Analysis	<ul style="list-style-type: none">• The application complies with the single-family land use designation contained in the Steveston Area Plan and also adheres to the existing Lot Size Policy (5470), which permit subdivision to R1/A.• Based on these planning designations and policies, the area contained within Dunfell Road, Duncliffe Road and Dunford Road has experienced a significant amount of residential redevelopment in the form of residential subdivisions.• Properties to the immediate west have already rezoned and subdivided with construction currently underway.• The proposal to rezone the subject property to permit a subdivision into two (2) single-family residential lots is consistent with the redevelopment direction already undertaken in this neighbourhood.
