I would like to speak at the next Parks Recreation & Cultural Committee meeting to discuss my displeasure & concern to the power poles located on the right of way in the back of my property at 12291 Hayashi Court.

I understand that these poles have been declared "heritage poles" & are to remain. There was no notification sent out or any effort to consult the residences that these poles impact. They are a safety risk, liability & an eye sore but also the fact that they could even be considered "heritage" is ludicrous.

Please consider my plea for your next meeting, which I understand, is May 28, 2002 at 16:00. If I could speak early in the meeting as I have personal commitments in the evening.

Thank you,

Oskar Kwieton
