Staff Report

Origin

Mr. Gurmej Bains has made application to rezone property located at 11800/11820 Montego Street (**Attachment 1**) from Single-Family Housing District, Subdivision Area E (R1/E) to Single-Family Housing District, Subdivision Area B (R1/B) in order to facilitate subdivision into two (2) single-family lots (**Attachment 2**). The proposed subdivision is consistent with *Single-Family Lot Size Policy 5454*.

Findings of Fact

Item	Existing (R1/E Zone)	Required (R1/B Zone)	Proposed
Minimum Frontage	28.35 m	6.0 m	14.18 m
Minimum Width	28.35 m	12.0 m	14.18 m
Minimum Depth	40.23 m	24.0 m	40.23 m
Minimum Area	1140 m ²	360 m ²	570 m ²

Surrounding Development

Single-Family residential exists on all sides of the subject property.

Related Policies & Studies

- The subject property is located within the East Cambie Planning Area and is consistent with the general objectives of the Plan.
- The proposed subdivision is consistent with Single Family Lot Size Policy 5454, which permits properties with duplexes to subdivide into a maximum of two (2) lots (**Attachment 3**).

Staff Comments

No significant concerns have been identified through the technical review. However, at future subdivision, the developer will pay Neighbourhood Improvement Charges (NICs) for all items but storm sewer.

Analysis

Two (2) properties in the subject block rezoned in 1993 and 1994 to Single-Family Housing District, Subdivision Area B (R1/B) and subsequently each subdivided into two (2) parcels. Two (2) properties within the subject residential block are currently zoned Two-Family Housing District (R5) and have the potential to apply for a similar rezoning. The balance of properties are zoned Single-Family Housing District, Subdivision Area E (R1/E).

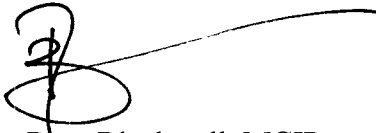

- The subject property is located within an established, predominantly single-family neighbourhood comprised of mixed-age housing stock (**Attachment 4**).
- The proposed rezoning and subdivision conforms to the general character of the adjacent properties and existing neighbourhood overall.
- No net increase in neighbourhood density would occur as a result of the subject proposal; consequently there are no implications for existing utilities/services.
- The property is located within 2015 Noise Exposure Forecast (NEF) Contours and as such will require registration of a NEF Covenant. The applicant has acknowledged this requirement (**Attachment 5**).
- Ministry of Transportation approval will be required prior to final reading of this application.
- The applicant chose not to take advantage of the “fast-track” option.

Financial Impact or Economic Impact

None.

Conclusion

The proposal conforms to Single-Family Lot Size Policy 5454. Furthermore, the subdivision phase will facilitate development of a single-family housing form that will complement this established single-family neighbourhood. On this basis, staff recommends that the proposed rezoning application be approved.
