3. **APPLICATION BY AZURE (JIMMY'S GARDEN) DEVELOPMENTS CO. LTD. FOR REZONING AT 9040 AND 9060 GENERAL CURRIE ROAD FROM SINGLE-FAMILY HOUSING DISTRICT, SUBDIVISION AREA F (R1/F) TO COMPREHENSIVE DEVELOPMENT DISTRICT (CD/120)**

(RZ 02-209468 - Report: Sept. 25/02, File No.: 8060-20-7440) (REDMS No. 864004, 866514, 866511)

The Manager, Development Applications, Joe Erceg, briefly reviewed the report. Jenny Beran, Planner, was also present.

In response to questions, Ms. Beran said that a consultant had been hired to assist the City with a study that will determine when, and in what form, Indoor Multiple Family Residential Amenity Space should be provided. Ms. Beran confirmed that although this project would proceed without benefit of the results of the study, it was not the first project in the area to do so.

In addition, Mr. Erceg said that the applicant had agreed to contribute to the proposed McLennan South neighbourhood park in lieu of providing amenity space, a process that is consistent with previous developments in the area and also some City Centre developments.

It was moved and seconded

That Bylaw No. 7440, for the rezoning of 9040 & 9060 General Currie Road from "Single-Family Housing District, Subdivision Area F (R1/F)" to "Comprehensive Development District (CD/120)" and to amend Comprehensive Development District (CD/120) to increase the Maximum Lot Size, be introduced and given first reading.

Mr. Patrick Cotter, architect, said that when the issues of the Committee were looked at in conjunction with their own plans, an opportunity was seen to create a win/win situation with increased density that also provided a bonus for the eventual homeowner. On a broader scale, the introduction of a zone and form of development that fits in as well as providing an option as land becomes more of a premium which accomplishes a number different goals.

In response to questions Mr. Cotter said that brisk activity for this type of development was evident in Delta; and, that in the Ladner Village area of Delta, specific design criteria was applied to this form of development to achieve a heritage flavour in response to the Heritage Building Inventory.

It was moved and seconded

That Bylaw No. 7441 for the establishment of a new zone, "Coach House District (R/9)" and for the rezoning of 8411 Steveston Highway from "Single-Family Housing District, Subdivision Area E (R1/E)" to "Coach House District (R/9)" be introduced and given first reading.

5. **RIVERPORT AREA PLAN – PRELIMINARY WORK PROGRAM**
(Report: October 17/02, File No.: 4045-01) (REDMS No. 881759)

The Manager, Policy Planning, Terry Crowe, reviewed the report. Janet Lee, Planner, was also present.

A discussion then ensued which included the following:

- the benefit of including the area plan in the 2003 Work Plan as a consultant aid project as opposed to having staff do the Plan;
- debate on the priority level of the project. Mr. Crowe gave advice that if the project was undertaken without consultant assistance it would result in a further delay of three to six months for other projects which was of concern due to the length of time the development process currently requires;
- definition of the area involved and discussion on extending the study area boundaries to include Blundell Road and Fraser Port land. Mr. Crowe provided the information that the Fraser Port Land Use Plan identified no residential uses for its land, which was necessary due to its Letters Patent;

Planning Committee

Tuesday, October 22, 2002

- ⊗ that a more favourable option would be to fill the vacant Planner position which would combine the need for this project with other needs within the Planning Department; eg. social planning, City Centre planning and Land Use planning;
- ⊗ the need to clarify the City's intent regarding development in the area.

Cllr. Steves renounced his vote supporting the preparation of an area plan, with the note that he would do so at Council if required, as he believed that the Area Plan was unnecessary.
