Mayor Malcolm Brodie and Councillors,
City of Richmond

2015-20-01-2005

Dear Mayor Brodie and Councillors,

I was very pleased that the Richmond City Council last year agreed to allow free parking on city streets in November for automobiles with veterans licence plates.

In the lower mainland New Westminster, White Rock, Coquitlam and Burnaby allow free parking all year round for automobiles with veterans licence plates. This is also true in Whitehorse and Penticton. I would strongly recommend that automobiles with veterans licence plates be allowed to park on city streets in Richmond all year round.

I would be very pleased if there were two parking spots at the city hall designated for automobiles with veterans licence plates and if there were special signs on the parking spots.

I would be pleased if I could speak at the next city council meeting on these two topics.

Thank you very much for your consideration.

Yours sincerely, N. WRIGGLESWORTH

N Wrigglesworth
