RECEIVED

To whom it may concern:

We are in favour of rezoning for Harry

We feel it is unfair that people behind both sides of Harry St. can dictate the future planning for the street, while they in turn are reaping the benefits of the rezoning. Whereby the residents on Harry are being left out in the cold. Quite a few homes on Harry are older and rezoning would improve the appearance of the entire street.

Sincerely
P. Fraser
D. Fraser
