## RESPONSIBILITY OF EXTERNAL AUDITORS, MANAGEMENT AND FINANCE COMMITTEE

We were engaged to give an audit opinion on the consolidated financial statements of the City. Management is responsible for preparing the financial statements and related notes in accordance with Canadian generally accepted accounting principles ("GAAP") and to design, implement and maintain an effective internal control over the financial reporting process. We are responsible for being independent and for expressing an opinion on the financial statements. The City's oversight personnel are responsible for overseeing the control environment and reporting process.

## INDEPENDENCE

We confirm that we are independent of the City within the meaning of the applicable Rules of Professional Conduct/Code of Ethics of the Institute of Chartered Accountants of British Columbia for the year ended December 31, 2006. There are no relationships that, in our professional judgment, may reasonably be thought to bear on our independence as your auditors. Our independence letter attached addresses all of these factors.

## SIGNIFICANT AUDIT FINDINGS

There were no significant matters were noted during our audit that warrant drawing to the attention of the City's Finance Committee.

## AUDIT DIFFERENCES

There were no unadjusted audit differences. All audit differences identified were adjusted for by management in the consolidated financial statements. A copy of the adjusted audit differences has been attached to the management representation letter.

## OTHER MATTERS ARISING FROM THE AUDIT

### Accounting policies, judgments and estimates

During the course of our financial statement audit, we identified no new or changed accounting policies other than those previously noted. Management describes their critical accounting policies and key estimates that are subject to uncertainty in note 1 to the financial statements.

### Weakness in internal controls over financial reporting

Our audit has not been designed to determine the adequacy of internal control over financial reporting for management purposes. During our audit, we did not become aware of any significant weaknesses in internal controls.

Illegal and fraudulent activities

Our inquiries of management and our testing of financial records did not reveal any fraud or illegal acts. You should realize however, that improper conduct is usually carefully, if not elaborately, concealed and consequently, the probability is not high that our regular audit work, however diligently performed, will bring it to light. Management has also provided us with a written representation that they are not aware of any fraudulent acts or suspected fraudulent acts or illegal acts or possible illegal acts.

Dealings with management

We received the full cooperation of management and employees of the City and, to our knowledge, had complete access to the accounting records and other documents that we needed in order to carry out our audit. We had no disagreements with management, and we have resolved all auditing, accounting and presentation issues to our satisfaction.

Consultation with other accountants

We are not aware of any consultations by management with other accountants regarding accounting or auditing matters.

Major issues discussed with management that influence our audit appointment

We did not engage in discussion with management about any major issues in connection with our appointment as auditors.

**FINANCIAL REPORTING DEVELOPMENTS**

Tangible Capital Assets (Local Government)

Section PS3150 *Tangible Capital Assets* will be applicable to local governments for fiscal years beginning on or after January 1, 2009. The City is currently in the process of gathering the information required to be able to comply with this standard. We encourage the continued diligence of the City in this respect.

Segment Disclosures

In January 2006, PSAB approved final Section PS2700, Segment Disclosures, which is applicable to all government. The Section is based on the premise that the activities of a government are so broad and encompass so wide a range of different activities that it is valuable to disclose selected disaggregated financial information about particular segments of a government. Applicable to fiscal years beginning on or after April 1, 2007 (early adoption is encouraged), the Section establishes standards on how to define and disclose those segments in the government's summary financial statements.
