Dear Mr. Mc Kenna:

I wish to address the city council on the following items on Monday, August 26 at the 7:00 p.m. council meeting.

1. Credit cards for four hundred city staff members. When the Honourable Phill Gaglardi was a member of Kamloops city council he was not allowed to have a city credit card.
2. No smoking area at the Fall Ships Event and the lack of tea for volunteers.
3. The trimmings of the trees on the 5000 block on No. 1 Road between River Rd. and Westminster Hwy. and the grass are plugging up the drains. I telephoned the city hall several times about this. The city is creating unnecessary jobs for people who clean the drains.
4. Lights at the city hall and firehalls. I offered one hundred dollars to the firemen years ago to start a fund which would involve each fireman putting a dollar in a pot for leaving on outside lights at the firehall during the day, but

The firemen did not agree to this. The money would have been given to the Muscular Dystrophy Fund.

5. Putting three steel cables on the posts at the end of No. 1 Rd. Recently two cars hit the post.

I thank you very much for your consideration. My telephone number is 614-278-2252.

Yours sincerely,

N. Wrigglesworth
