Dear Sir :

**Re: Delegation to November 25, 2003 meeting**

The East Richmond Community Association would like to make a presentation to the above meeting on the Healthy Community Project in East Richmond.

We would like to take this opportunity to provide the committee with a brief overview together with the status of the project to date.

The two representatives from the East Richmond Community association would be myself and Balwant Sanghera, Vice Chair.

Yours truly,

*N.A. Wright*
