Staff Report

Origin
Dereck Hamada has applied to the City of Richmond for permission to rezone 5520 Cantrell Road (**Attachment 1**) from Two-Family Housing District (R5) to Single-Family Housing District, Subdivision Area B (R1/B)(minimum width 12 m or 39 ft) in order to permit the existing duplex to be subdivided into two (2) single-family residential lots.

Findings of Fact
A Development Application Data Sheet providing details about the development proposal is contained in **Attachment 2**.

Surrounding Development
To the North: Newer character dwellings on R1/E zoned lots;
To the East: Two (2) newly created residential lots zoned R1/B;
To the South: Single-family dwellings fronting Francis Road; and
To the West: An existing duplex zoned R5.

Related Policies & Studies
Lot Size Policy 5453 (Adopted by Council in 1993; Amended in 2003)(**Attachment 3**) permits subdivision of existing duplexes to R1/B size lots. As the subject property contains an existing duplex (zoned R5) and meets all the minimum R1/B lot requirements (12 m width; 24 m depth and 360 m²), the proposal complies with the existing policy.

Staff Comments
No rezoning requirements have been identified through the technical review of the proposal. At future subdivision, Neighbourhood Improvement Charge fees along with standard servicing and connection costs will be assessed. An existing restrictive covenant limiting the property to a two-family dwelling only will need to be discharged at subdivision stage as well.

Analysis
The proposal to rezone and subdivide the existing duplex into two (2) single-family residential lots is consistent with Lot Size Policy 5453, which permits subdivision of duplexes to R1/B size lots. The lot to the immediate east received approval to rezone to R1/B and was recently subdivided based on this Lot Size Policy. Within the quarter-section containing Lot Size Policy 5453, there are a number of lots identified as having subdivision potential, based on the grounds that those properties contain existing duplexes. Therefore, more rezoning and subdivision applications for the remaining duplex lots in the Lot Size Policy area can be expected in the future.
Conclusion
Staff support the application to rezone 5520 Cantrell Road as it complies with all land use designations and established policies for the area.
