Mr. David Weber,

I am submitting, on behalf of L.A.N.D., a request to add the issue of removing the Garden City Lands from the Agricultural Land Reserve to the Richmond City Council meeting agenda for July 23, 2007.

It is our understanding that the application is still in the early stages of being prepared by the Canada Lands Corporation jointly with the Musqueam First Nations. We wish to present to council some ideas, feelings and concerns for the protection of this property before the application is approved by the City and moved forward to the Agricultural Lands Commission for discussion.

Please feel free to contact me by phone or email to let me know that the issue will be included on the July 23, 2007 Richmond City Council meeting agenda or if you have any questions.

Sincerely,

Vanessa Bell
