### REPORT TO COUNCIL

**TO:** Richmond City Council

Chief Election Officer

**DATE:** November 18, 2002  
**FILE:** 8125-30-01

**RE: 2002 General Local & School Election – Official Results**

---

#### STAFF RECOMMENDATION

That the Declaration of Official Results of the 2002 General Local & School Election (attached to the report dated November 18<sup>th</sup>, 2002, from the Chief Election Officer), be received for information, in accordance with the requirements of Section 148 of the *Local Government Act*.

J. Richard McKenna  
Chief Election Officer

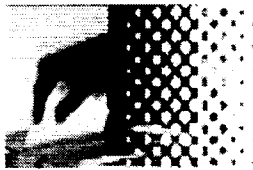

Att. 1

#### STAFF REPORT

The election held on Saturday, November 16<sup>th</sup>, 2002, was the fifth using the automated counting system. Again, voter satisfaction of the system was very high, especially because accidentally overvoted ballots were returned to the voter for correction. All of the results were available at City Hall by approximately 8:30 p.m. on election night.

Again this year, the City web site was used as the primary means to report the results of the election. Because the data from the vote counting units was electronically compiled and uploaded directly to the web site, the results were made simultaneously available to the media and the community at large in the shortest possible time frame.

Attached are the overall election results, together with a "poll by poll" breakdown for each candidate for each office. A total of 26,528 people voted, which compares with 23,727 at the by-election in 2001, 22,602 for the General Local Election in 1999, 20,730 in 1996 and 19,572 in 1993. The voter turnout for this election, including the calculation for New Registrations, was 33.65%.
