Staff Report

Origin

At the Public Hearing held on February 21, 2005, Council approved 2nd and 3rd readings of Zoning Amendment Bylaw 7884. This bylaw relates to an application by Sandhill Holdings Ltd. and J A B Enterprises Ltd. to rezone 11000, 11020, 11040, 11080, 11100 No. 5 Road and 12000 Steveston Highway, to permit a "Neighbourhood Pub" in addition to all other uses under C6 (Automobile Oriented Commercial District) zoning. At that time, Council also approved a motion that at the onset of the Liquor-Primary application being received by the City for this property, staff shall request Council direction on the applicable procedure, which shall include that:

- i) A survey be conducted as part of the process based on the Public Hearing notification for the rezoning application; and
- ii) A public meeting be conducted for further discussion and input.

Subsequently, Council, at its Regular Meeting held on February 28, 2005, reconsidered part i) of the above motion, resulting in approval of the following amendment (denoted in italics):

- i) a survey be conducted as part of the process based on the Public Hearing notification for the rezoning application *and that the public opinion survey be conducted in relation to pub operations only.*

As the application summary seeking Council's assessment for the proposed neighbourhood pub at 12000 Steveston Highway has now been received from the Liquor Control and Licensing Branch, this report is to seek direction on the process for public input on the above Liquor-Primary application.

Analysis

The Provincial Liquor Control and Licensing Branch (LCLB) issues licences in accordance with the Liquor Control & Licensing Act and Regulations.

The LCLB notifies local governments to give them the opportunity to provide comments and recommendations to the LCLB for certain liquor licence applications and amendments.

For all NEW licences, the provincial liquor licensing process requires the City to provide a resolution with comments about the licence application based on eight criteria outlined in the provincial regulations.

Those eight criteria are:

1. Location of the establishment,
2. Proximity of the establishment to other social or recreational facilities and public buildings,
3. The person capacity and hours of liquor service,

4. The number and market focus or clientele of Liquor-Primary licensed establishments within a reasonable distance of the proposed location,
5. Traffic, noise, parking and zoning,
6. Population, population density and population trends,
7. Relevant socio-economic information,
8. The impact on the community.

In order that the City fulfill the criteria to determine the impact on the community, the Development Applications Fees Bylaw 7276 Part 1.9 clearly outlines what process the City uses to gather the views of the residents. (Attachment 1)

In brief, the applicant must post a sign and place three ads in the newspaper. The City, in turn, sends letters to residents, businesses, and property owners, which are within 100 metres of the establishment. Schedule A of the Bylaw outlines the wording required on the sign, the ads and the wording also forms a part of the letter which is sent to the residents. This process is expensed to the applicant.

Within the Liquor Control and Licensing Act and Regulations other means of acquiring public input could be included such as conducting a public hearing, holding a referendum or any other similar method determined by the local government at the applicant's expense.

On June 23, 2005, the City received the application summary from the Liquor Control and Licensing Branch for the Ironwood Pub, located at 12000 Steveston Highway. (Attachment 2)

The application request is for a Neighbourhood Pub operating Sunday through Thursday 11:00 a.m. to midnight, and Friday and Saturday 11:00 a.m. to 1:00 p.m. The person capacity requested is 155 maximum. This includes an outside patio of 20 persons.

Bylaw 7276 requires the City to follow the process set out by Council. Posting of the sign for thirty days, ads in the local paper, and letters sent to residents, businesses, and property owners within 100 metres of the proposed location, will adequately allow for all residents to provide comment. A sample of the written notice is attached to illustrate what is mailed to the residents/businesses within 100 metres of the Ironwood Pub. (Attachment 3)

As proposed in the minutes of the Public Hearing on February 28, 2005 a survey and public meeting was recommended to receive additional input from the public.

As per the minutes of the Public Hearing the proposed area of notification would be the same as the rezoning area and the purpose of the survey would be to determine the public's views on the operational details of this specific application.

The operational details will include:

- Type of licence
- The days and hours of operation
- The person capacity
- Outside Patio

- Designated smoking area.

The public survey and public meeting notification area will be as shown in Attachment 4, which is the same as the rezoning notification area.

It is proposed that the applicant undertake the public survey and the public meeting with a professional consultant and pay the associated costs. City staff will approve the questions and process prior to the public survey and the public meeting being undertaken.

The results of the liquor survey along with the residents input from the posted sign, the ads and the letters will form part of a report to Council on this specific application. Council's recommendations on the liquor primary application will then be forwarded to LCLB.

Financial Impact

None

Conclusion

The City has received a Liquor-Primary Licence application for the Ironwood Pub at 12000 Steveston Highway. The City has ninety days to provide comment to the Liquor Control and Licensing Branch. Should the City require additional time, a request can be made to the Province.

Staff are seeking direction from Council as to the appropriate means for obtaining public input on this particular application, which would be in addition to the requirements of Bylaw 7276.

2. APPLICANT SUITABILITY INFORMATION (Fit and Proper)

Applicant has met the eligibility and suitability requirements of the Liquor Control and Licensing Act.

3. LOCATION/SITE FACTORS

The following sections are compiled from information provided by the applicant except where indicated otherwise.

The following PID numbers make up a large parcel of vacant land that is currently being consolidated for the new development:

- | | | |
|---|--|---|
| <ul style="list-style-type: none">• 003-484-203• 004-211-057• 013-063-171 | | <ul style="list-style-type: none">• 007-986-092• 001-431-083• 024-665-282 |
|---|--|---|

The proposed site of the liquor primary establishment is currently associated with PID #024-665-282.

Note Upon completion of the land consolidation a new PID number will be assigned. The new PID number pertaining to the liquor primary establishment must be forwarded to the LCLB and reflected in all documents prior to final licensing approval.*

Staff from the City of Richmond has indicated that the liquor primary application will not be considered by Council until the land consolidation for the development is completed.

The proposed Liquor Primary Licence establishment, Ironwood Pub is to provide an upper end Pub/Bistro to fulfill a need and service the large and growing local business/residential community. The Pub/Bistro environment will be used for socializing, entertaining and the local business may use the establishment for business meetings and staff functions.

The proposed site will be part of commercial development, which may also include a Liquor Retail Store and other retail sites.

A LCLB Inspector has noted that the development is at the corner of Steveston Hwy and No. 5 Road and the proposed site for the liquor primary establishment is at the southerly end of the development. The intersection is very busy and is located at the foot of the Massey Tunnel, which is known for accidents.

The LCLB has received correspondence from several concerned citizens about the proposed site location. The concerns raised were the increase of traffic, pedestrian safety, and patrons leaving the establishment and driving while under the influence of alcohol in high traffic areas.

Target Market

We feel there is a demand for service to many of the 11,000 households with a population of over 36,000 people and growing, located in a 4k radius from this location.

We will also service many of the 7000 people that are employed in the Ironwood Plaza and Riverside Business Park located just 2 blocks away

Out target market will also be a portion of the drive by traffic of over 35,000 cars per day running east and west on Steveston Hwy and 12,000 cars running north and south on No.5 per day commuting past this establishment.

We would also be catering to customers and visitors accessing the businesses within the business parks and Ironwood Plaza over 7500 cars daily running north and 5300 south on Coppersmith Place.

We will we be catering to the lunchtime and dinner crowd and we may draw a portion of tourist traffic to and from Fantasy Gardens, Steveston Village etc.

Benefits to the Community

We feel that this Pub/Bistro will fulfill a need and demand at this location to service the large and growing local business/residential community and will provide a convenient upper end Pub/Bistro for socializing, entertaining, lunchtime meetings and staff functions.

Commercial/Residential Light or Heavy Industrial Neighborhoods

Within a 4k radius of our location there are over 9000 houses and 1800 apartments with a population of over 36,000 and a growth rate of 2.78% over the past decade. Within 2 blocks in the Riverside business park there are over 600 businesses employing over 7000 people.

Ironwood Area within a 4k radius

Population 36,147

Plus over 7000 employees within the businesses located in Ironwood Plaza and Riverside Industrial Park

2-liquor primaries

Currently only 1-liquor primary per 18,073 people

Comparing to neighboring communities the Ironwood Area with its recent rapid growth is under serviced in relation to the population and liquor primaries per person.

We believe that there is a large demand and this area will easily support a new Pub/Bistro at this location, with little or no impact to any of the existing liquor primaries - Kingswood Arms Pub and Pioneer Pub.

Liquor-Primary

1. Target Market

Our target market is primarily the white-collar worker, specialized warehouse employee, office worker, clerical staff, retail salesperson and mid to upper level management. Located within the immediate neighborhood businesses in the Ironwood Plaza or one of the many offices, warehouses, industrial buildings and small businesses located in the Riverside business park within 2 blocks, where over 7000 people are employed.

We also expect patronage from many of the 11,000 households and growing number of multi-family homes located with a population of over 36,000 people in a 4k radius.

Our target market will also be a portion of the drive by traffic of over 35,000 cars per day running east and west on Steveston Hwy and 12,000 cars per day running north and south on No.5 commuting past this establishment. We would also be catering to customers and visitors accessing the businesses within the business parks and Ironwood Plaza with over 7500 cars running north and 5300 cars running south per day on Coppersmith Place.

We will be catering to the lunchtime and dinner crowd within this area and we will draw a portion of tourist traffic to and from Fantasy Gardens, Steveston Village etc. This target market would be between 25-60 years of age, with an average yearly income between \$50,000 and \$100,000.

2. Hospitality/Tourism Development Factor

We believe that we will draw a portion of tourist traffic from Fantasy Gardens, traffic to Steveston Village etc. and traffic passing through the busy intersection at No.5 and Steveston Hwy.

3. Benefits to the Community

The benefits to the large and growing local business/residential community will be to provide a convenient upper end Pub/Bistro for socializing, entertaining, lunchtime meetings and staff functions. We will provide an extensive food menu with a comfortable setting with a south facing outdoor patio area.

4. Social Facilities and Public Buildings

There is a Public Library located in the Mall across the street from this establishment. There are no other public or social facilities located near this establishment

5. Traffic in the Vicinity

It is anticipated that this establishment will bring little increase in traffic to the area and have a minimal impact on the traffic flow. There will be little or no impact on the local residents or those driving through the area.

6. Noise in the Community

This establishment is bordered by the highway 99 freeway and located in a primarily commercial and business park area with three residential homes within 250 meters. The noise if any will not affect any businesses or residents.

7. Parking

There will be onsite parking provided as required by the City of Richmond. The premises are in a free standing building in a new commercial development. The city of Richmond has designed and approved access and egress to the premises.

8. Commercial/Residential Light or Heavy Industrial Neighborhoods

Within a 4k radius of our location there are over 9000 houses and 1800 apartments and a population of over 36,000 with a growth rate of 2.78% over the past decade. Within 2 blocks in the Riverside business park there are over 600 businesses employing over 7000 people. These businesses include offices, warehouses, manufacturing, industrial buildings and small and large commercial businesses.

9. Other Licensed Establishments

Kingswood Arms Pub is located 1.4k away north on No.5 road at #9-9371 No.5 Road and the Pioneer Pub is located at #200-1011 No.3 Road 4.0k away northwest.

The Kingwood Arms Pub caters to primarily blue-collar local residents.
Pioneer Pub caters to the local community and businesses.

10. Natural or Manmade Barriers

This Pub/Bistro will be located near the corner on No.5 road and Steveston Hwy. Located directly East is the Highway 99 Freeway, West is the Ironwood mall, South is 2 blocks of industrial park then the Fraser river, and North is No.5 road-a major thoroughfare.

11. Other Factors

We feel that this Pub/Bistro will fulfill a need at this location that will cater to the local business people and employees (over 7000 people) within 2-block radius and the 11,000 homes nearby with little or no impact to any other existing liquor primaries. **See Summary Page**

Sample Resolution Template for a Liquor-Primary or Liquor-Primary Club Licence Application

General Manager,
Liquor Control and Licensing Branch

RE: Application for a liquor-primary licence at: (address of proposed establishment)

At the (council/board) meeting held on (date), the (council/board) passed the following resolution with respect to the application for the above named liquor licence:

“Be it resolved that:

1. The (council/board) (recommends/does not recommend) the issuance of the licence for the following reasons: (detail and explain reasons for recommendation)
2. The (council's/board's) comments on the prescribed considerations are as follows: (see the following page for sample comments for each criterion – a comment on each must be included in the resolution. Where a staff report has been prepared that addresses the criteria this can be used to provide Council's comments provided the staff report is referenced in the resolution and there is a clear statement that Council endorsed the comments in the report.)
 - (a) The location of the establishment (provide comments)
 - (b) The proximity of the establishment to other social or recreational facilities and public buildings (provide comments)
 - (c) The person capacity and hours of liquor service of the establishment (provide comments)
 - (d) The number and market focus or clientele of liquor-primary licence establishments within a reasonable distance of the proposed location (provide comments)
 - (e) Traffic, noise, parking and zoning (provide comments)
 - (f) Population, population density and population trends (provide comments)
 - (g) Relevant socio-economic information (provide comments)
 - (h) The impact on the community if the application is approved (provide comments)
3. The (council's/board's) comments on the views of residents are as follows: (describe the views of residents, the method used to gather the views and provide comments and recommendations with respect to the views. If the views of residents were not gathered, provide reasons).

The undersigned hereby certifies the above resolution to be a true copy of the resolution passed by the (council/board) of (local government/First Nation) on (date).

Sincerely,

(signature)

(name and title of official)

(local government/First Nation)

Note:

- All of the items outlined above in points 1, 2(a) through (h) and 3 must be addressed in the resolution in order for the resolution to comply with section 10 of the Liquor Control and Licensing Regulation.
- Any report presented by an advisory body or sub-committee to the council or board may be attached to the resolution.

ATTACHMENT 3

Sample Resolution Comments for a Liquor-Primary Licence Application

The following are examples that illustrate the type of comments that local government and First Nations might provide to demonstrate they have taken into consideration each of the criterion in reaching their final recommendation. Comments may be a mix of positive, negative and neutral observations relevant to each criterion. The final recommendation is the result of balancing these 'pros and cons'.

The list is not intended to illustrate every possible comment as the variations are endless, given the wide range of applications and local circumstances.

It is important that the resolution include the comment and not refer to a staff report, as the general manager cannot suppose that the local government considered all the criteria unless comment on each criterion is specifically addressed in the resolution itself.

Local government or First Nation staff may wish to contact the Liquor Control and Licensing Branch for assistance on drafting the content of a resolution before it is presented to local government or First Nation to avoid resolutions that do not comply with the regulations.

(a) The location of the establishment:

The location is in a commercial area that is removed from nearby residences and is suitable for a late night entertainment venue where some street noise at closing time can be anticipated.

(b) The proximity of the establishment to other social or recreational facilities and public buildings:

The only nearby social, recreational and public buildings do not conflict with the operation of a late night entertainment venue.

– or –

The proposed location is across a lane from a church with an attached retirement facility and church hall routinely used for youth group gatherings. The proximity of the proposed establishment is not considered compatible with the existing facilities.

(c) The person capacity and hours of liquor service of the establishment

The maximum person capacity of 250 with closing hours of 2:00 a.m. Tuesday through Saturday and midnight on Sunday is acceptable. A larger capacity or later hours is not supported given the few number of police on duty at that time.

(d) The number and market focus or clientele of liquor-primary licence establishments within a reasonable distance of the proposed location:

The existing establishments are large public house establishments that focus on exotic entertainment or are nightclubs that attract patrons 19 to 25 years of age. The proposed establishment is a small local pub style facility with an extensive menu and is designed to appeal to couples wanting a quiet adult venue for socializing in their community. There are no other (or few other) facilities with a similar focus.

(e) Traffic, noise, parking and zoning:

The establishment is not expected to negatively affect traffic patterns and noise is not expected to be an issue because [of the small size and early hours] – or – [the applicant has agreed to various noise baffling strategies to ensure the neighbours are not disturbed by late night music]. The applicant has met the requirements of the zoning bylaw with regard to road access and parking. Council has passed a bylaw rezoning the property and a Development Permit permitting the use.

(f) Population, population density and population trends:

The population for the community at 25,000 and 15,000 within a mile of the establishment with a growth rate of 3% supports the growth in the number of licensed establishments.

(g) Relevant socio-economic information:

The contravention rates for surrounding establishments is less than the provincial average and does not indicate a problem with over-proliferation of licensed establishments in the community. The community has an unemployment and income assistance rate that is lower than the provincial average and a growing tourism industry based on expanding hunting and skiing lodges in the area and an increase in scheduled bus tours through the mountain passes.

(h) The impact on the community if the application is approved:

If the application is approved, the impact is expected to be positive in that it will support the growth in tourism and offer a new social venue for residents.

The Council's comments on the views of residents are as follows:

The views of residents within a half mile* of the proposed establishment were gathered by way of *written comments that were received in response to a public notice posted at the site and newspaper advertisements placed in two consecutive editions of the local newspaper. Residents were given 30 days from the date of the first newspaper advertisement to provide their written views. Residents were also given an opportunity to provide comments at the public meeting of Council held on March 18, 200X.

A total of 63 responses were received from businesses and residents. Of the responses received, 21 were in support of the application citing the creation of additional jobs and a new entertainment venue for the area as their primary reasons. A total of 42 letters were received in opposition to the application. The primary reason cited by those in opposition was the proposed closing hours of 4 am. A number of business residents in the area also cited the lack of parking as an area of concern.

The following three examples illustrate ways Council may complete their comments on the views of residents based upon the preceding fact pattern.

1. Council agrees that a 4 am closing time for this establishment would not be appropriate and therefore recommends that the establishment have a closing time of 2 am to be consistent with the other licensed establishments in the area. Council does not agree with the parking concerns raised by some of the local businesses as the proposed establishment's peak operating hours will be after the surrounding businesses have closed.

Council recommends that a liquor licence be issued with hours of operation ceasing at 2 am. Council believes that the majority of residents in the area support the issuance of the licence provided the closing hours are no later than 2 am. The establishment will create new jobs and provide a new entertainment venue that is needed in this area.

- or -

2. There are 6450 residents within the half mile radius of the proposed establishment. Notwithstanding that there is a two to one ratio of opposed residents to residents that support the application Council is of the view that the 42 residents who are in opposition represent a small proportion of the overall population that may be affected by this establishment. Council also notes that frequently only residents who oppose a proposal are the ones that respond; consequently Council is of the view that the rest of the residents are not opposed to issuance of a liquor licence for this establishment.

Council recommends that a liquor licence be issued with hours of operation ceasing at 4 am. Council believes that the majority of residents in the area support the issuance of the licence. The establishment will create new jobs and provide a new entertainment venue that is needed in this area.

- or -

3. Based upon the input received by residents within a half mile of the proposed establishment there is a two to one ratio of opposed residents to residents that support the application. The opposition to this establishment comes from both homeowners and businesses. Council is of the view that with both the residential and business communities' opposition to this proposed establishment that the issuance of a licence for this establishment would be contrary to the community standard for this area.

Despite the potential creation of additional jobs and a new entertainment venue for the area Council is unable to support the issuance of a liquor licence for this establishment. Council recommends that a licence not be issued.

* The local government or First Nation determines the appropriate area to be included and the method for gathering those views.

Dear Occupant:

Re: Notice of New Liquor Licence Application in Your Neighbourhood

This notice serves to advise you of an application received by the Liquor Control and Licensing Branch and by the City of Richmond for a new liquor licence in your neighbourhood.

An application has been received from:

717229 BC Ltd operating Ironwood Pub, located at 12000 Steveston Hwy

The intent of the application is to: **operate a pub Sundays through Thursdays from 11:00 am to midnight, and on Fridays and Saturdays from 11:00 am to 1:00 am.**

The capacity of the pub will be 155 persons maximum (inside and outside). The outside patio will seat 20 persons. A designated smoking room is also being requested.

You are receiving this notice because you own property, own a business, or reside near the establishment that is applying for a new liquor licence.

You may comment on this application by writing to:

**CITY OF RICHMOND
PERMITS SECTION
LIQUOR LICENCE APPLICATIONS
6911 NO. 3 Rd
RICHMOND BC V6Y 2C1**

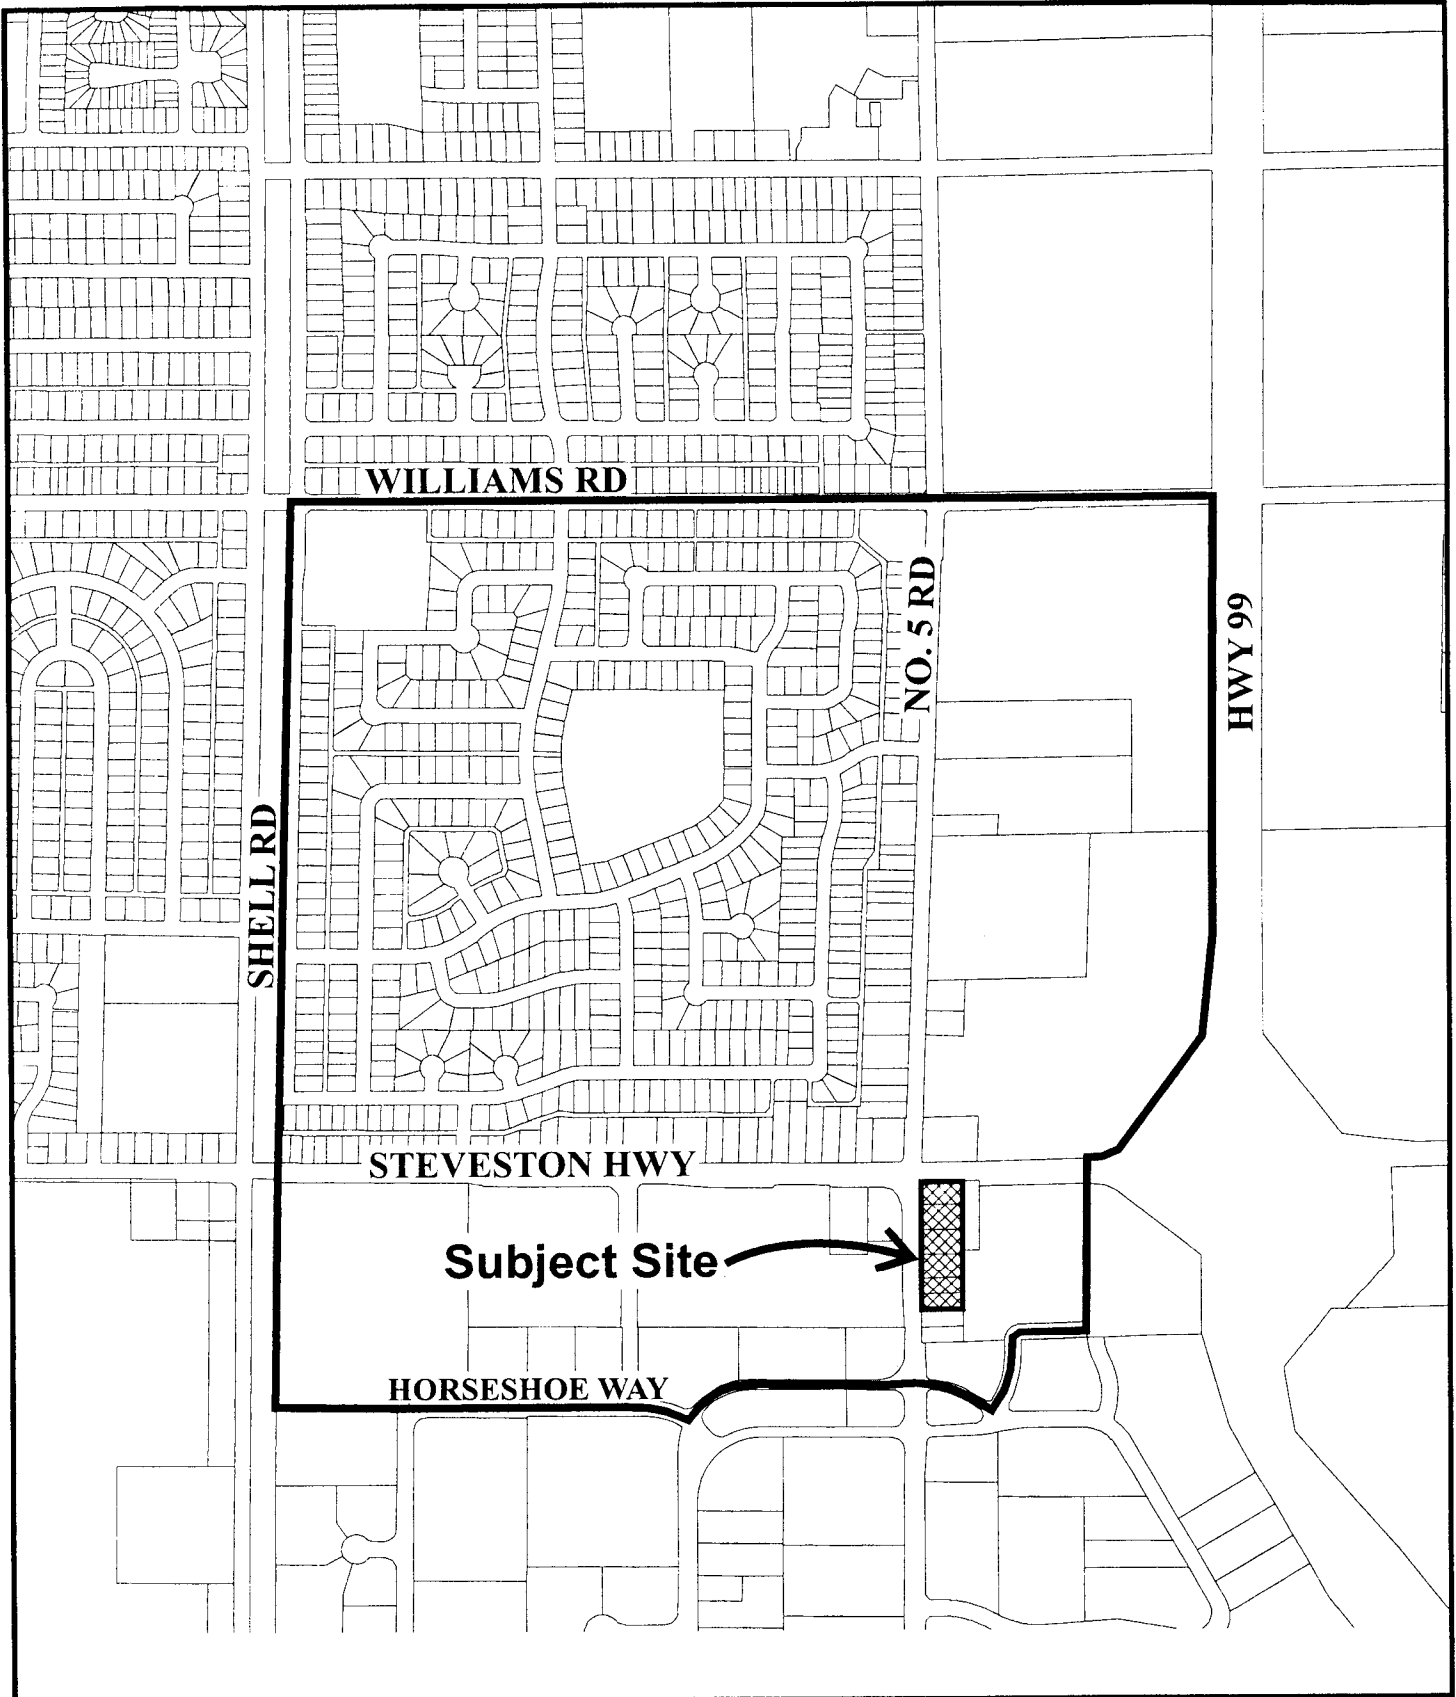

To ensure the consideration of your views, your letter must be received on or before **Expiry Date**. Your name and address must be included on your letter.

Please note that your comments may be made available to the applicant where disclosure is necessary to administer the licensing process.

If you have further questions on this matter, please contact me at 604-276-4273.

Yours truly,

Anne Stevens
Manager, Customer Services
