General Purposes Committee

Monday, May 10th, 2004

- (a) *provided the City of Richmond with additional information regarding the proposed development, and its land use, servicing, traffic, transportation and environmental impacts;*
 - (b) *consulted with Hamilton residents (e.g., the Hamilton Community Association) and businesses; and*
 - (c) *consulted with the City of Richmond to reach acceptable solutions on those matters which affect Richmond.*
- (3) *That the BC Lottery Corporation be advised of Richmond's position on the City of New Westminster's proposed OCP Amendment, and be requested to indicate the process for Richmond to provide input into the process for the licencing of the casino.*

The question on the motion was not called, as a brief discussion ensued. Concern was expressed that none of the traffic issues which had been expressed previously by the City with regard to the application by Wal-Mart to locate in the area of the Richmond/New Westminster boundary had been addressed. An update was also requested on the improvements proposed for the north side of the Queensborough bridge, as it was felt that the casino would have a major impact on that bridge.

The question on the motion was then called, and it was **CARRIED**.

ADJOURNMENT

It was moved and seconded
