Staff Report

Origin

Ho Yeen Tsang has applied to the City of Richmond for permission to rezone 11251 Williams Road (**Attachment 1**) from Single-Family Housing District, Subdivision Area E (R1/E) to Single-Family Housing District (R1-0.6) in order to create two (2) new single-family lots with an existing lane.

Findings of Fact

Item	Existing	Proposed
Owner	Ho Yeen Tsang	To be determined
Applicant	Ho Yeen Tsang	No change
Site Size	650 m ² (6,996 m ²)	Two lots each 325 m ² (3,498 ft ²) (Attachment 2)
Land Uses	Single-Family Residential	Two Single-Family Lots
OCP Designation	Low-Density Residential	No change
Zoning	R1/E (18 m or 59 ft. wide)	R1-0.6 (9 m or 30 ft. wide)

Surrounding Development

To the north and south: Single-family dwellings on large lots (typically 18 m wide or wider) and zoned as Single-Family Housing District, Subdivision Area E (R1/E).

To the east and west: Older single-family dwellings on Single-Family Housing District, Subdivision Area E (R1/E) zoned lots as well as recently completed single-family dwellings on Single-Family Housing District, Subdivision Area K (R1/K) zoned lots.

Related Policies & Studies

Lane Establishment and Arterial Road Redevelopment Policies

The rezoning application complies with the revised Lane Establishment and Arterial Road Development Policies (adopted by Council on June 26, 2006) since it is a single-family residential redevelopment proposal with access to an operational lane. A number of properties in the 10000 and 11000 block of Williams Road are currently in the process of redevelopment. The majority of the lots in these two (2) blocks have similar development potential due to the existing lane system and the Arterial Road Redevelopment Policy.

Staff Comments

A number of similar applications to rezone and subdivide nearby properties to Single-Family Housing District, Subdivision Area K (R1/K) have been approved along Williams Road between Shell Road and No. 5 Road (reference file RZ 02-199174, RZ 01-197785, RZ 01-197729, RZ 01-196031, RZ 01-114608). The application to rezone 9980 Shell Road (at Williams Road) to Single-Family Housing District (R1-0.6) has been given First Reading on July 24, 2006 (reference file RZ 06-328581). Four (4) separate rezoning applications to rezone four (4) other properties on the north side of Williams Road between Shell Road and No. 5 Road to Single-Family Housing District (R1-0.6) have been received.

Landscaping

A tree survey (**Attachment 2**) is submitted; three (3) trees and eight (8) tree stumps along the west property line are noted. It is staff's impression that the trees along the west property line were removed prior to the adoption of the Interim Tree Protection Bylaw in December 2005 since there are no trees along the west property line are shown in the 2005 Aerial Photo.

Only two (2) of the noted trees are considered protected trees as per Tree Protection Bylaw (No. 8057). The applicant is proposing to remove both of the bylaw-sized trees to accommodate the future single-family dwelling and is proposing to plant and maintain on site four (4) replacement trees - two (2) Dogwood trees at 6 cm calliper and tow (2) Magnolia trees at 8 cm calliper. The proposed number and size of the replacement trees are in accordance with the requirements of the Tree Protection Bylaw.

The applicant has provided a preliminary landscape plan (**Attachment 3**), prepared by a registered landscape architect, to ensure that the front yards of the future lots will be enhanced. The landscape plan includes the four (4) replacement trees as noted above, two (2) Japanese Maple trees at 5 cm calliper and a combination of shrubs and ground covers. In order to ensure that this work is undertaken, the applicant has agreed to provide a landscape security in the amount of \$5,580 prior to final adoption of the rezoning bylaw.

Site Servicing

No servicing concerns with rezoning. At subdivision, the applicant will be required to pay Neighbourhood Improvement Charge (NIC) fees for future lane improvements. The applicant is also required to pay Development Cost Charges (DCCs), Greater Vancouver Sewerage Drainage DCCs, School Site Acquisition Charge, Address Assignment Fee and Servicing costs at the subdivision stage.

Analysis

The rezoning application complies with the revised Lane Establishment and Arterial Road Development Policies adopted by Council on June 26, 2006. This is a single-family residential development on an arterial road where an existing municipal lane is fully operational. The future lots will have vehicle access to the laneway with no access being permitted onto Williams Road.

Financial Impact or Economic Impact

None.

Conclusion

The rezoning application complies with all policies and land use designations contained within the Official Community Plan (OCP) and is consistent with the direction of redevelopment currently ongoing in the surrounding area. On this basis, staff support the application.

Survey Response

Your Name:	Barbara and Clifford Turner

Comments:	Our concern is that it is necessary to put proper drainage at the back of their property so that the water doesn't flow off their property and into our driveway. Our driveway is on a downslope. Also if our grass outside our fence is torn up by the construction we would like it replaced. We had the same problem with the houses next to this address when they were building them. Thank you very much.
