To Member of Planning Committee:

I would like to have the opportunity to appear before planning committee on the 17th of June as a representative of the advisory committee on the environment. 4425-07-0

Over the past six months we have reviewed the last State of the Environment Report. We would like to present a mid-term review of the progress we have made since the report was published and make some recommendations about actions and programs that could be implemented to build on steps that are being made to protect the environment. We would envisage that the presentation would be about 15 minutes.

Yours truly

Evelyn Feller
