Application	RZ 05-315343
Location	3831 Lockhart Road (Attachment 1)
Owner	Kooner, Ranjit Kaur and Ramandeep Singh
Applicant	Raman Kooner

Date Received	October 7, 2005
Acknowledgement Letter	October 12, 2005
Fast Track Compliance	October 26, 2005
Staff Report	October 27, 2005
Planning Committee	November 22, 2005
Site Size	1157 m ² ±
Land Uses	Existing – Residential, single- family dwelling Proposed – Two (2) single-family lots, each approximately 578.5± m ² in area and 12.19 m in width, each accommodating a single-family dwelling unit. (Attachment 2)
Zoning	Existing – Single-Family Housing District, Subdivision Area E (R1/E) Proposed – Single-Family Housing District, Subdivision Area B (R1/B)
Planning Designations	OCP Specific Land Use Map: Low-Density Residential Area or Sub-Area Plan: None applicable Lot Size Policy 5447: Permits subdivision to Single-Family Housing District, Subdivision Area B (R1/B) zoning (Attachment 3) <i>Application conforms with applicable designations and policy.</i>
Surrounding Development	To the north: R1/B, R5 and R1/E lots fronting onto Granville Avenue. To the east, south and west: Lots adjacent to and facing the subject property along Lockhart Road are predominantly a mix of R1/E and R1/B single-family and two-family residential lots. (Attachment 4)

<p>Staff Comments</p>	<p>Two (2) mature trees were noted on site; a site survey conducted on October 19, 2005 determined that the trees have been severely pruned back due to overhead utility lines. The trees are expected to be removed as they fall within the pathways of future proposed driveways on the site. Staff recommend that the applicant plant and maintain a minimum of four (4) trees on the subject property prior to subdivision or two (2) trees per lot following subdivision. The applicant has indicated his agreement to this recommendation (Attachment 5). Engineering supports the rezoning application, noting that full (including storm) Neighbourhood Improvement Charge (NIC) fees will apply, based on lot frontage. Transportation Department has indicated that driveway designs must comply with City Bylaw No. 7222, which includes requirements for the pairing of driveways with a minimum spacing of 1 m in between to accommodate street parking and driveway widths of 4 m. Sufficient setback of any garage doors proposed at the south end of the property will be required in order to provide clear sightlines and adequate space on the property to allow for safe exit and entry of vehicles to the street.</p>
<p>Analysis</p>	<p>The subject property is situated within an area that has a strong precedence of R1/B development created from original R1/E zoned lots. This type of development is well established in the area, as the majority of the immediate R1/B product was created between 1992 and 1997.</p>
<p>Attachments</p>	<p>Attachment 1: Site Location Map Attachment 2: Proposed Subdivision Plan Attachment 3: Lot Size Policy 5447 Attachment 4: Surrounding Development/Zoning Attachment 5: Letter from applicant</p>
<p>Recommendation</p>	<p>Staff recommends support of the rezoning application, as it complies with all applicable land use designations and policies, and is consistent with the redevelopment pattern in the surrounding area.</p>
