STAFF REPORT

ORIGIN

Urban Development is processing a subdivision application known as Fraserwood East, in the Queen Road/Hamilton Road area of east Richmond. The development of this industrial subdivision as a business park is contingent upon the developers dedicating and building a new road through the site. Traffic will thus be diverted away from Dyke Road, which is sub-standard and more rural in nature at this location. It is proposed that the northerly half of Hamilton Road, between Queens Road and Dyke Road, will be exchanged for the new road that is to be created.

Road Exchange Bylaw No. 7241 is presented for consideration at this time. It is suggested that fourth reading and final adoption of the bylaw will be delayed until the subdivision is ready for final approval.

FINDINGS OF FACT

Approximately 1696 square metres of Hamilton Road allowance will be closed and consolidated with the adjacent site to the north. A right of way which protects existing utilities and public rights of access will be registered over the closed portion. The City will receive a road dedication (and newly constructed road) totalling 5845 square metres.

ANALYSIS

The remainder half of Hamilton Road will service existing, undeveloped lots to the south. The northerly portion of Hamilton Road will have a right of way registered over it, protecting existing utilities and public access rights. Its physical attributes will not change.

The northerly half of Hamilton Road, when legally consolidated into the development site, will result in a better configuration of lots in this area of the site, which is encumbered by an existing Hydro right of way. The newly created parcel will only have access to and from the new road.

In addition to the road reconfigurations described above, Queen's Road from Hamilton Road south to Dyke Road, is to be constructed and opened to traffic.

FINANCIAL IMPACT

All costs associated with the exchange will be borne by the developer, including preparation of survey plans and registration costs.

CONCLUSION

If Council concurs with the plans for this area, Road Exchange Bylaw 7241 should be given first, second and third readings at this time.
