Staff Report

Origin

Bob Kooner has applied to the City of Richmond for permission to rezone 6431/6451 Chatsworth Road (**Attachment 1**) from Two-Family Housing District (R5) to Single-Family Housing District, Subdivision Area B (R1/B) in order to replace the existing two-family dwelling with two single-family residential lots.

Findings of Fact

Item	Existing	Proposed
Owner	Kwong Y Tseng	To be determined
Applicant	Bob Kooner	No change
Site Size	One lot approx 1127 m ² (12,131 ft ²)	Two lots approx 563.5 m ² (6065.6 ft ²)
Land Uses	Two-Family Dwelling	Two Single Family Residential Lots
OCP Designation	Neighbourhood Residential	No change
702 Policy Designation	R1/E except duplexes can subdivide into two lots	No change
Zoning	R5	R1/B

Surrounding Development

The area surrounding the subject lot is entirely single family. There has been some redevelopment along the edges of this neighbourhood for smaller lot single family lots (No. 2 Road, Blundell, Gilbert and Granville).

Related Policies & Studies

Lot Size Policy

The Lot Size Policy for this area, which was adopted in 1989 (**Attachment 2**), restricts lot sizes to R1/E (18m or 59 feet wide) however the policy identifies two duplexes lots which are permitted to subdivide into two lots. The subject lot is one of the two highlighted lots having potential to subdivide.

Analysis

The City has made a practice of supporting the rezoning of older duplex lots (approx 700 still existing throughout the City). The lots which result from these rezoning and subdivision applications are generally 12m or 40 feet wide. Many Lot Size Policies also specifically permit these rezonings/subdivisions.

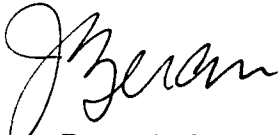

The proposal is in accordance with the Lot Size Policy for the area. The lots have the potential to orient themselves either on Chatsworth Road or Chelmsford Street. This will be addressed at the time of subdivision (as will the fact that the two family dwelling covenant registered on the title of the property should be discharged). Staff have no concerns about the proposal.

Financial Impact

None.

Conclusion

The proposal is to subdivide a duplex lot into two lots 15m to 18m (50 to 60 feet) wide (depending on the orientation). Staff is supportive of the proposal as it is consistent with past City practice and the Lot Size Policy for the area.
