STAFF REPORT**ORIGIN**

Elegant Development Inc. and Harry & Louise Nelson have made an application for rezoning at 4520 Garry Street (formerly 11720 Dunford Road) and 11740 Dunford Road (as shown in **Attachment 1**) from Single-Family Housing District, Subdivision Area E (R1/E) to Single-Family Housing District, Subdivision Area A (R1/A). The applicant's intent is to provide for possible subdivision of each of the two properties into two R1/A lots thereby creating a total of four single family lots.

It should be noted that the property at 4520 Garry Street has recently undergone an address change from 11720 Dunford Road.

RELATED POLICIES & STUDIES

Single Family Lot Size Policy

A Single-Family Lot Size Policy (Policy No. 5458 adopted March 20, 1995 and shown in **Attachment 2**) applies to the subject properties. This Policy makes provision for lots along Dunford Road, Dunavon Place and portions of Dunfell and Duncliff Roads to subdivide to Single Family Housing District, Subdivision Area A (R1/A). The two subject properties fall within the area permitted to subdivide to R1/A under the Policy.

STAFF COMMENTS

Transportation

No land or right of way acquisition required.

Policy Planning

The proposed rezoning and future subdivision both conform to the existing Single Family Lot Size Policy No. 5458 that applies to the area. Site dimensions meet the R1/A zoning criteria. No objections to the proposed rezoning.

Development Applications/Engineering

No Servicing Agreements are required as both frontages have been recently completed. A covenant is needed, requiring a Latecomer Charge payable at the time of subdivision and equivalent to the Neighbourhood Improvement Charge (NIC) for works already constructed on Dunford Road.

There has been staff discussion regarding the possibility of requiring a 3m Public Rights of Passage (PROP) corridor along the east edge of this site for possible future lane access for Garry Street properties that may redevelop. Staff believe this is premature and unnecessarily onerous on this developer. Staff are recommending that a PROP right of way not be requested.

With future subdivision, Neighbourhood Improvement Charges will be required for the entire Dunford frontage works at the current rate. Also with future subdivision, a covenant will be required for the new corner lot created from 4520 Garry Street to restrict driveway access to

Dunford Road and to ensure that the corner lot driveway is located at the new lot's southern property edge.

ANALYSIS

- The rezoning proposal is consistent with the existing Single Family Lot Size Policy No. 5458.
- Staff have reviewed the necessity of requiring a public rights of passage corridor along the east edge of the properties but determined this to be unwarranted upon these two lots.
- A restrictive covenant is proposed at subdivision stage as a means of restricting driveway accesses to Dunford Road rather than Garry Street.
- No neighbourhood concerns have been received by staff to date.

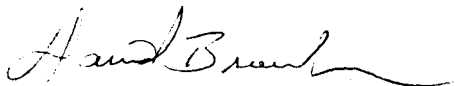

On the basis of the above analysis, **staff are recommending that Council approve the proposed rezoning.**

FINANCIAL IMPACT

Latecomer fees are anticipated with the future subdivision.

CONCLUSION

Staff support the proposed rezoning and anticipated subdivision given that the proposal is in compliance with the existing Single Family Lot Size Policy.
