Staff Recommendation

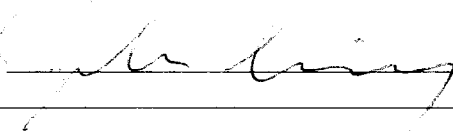

That Bylaw No. 8097, for the rezoning of 10311 Williams Road from "Single-Family Housing District, Subdivision Area E (R1/E)" to "Single-Family Housing District (R1-0.6)", be introduced and given first reading.

Jean Lamontagne
Director of Development

CONCURRENCE OF GENERAL MANAGER

Staff Report

Origin

Vijay Mohan has applied to the City of Richmond for permission to rezone 10311 Williams Road (**Attachment 1**) from Single-Family Housing District, Subdivision Area E (R1/E) to Single-Family Housing District (R1-0.6) in order to create two (2) new single-family lots with an existing lane.

Findings of Fact

Item	Existing	Proposed
Owner	Vijay & Priya Mohan	To be determined
Applicant	Vijay Mohan	No change
Site Size	744 m ² (8,008 m ²)	Two lots each 372 m ² (4,004 ft ²) (Attachment 2)
Land Uses	Single-Family Residential	Two Single-Family Lots
OCP Designation	Low-Density Residential	No change
Zoning	R1/E (18 m or 59 ft. wide)	R1-0.6 (9 m or 30 ft. wide)

Surrounding Development

To the north and south: Single-family dwellings on large lots (typically 18 m wide or wider) and zoned as Single-Family Housing District, Subdivision Area E (R1/E).

To the east and west: Older single-family dwellings on Single-Family Housing District, Subdivision Area E (R1/E) designated lots as well as recently completed single-family dwellings on Single-Family Housing District, Subdivision Area K (R1/K) designated lots.

Related Policies & Studies

Lane Establishment and Arterial Road Redevelopment Policies

The rezoning application complies with the revised Lane Establishment and Arterial Road Development Policies (adopted by Council on June 26, 2006) since it is a single-family residential redevelopment proposal with access to an operational lane. A number of properties in the 10000 and 11000 block of Williams Road are currently in the process of redevelopment. The majority of the lots in these two blocks have similar development potential due to the existing lane system and the Arterial Road Redevelopment Policy.

Staff Comments

A number of similar applications to rezone and subdivide nearby properties to Single-Family Housing District, Subdivision Area K (R1/K) have been approved along Williams Road between No. 4 Road and Shell Road (reference file RZ 01-194842, RZ 01-195817, RZ 01-198983). The application to rezone 10400 Aragon Road (at Williams Road) to Single-Family Housing District (R1-0.6) has been given Third Reading on May 15, 2006 (reference file RZ 06-326332).

Six (6) separate rezoning applications to rezone six (6) other properties on the north side of Williams Road between No. 4 Road and Shell Road to Single-Family Housing District (R1-0.6) have been received.

Landscaping

A tree survey (**Attachment 2**) is submitted and six (6) trees are noted. Only two (2) of the noted trees are considered protected trees as per the Tree Protection Bylaw (No. 8057) – the Pine tree located at the back of the subject site and the Cedar tree located on the adjacent property to the east (10331 Williams Road).

The applicant is proposing to remove the Pine tree on site to accommodate the future driveway. Staff recommend that the applicant plant and maintain a minimum of two (2) trees on site for each bylaw sized tree being removed. The applicant has provided a preliminary landscape plan (**Attachment 3**) prepared by a registered landscape architect, to ensure that the front yards of the future lots will be enhanced. The landscape plan includes the two (2) replacement trees (a Pink Dogwood and a Purple Saucer Magnolia at 6 cm calliper each), two Japanese Maple (at 5 cm calliper), and a combination of shrubs and ground covers. In order to ensure that this work is undertaken, the applicant has agreed to provide a landscape security in the amount of \$4,693 prior to final adoption of the rezoning bylaw.

Since the Cedar tree on the adjacent property to the east is located less than 1 m (3 ft.) from the subject site, a tree protection barrier along the drip line of this Cedar tree must be installed prior to final adoption or demolition of the existing structures on site.

Site Servicing

No servicing concerns with rezoning. At subdivision, the applicant will be required to pay Neighbourhood Improvement Charge (NIC) fees for future lane improvements. The applicant is also required to pay Development Cost Charges (DCCs), Greater Vancouver Sewerage Drainage DCCs, School Site Acquisition Charge, Address Assignment Fee and Servicing costs at the subdivision stage. Vehicular access is to be from lane only, no access to Williams Road.

Analysis

The rezoning application complies with the revised Lane Establishment and Arterial Road Development Policies adopted by Council on June 26, 2006. This is a single-family residential development on an arterial road where an existing municipal lane is fully operational. The future lots will have vehicle access to the laneway with no access being permitted onto Williams Road.

Financial Impact or Economic Impact

None.

Conclusion

The rezoning application complies with all policies and land use designations contained within the Official Community Plan (OCP) and is consistent with the direction of redevelopment currently ongoing in the surrounding area. On this basis, staff support the application.

Attachment 1: Location Map/Aerial Photo
Attachment 2: Proposed Subdivision Layout/Tree Survey
Attachment 3: Preliminary Landscape Plan

The following must be completed prior to final adoption of the rezoning bylaw:

- Submission of a Landscaping Security to the City of Richmond in the amount of \$4,693 for the landscape works as per the landscape plan attached to the report (**Attachment 3**).
- Installation of tree protection barriers along the drip line of the Cedar tree located at the southwest corner of 10331 Williams Road prior to final adoption or demolition of the existing structures on the subject property (10311 Williams Road). Tree protection barriers are required before whichever of these activities occurs first.
