subdivision of these lots is consistent with the Arterial Road Redevelopment Policy. This form of redevelopment is an opportunity to introduce more affordable housing and is consistent with population projections over the next 20 to 30 years.

Financial Impact

None.

Conclusion

The subject application will result in 16 new homes along No. 1 Road. The application is consistent with the Arterial Road Redevelopment Policy and the Lane Policy. Works to upgrade the lane will be undertaken at the subdivision stage.

Some impacts will occur such as the loss of vegetation and increased traffic in the lane. However, on balance staff believe that the proposal is in an appropriate location and will introduce an affordable housing form and therefore are supportive of the proposal.
