Staff Report

Origin

This report supports Council's 2014-2018 Term Goal #2 A Vibrant, Active and Connected City:

Continue the development and implementation of an excellent and accessible system of programs, services, and public spaces that reflect Richmond's demographics, rich heritage, diverse needs, and unique opportunities, and that facilitate active, caring, and connected communities.

This report also supports the Social Development Strategy Action 39:

Administer, monitor and enhance the City Grant Program, undertaking reviews as required to ensure that the program continues to have adequate resources, targets priority community needs and makes efficient use of staff resources.

Findings of Fact

2018 Health, Social and Safety Grant Budget

The 2018 Health, Social and Safety (HSS) Grant Budget is \$601,444. This total includes a 2.1% Cost of Living increase over last year's budget, as per the City Grant Policy (3712).

Notice Given and Applications Received

On October 10, 2017, a call for applications for the 2018 Health, Social and Safety Grants was posted on the City's website and promoted through social media channels and news releases. The notice was circulated to the Richmond Community Services Advisory Committee as well as by request to other non-profit societies.

In the HSS category, a total of 32 applications were received for a total request of \$774,832. A table outlining requests and recommended 2018 allocations is provided in Attachment 1. A summary of each application is provided in Attachment 2, generated directly from application information provided in the web-based system. As summary contents are taken verbatim from the applicants' submissions, they will replicate any errors or omissions made by the applicant. Staff recommendations and comments are also included in each summary.

As indicated in the HSS Grant Program Guidelines (Attachment 3), all proposals must demonstrate that primarily Richmond residents will be served by the proposed grant use. While some applicants serve wider geographic areas (e.g. Family Services of Greater Vancouver; Canadian Mental Health Association, Vancouver-Burnaby Branch), all recommended grants support primarily Richmond residents.

Late Applications

As the City Grant Policy indicates that no late applications will be accepted, the web-based system is closed to submissions after the deadline. No post-deadline requests to submit were received.

New Applications

Two applications were received from organizations that had not previously applied for a Health, Social and Safety Grants: the Crisis Intervention and Suicide Prevention Centre of BC and the West Richmond Community Association (WRCA).

Application Review Process

A HSS Grant Review Committee, consisting of staff from the Community Services Division, reviewed the 2018 HSS applications. Recommended allocations were determined by the committee rather than individual reviewers. Assessment criteria outlined in the HSS Grant Program Guidelines, Sections 4 (Eligibility) and 5 (Application Assessment Criteria) (Attachment 3) were used to determine eligibility and assess applications.

Reasons for Partial or No Funding

Most applicants (70%) are recommended for partial rather than full funding. Principle reasons for partial funding are:

- the City supports, but is not a primary funder, of non-profit organizations, whose main sources of support include federal and provincial governments, BC Direct Access Gaming, foundations, endowments, donations and fundraising efforts, and;
- the total amount requested exceeds the recommended City Grant budget; providing some assistance to many is considered preferable to providing full assistance to a few.

Other reasons for recommending partial or no funding include, but are not limited to:

- programs previously funded by other levels of government;
- funding responsibility lies in other jurisdictions;
- other funding partners have not been sought;
- insufficient community benefit demonstrated;
- lack of partnerships;
- duplication of service;
- unaccounted surplus;
- fee-based (user pay) budget should be used;
- City provides other forms of support to the organization; and
- quality, including completeness, of the application.

Minor/Major Grant Requests

Two streams of applications have been established; one for minor (\$5,000 or less) and one for major (over \$5,000) grant requests. A more comprehensive application is required for major grants (i.e. applications for minor grants have fewer sections to complete). In the Health, Social & Safety category, 13 organizations applied for grants of \$5,000 or less (minor), while 19 applied for grants over \$5,000 (major).

Multi-Year Funding Request

City Grant Policy 3712 allows applicants receiving City Grants for the same purpose, for a minimum of five of the most recent consecutive years, to apply for a three-year funding cycle. In the first year of a cycle, the comprehensive application form is required, while for the following two years, a briefer application is required. Council reviews recommendations annually to determine if each year of an approved cycle will be funded.

Financial Impact

The 2018 HSS Grant Program budget is \$601,444. A total of \$598,464 is recommended for disbursement (Attachment 1). The remaining balance of \$2,980 will be transferred to the Grant Provision account for future distribution.

Conclusion

The HSS Grant Program contributes significantly to the quality of life in Richmond by supporting community organizations whose programs and activities constitute essential components of a livable community. These grants support the work of non-profit social service agencies whose mandates align with the Social Development Strategy goals of social equity and inclusion; citizen engagement; and building on social assets and community capacity. The ALS Society of BC's Equipment Loan Program supports ALS patients by providing the required equipment at any stage of their disease at no cost. The program ensures the patients' mobility and ability to communicate while allowing patients and their families to have the best quality of life possible while dealing with ALS. This program helps remove some of the financial burdens that ALS families will face and give them the opportunity to allocate their finances toward other needs of ALS patients. The program provides crucial mobility items such as walkers, scooters, manual and power tilt wheelchairs, and communications devices.

The grant request of the Society is in the amount of \$5,000 to purchase a Sit to Stand Lift with Sling.

Richmond Services Received by Your Organization:

Every month of May, the ALS Society of BC organizes the Richmond Walk for ALS at Gary Point Park in Steveston, Richmond. This walk is the biggest Walk for ALS in British Columbia. The Walk for ALS in Richmond raises an average revenue of \$100,000 for patient services and research. The presence of the city mayor and MLAs to this event is immeasurable as it provides prestige to our event and the same time an assurance to the ALS community that they have the support of the government in their ALS journey.

Accumulated Surplus or (Deficit):	94,090.00	308,138.00

Explanation for Annual Surplus or (Deficit):

Last Complete Year:

The total general fund revenue does not include the gift-in-kind donations of 207,128. The total expense does not reflect the amortization expense of 341,562 and also the capitalized expense in the amount of 134,180. Capitalized equipment are equipment purchased over 1,000. Our fundraising revenue decreased by 11% compared to 2015. Our walks specifically have continuously declined since the 2014 ALS Ice Bucket Challenge. Although, the Society has made a lot of announcements that funds received were directed to ALS research, the Ice Bucket Challenge created a perception that Society received so many funds in 2014.

Current Year:

The total general fund revenue does not include the gift-in-kind donations of 205,000. The total expense does not reflect the amortization expense of 202,000 and also the capitalized expense in the amount of 15,000. Capitalized equipment are equipment purchased over 1,000. Our fundraising revenues continued to decline specifically the Walks for ALS and PGA Golfathon for ALS. We received a large bequest this year, which offset the revenue shortfall of the fundraising events. To address the shortfall of revenues, the Society trimmed down budget and expenses specifically the purchase of new capitalized equipment

Explanation for Accumulated Surplus or (Deficit):

Due to possible cash flow shortfall, the 2017 ALS Society of BC Budget that was approved in September 2016 was revised during the ALS Society of BC board meeting in April 2017. A number of expenses were trimmed down in the current 2017 approved budget.

*Note that 183,000 on the deferred revenue in 2016 was from the BC Gaming Community Grant for projects in 2017.

Multi-Year Grant Application for 2018

Health, Social & Safety Program

6911 No. 3 Road, Richmond, BC V6Y 2C1

Society: Big Brothers of Greater Vancouver

Grant Type: Over \$5000 Multi Year - Year 2

Grant Request: \$10,000

Proposal Title: Community and Teen Mentoring Programs

Number Served: Richmond Residents:

Grant Request Summary:

In our fast paced, technology obsessed world, children need stable positive influences more than ever. When our children are emotionally, socially and physically healthy, everyone in the community benefits. In the 2016 BC Provincial Health Officer's Annual report, one of the key messages states that "strong and supportive families as well as having caring adults outside the family are important protective factors in young peoples' lives". The Community Program matches adult male volunteers with boys aged 7-14 who have limited or no contact with a positive male role model in their lives. Big and Little Brothers spend 2-4 hours each week doing a wide range of low-cost fun activities together. We currently have 23 matches and 12 children in our waitpool to be matched. Children on our waitlist often wait up to 2 years before being matched with their mentors. BBGV is working on growing relationships with Chinese Culturally Student Clubs and creating targeted Facebook advertisements to Mandarin speaking individuals to address the need of new immigrant families. We hope to reduce the wait pool and match at least 9 more children in the Community program this year.

We run 1 Teen Mentoring Program in Richmond which matches 10 elementary school boys and girls (grades 1-7) with 10 teen "Buddy" mentors from the nearby high school. Big and Little Buddies spend one hour a week on school grounds engaging in fun non-academic activities. This program connects each child one-on-one with teen mentors, thereby increasing their network of support and enabling them to form a relationship with someone who is engaged in and cares about their life. The child experiences the many life-long benefits of a quality mentoring relationship, including higher self-esteem, reduced risky behavior, stronger relationships, and a more positive attitude toward school. The family benefits from the improved wellbeing of the child, and volunteer mentors report feeling immense personal reward.

Proposal Title: Big Sisters Mentoring Programs in Richmond
Grant Purpose: Community Service / Program / Event - Ongoing

Start Date (if applicable):

End Date (if applicable):

Number To Be Served: 30

Richmond Residents: 30

Grant Request Summary:

Big Sisters Mentoring Program: Matches girls (ages 7-17) with a volunteer Big Sister in a one-to-one mentoring relationship, who meet once a week for 2 to 4 hours for a minimum of one year. Matches enjoy a wide range of activities that focus on building the confidence and life skills of the Little Sister. We supported more than 328 Big & Little Sister matches in 2016. Study Buddy Program: Matches girls (ages 7-17) with volunteers who offer them educational support and academic assistance. For a minimum of six months, Study Buddies meet for one hour a week outside of school to work on school subjects and study skills. With the support of a Study Buddy, Little Sisters are encouraged to improve their educational performance and meet their academic goals. We fostered approximately 151 Study Buddy matches in 2016. These impactful one-to-one mentorship relationships produce positive results, are preventative and contribute back to our community. We do more than just connect a girl with an adult friend; we offer multiple years of support from elementary school to university. We support families and help them find the resources they need to provide for their children and integrate into their communities. We provide volunteers with the support and skills they need to develop a supportive relationship with their Little Sister that will flourish. Big Sisters focuses on prevention versus intervention. These years are essential in determining later outcomes. Girls, aged 7-17, are referred to our agency by parents, school personnel, social workers and other helping professionals. Big Sisters BCLM serves an extremely vulnerable, socially disadvantaged population. Our Little Sisters face serious adversity and also come from growingly diverse backgrounds and communities.

**Grant Application for 2018
Health, Social & Safety Program**
6911 No. 3 Road, Richmond, BC V6Y 2C1

Society: Canadian Mental Health Association, Vancouver-Fraser
Grant Type: Over \$5000 Single Year
Grant Request: \$16,000
Proposal Title: Super Fun Groups (known as Super Saturday Club before) Program-serving families in Richmond
Grant Purpose: Community Service / Program / Event - Ongoing
Start Date (if applicable): **End Date (if applicable):**

Number To Be Served: 50
Richmond Residents: 50

Grant Request Summary:

Our grant is to for partial funding for one of the two groups of the Super Fun Group Kids Program in Richmond. It is part of the Child and Youth Program of the Canadian Mental Health Association. Super Fun Groups currently support 22 kids of parents with serious and persistent mental illness or addiction problems. This is a long-term, recreation-based program. They are all residents of Richmond, ages 8-15 (the age range is wider this year because there are no suitable programs for couple of the kids who are older than 12 and still desperately require the service) 21 kids out of 23 are from families with very low income.

There are absolutely no barriers and no cost for the kids to participate in the Program. Once a month, the program provides the kids with a full day of activities (such as: Playland, Beach Day, Waterslides, Aquarium, Urban Safari, in the winter - Movies, Christmas events and Snowboarding). These group activities enable them to have fun, to participate in sports and special events, to build social skills and to establish strong friendships with other kids in the program who have similar situations in their life.

While the kids are on their activities, it provides parents with respite to attend to their own self-care and to relax knowing that their kids are well cared for.

Richmond Services Received by Your Organization:

Our program serving Richmond does not receive any services from the City of Richmond at this time. However, City of Richmond supports the Canadian Mental Health Association annual bike ride fundraiser (Ride Don't Hide) by offering support in event application process, route design, water station logistic and event day route support in Richmond.

Society: Canadian Red Cross Society
Grant Type: \$5,000 or Less Single Year
Grant Request: \$2,000
Proposal Title: HELP Makes Homes Safe for Richmond Seniors
Grant Purpose: Operating Assistance

Start Date (if applicable):**End Date (if applicable):****Number To Be Served:** 4983**Richmond Residents:** 2433**Grant Request Summary:**

The Canadian Red Cross is seeking \$2000.00 towards the partial staffing cost of an Equipment Technician working at the Richmond Health Equipment Loan Program (HELP) Office. The Richmond HELP program provides free, by-donation loans of basic and advanced medical equipment to community members recovering from injury or surgery, transitioning to a permanent dependency on a mobility device, or receiving palliative care in the home. Our data shows that 71% of HELP clients are seniors, 46% are elderly seniors over the age of 75, and the majority (33%) are recovering from hip or knee surgery.

The heart of the HELP program is prevention—specifically fall prevention. Statistics show that 1/3 of seniors fall once or more each year and they are never more vulnerable than in the period immediately after a disability. Furthermore, roughly 41% of HELP clients are low income (making less than \$20,000)—without this service, many could not access this equipment. With the number of Richmond seniors set to double by 2038, the HELP program fills a critical service gap for Richmond residents and provides excellent value to the local community.

For the fiscal year 16/17, the Richmond HELP office loaned out 10,721 pieces of medical equipment and received 4746 client visits, which represents a 7% increase in client visits over 15/16 and a 28% increase over the last two years. The Red Cross has scaled up its services to meet this increased demand, acquiring new equipment and increasing the volunteer team by four members over last year.

While much of the work at the Richmond HELP office is performed by volunteers, a qualified Equipment Technician is integral to ensuring that equipment is safe, hygienic, and available when it is needed most. The City of Richmond's funding ensures that every community member has access to the medical equipment they need and can recover in the comfort of their home rather than in the hospital.

Grant Purpose: Community Service / Program / Event - Ongoing

Start Date (if applicable):	End Date (if applicable):
Number To Be Served: 25,000	
Richmond Residents: 3,000	

Grant Request Summary:

Taking Care of Ourselves and Taking Care of Others (TCO²) is a unique, interactive and empowering workshop for children and youth aged 10-18.

Our workshops are designed and delivered by young adults who use monologues, role-plays and other interactive activities.

TCO² workshop facilitators (one male, one female) involve kids in a meaningful discussion about what sexual exploitation is, how to recognize it and how to prevent it from happening to themselves and their peers.

While there are many organizations which offer support and services to children who have already been affected, we are the only organization in BC providing preventative programs and services to stop sexual exploitation before it ever begins.

At the conclusion of our workshop, children and teens attending our TCO² Workshop will be able to identify and describe what sexual exploitation and what human trafficking is, identify characteristics of exploiters, specifically, the tactics they use to find their victims, understand the link between gangs and all forms of sexual exploitation.

Our workshop also identifies the factors that put youth at great risk for exploitation such as drug/alcohol use, LGBTQ2, aboriginal heritage, currently in a youth agreement or foster care.

While sexual exploitation still happens on the streets, the vast majority of this criminal activity has moved online, which is why our workshops engage young people in discussion on the permanence of online content, and how to be a responsible digital citizen, identify components of an unhealthy versus healthy relationship (Online and Offline), and identify resources and services available for kids needing support or more information.

Our program's primary goal is to provide kids with information and practical tools to keep themselves safe from all forms of sexual exploitation. At the end of each workshop, participants are asked to fill out surveys. This allows us to measure and report on the impact of our program.

Grant Purpose: Community Service / Program / Event - Ongoing

Start Date (if applicable):	End Date (if applicable):
Number To Be Served: 5129	
Richmond Residents: 718	

Grant Request Summary:

We are requesting \$5,000 to support the training development of Volunteer Crisis Services Responders and the technical infrastructure required to operate the chat service.

Suicide and suicidal behavior impact peers, families and communities. It is the 2nd leading cause of death among youth aged 15 to 19 in BC, Canada, and worldwide. Support and intervention are critical in preventing a crisis from escalating into a tragedy. The on-going work of Crisis Centre's youth services is increasingly important.

YouthInBC.com is a chat service that provides distressed youth, and those concerned about them, with an opportunity to receive private online chat support, and obtain information and resources from highly trained staff and volunteers from noon – 1AM daily. Chats are often about their complex lives, discovering hope, exploring options, obtaining help and receiving local resources for support.

The Crisis Centre fills a void when all other services are closed. Being a confidential and free service, youth feel empowered to open up about their thoughts and struggles and reach out for support.

The primary reasons youth utilize our chat service are:

- 42% - Mental Health Concerns
- 18% - Thoughts of Suicide
- 15% - Relationship Issues
- 10% - Stress

Target Audience:

- Youth (12 – 24 years old) who need a safe, respectful forum to access support and information, or just someone to listen without judgment.
- YouthInBC.com's "Learn More" and "Find Resources" sections are great for youth, parents and professionals who work with youth, to find topic-specific information and referrals for a number of issues such as alcohol and drug use, eating disorders, bullying, sexual health, etc.
- Youth who are in need of tools to help manage stress, pressure and crisis.

The grant request will be used to continue the Counselling, Support and Therapeutic Education program that Family Services (FSGV) has provided in the City of Richmond for the last 35 years. This program offers individual, family and group counselling provided by masters level registered clinical counsellors and registered social workers and is fully accredited by CARF International. The FSGV Counselling, Support and Education program serves clients of all ages, family configurations and income groups, addressing a wide spectrum of concerns including parenting issues, emotional and behavioural difficulties in children and youth, family conflict, depression and anxiety, relationship difficulties, loss and grief etc. This program prioritized and works primarily with residents of Richmond. This program is preventative in nature, unique to Richmond, and works in partnership with other Richmond agencies. It is accessible to people who can't afford private counselling or other fee based services and/or who don't qualify for any other services. Services are provided in a variety of languages, including Cantonese and Mandarin to reflect the diverse and changing demographic of the Richmond population. All participants are given a thorough assessment at the time of intake and are actively involved in working with a clinician to set and achieve their counselling goals. On average, individuals or families are able to access 12 sessions of counselling, however, they are not limited to this number of sessions should they require further service because of the highly trained staff, this program is able to offer a wide variety of therapeutic modalities. This allows for service to be flexible to meet client needs. This program assists individuals to improve their coping skills, better deal with life's challenges, improve their quality of life and be active participants in their own lives and in society as a whole.

Society: Heart of Richmond AIDS Society
Grant Type: Over \$5000 Multi Year - Year 3

Grant Request: \$11,500

Proposal Title: Office and Administrative Operations

Number Served: Richmond Residents:

Grant Request Summary:

The office is the base for our operations and provides specific services to persons with HIV/AIDS, their friends, families and caregivers. These include: a group meeting place; location for individual guidance and advice; free computer facilities; information centre; distribution point for food and food vouchers; planning centre for our HIV 101 Education and Prevention Program which is presented annually to over 1,500 students in all Richmond high schools. This funding will cover some of the costs of this facility and the staff who manage it. The direct benefits are better, healthier lives for those living with HIV/AIDS, reducing the impact on health and community services. The indirect benefits of Education and Prevention are the avoidance of infection with HIV/AIDS along with the huge associated life changes and increased healthcare costs.

Changes that will impact grant use:

The rent for our office is increasing rapidly and this was the reason for the increase since year 1. However, we are asking for the same amount we received last year (year 2).

Proposal Title: Wellness Connections Program
Grant Purpose: Community Service / Program / Event - Ongoing

Start Date (if applicable):	End Date (if applicable):
Number To Be Served: 100	
Richmond Residents: 100	

Grant Request Summary:

Wellness Connections is an outreach program designed to assist at-risk, frail and isolated seniors 55+ to reconnect with their community and increase independence through participation in social, leisure and recreation programs. The program reduces social isolation and improves the health of Richmond residents 55+ by removing barriers to participation such as lack of transportation and low income. Wellness Connections fills a gap in services for those not yet needing supervised health services but not able to independently access community centre programs. Clients are bused to and from their homes to Minoru Place to enjoy education and leisure programming, adaptive fitness classes and a nutritious lunch in a social setting. The program utilizes volunteers to assist in its delivery and is offered four times a year, in 8 week sessions with either a Chinese or English speaking option. Clients and their families receive one-on-one leisure counselling and information referral to health and community services. The Wellness Connections program involves extensive partnerships and collaboration between the City of Richmond, Vancouver Coastal Health (VCH), Minoru Seniors Society and other Community Partners. Since the program lost its core funding from VCH two years ago, Minoru Seniors Society continued to operate the program on a user-fee model. In the Fall of 2016 the Society increased the cost of the program to \$240 per session as it was no longer able to subsidize the program. This increased cost created a barrier to participation. The Society received a City Grant in 2017 to offset the program costs, this allowed more people to participate and registration increased to previous price-increase levels. The Wellness Connections program Supports Council Term Goal: A Vibrant, Active, Connected City as well as the Seniors Services Plan and Social Development Strategy directions to reduce barriers for isolated seniors and address the needs of an aging population.

Minoru Seniors Society is located in Minoru Place Activity Centre where funding for staff and building is provided by the City. Estimate at 1, 015,700 for the City portion of operations.

Proposal Title: Health and Wellness Program

Grant Purpose: Community Service / Program / Event - Ongoing

Start Date (if applicable):

End Date (if applicable):

Number To Be Served: 1500

Richmond Residents: 1250

Grant Request Summary:

The grant was used to provide a well-thought out program for the 55+ers, caregivers and newcomer youth in Richmond. Workshops that empowered the clients to attain the highest level of physical, mental, social and spiritual well-being, thereby reduced social isolation and loneliness. Regular activity workshops were delivered by certified instructors hired to adapt their teachings to the needs of the clients in the prevention of disease or illness rather than a cure. Educational workshops were tools that assisted clients to make smart wellness choices for themselves and their families. These workshops were presented in collaboration with non-profit organizations; the Richmond Public Library, Diabetes Canada, Garratt Wellness Centre, COSCO, etc. As well from a pro bono lawyer. The rental of a school bus for the annual field trip and outdoor activities strengthened the bond of the seniors and caregivers and enjoyed the guidance of the tour guide as they visited unfamiliar places. The change of scenery took them away from their daily routine. The rental of a truck for the Steveston Salmon Festival gave the elder seniors who have difficulty walking the parade an opportunity to get out of isolation, enjoy social interaction and community engagement. The grant assisted the seniors and the caregivers to accept invitations and volunteer at community events to share their artistic talents through dances and music. One thing to be noted is that for most part of the year, the program was overseen by dedicated volunteers, "core group", due to insufficient funding. The annual flag-raising event expenses this year was minimal as it was celebrated in conjunction with the Richmond Canada 150 event, "FUNtastic Canada 150" which the organization hosted.

The community benefits of this grant is phenomenal and is evaluated in several approaches.

Society: Pacific Post Partum Support Society
Grant Type: \$5,000 or Less Single Year
Grant Request: \$3,475
Proposal Title: Multicultural Postpartum Support Brochures
Grant Purpose: Community Service / Program / Event - Ongoing

Start Date (if applicable): _____ **End Date (if applicable):** _____

Number To Be Served: 6000

Richmond Residents: 2000

Grant Request Summary:

Without support and treatment, postpartum depression/anxiety (PPD/A) can negatively affect the quality of life and health outcomes for parent and child, including serious consequences such as marital breakdown, child neglect and abuse, and suicide. The importance of addressing stigma and barriers for support for immigrant mothers is vital, as we know the PPD/A risk is close to 50% higher for new immigrants.

This grant provides for the printing of 10,000 brochures regarding PPD/A in six languages (Punjabi, Simplified Chinese, Traditional Chinese, Hindi, Spanish, and Farsi). These brochures are a way that many clients and their referrers and care providers find out about our services. We print and distribute these multicultural brochures at the request of hospitals, physicians, midwives, counsellors, psychiatrists, family centres, etc.

We continue to increase the use of our multicultural counselling resources for families. Our brochures provide culturally relevant information in Chinese (traditional as well as simplified), Farsi, Punjabi, Hindi and Spanish. We have trained telephone support volunteers who speak other languages to support mothers in their first language if requested: Cantonese, Mandarin, Japanese, Russian, and Spanish (regular staff also offer Punjabi and Farsi).

We believe reducing barriers and providing support in other languages allows women to recover and be healthier in all aspects of their lives. The huge adjustment that occurs in becoming a mother is exaggerated by the isolation that concurs as a new immigrant, which therefore increases isolation and distress. Allowing new mothers to receive support and understanding in their first language and respecting their cultural values and beliefs diminishes barriers and enhances feelings of inclusivity. Our community benefits as a whole when cultures and traditions are valued.

Society: PLEA Community Services Society of British Columbia**Grant Type: \$5,000 or Less Single Year****Grant Request: \$3,600****Proposal Title: KidStart Mentoring Program - 6-12s****Grant Purpose: Community Service / Program / Event - Ongoing****Start Date (if applicable):****End Date (if applicable):****Number To Be Served: 200****Richmond Residents: 20****Grant Request Summary:**

KidStart is a life-changing mentorship program that provides vulnerable children aged 6 -12 years with a nurturing relationship, a chance to have fun and a sense of belonging.

The children we serve are difficult to engage due to complex life circumstances, such as family crisis, trauma, social isolation, mental illness, etc. This means that they are often not eligible for other mentoring programs and, unlike PLEA's other youth programs, their placements are not funded by the Ministry of Children & Family Development. We are looking to address this gap in services for these vulnerable children.

In providing this service, our goals are to:

- Provide a stable support system early in a child's life;
- Help children build resilience to their personal risk factors;
- Give disadvantaged children enriching experiences;
- Prevent vulnerable children from needing social services in the future.

Over the long-term, our goal is to contribute to safer and more sustainable cities as children are better equipped to handle their life challenges and make positive

contributions to their communities.

Our Coordinators recruit, screen, train and provide ongoing support to adult volunteers who mentor these children. They spend an average of 3 hrs/week for a minimum of one year participating in community activities that have the potential to create new interests, discover inherent talents and abilities, and reinforce strengths. We also provide training so mentors can identify trauma and mental illness, handle disclosures of abuse, or de-escalate tense situations.

With a grant of \$3600, we will be able to fund monthly activities (at \$30/month) for 10 children in Richmond this year.

Please note that in Step 4 we have listed only 2 community partners. We in fact rely on the support of many more partners for referrals, including Richmond Child and Family Services, Touchstone Family Association, and a number of schools.

Richmond Services Received by Your Organization:

We do not currently receive any Richmond services. We serve all of our participants out of our KidStart office located in Vancouver, including residents from Richmond, Vancouver, the North Shore, Burnaby, New Westminister, and Surrey.

Grant Purpose: Operating Assistance

Start Date (if applicable): **End Date (if applicable):**

Number To Be Served: 5300

Grant Request Summary:

RASS has received funding to support the City of Richmond to prevent the impacts and consequences of substance use, misuse and addiction as well as problem gambling and other addictive behaviours. In addition, we aim to delay the onset of first use by increasing the developmental assets of our community members by supporting the development of positive coping skills, decision making skills through the workshops, training sessions and awareness events in Richmond. Our collaborative programming and overall community level prevention strategies go beyond teaching coping and decision making skills as we create partnerships with other agencies to help build the social connectedness in our city. Funding from the city supports RASS to operate a professional, highly regarded and accredited set programs and services. The target groups are children, youth, parents and seniors with culturally appropriate interventions and programs to engage, and educate our community. The benefits of our programming are seen in falling substance use rates across the community, increased community engagement and service contacts with our agency. In addition the partnerships, collaborative projects and programs illustrate the many benefits our community receives from the work being done at RASS. Examples of our collaborative and creative prevention programs are seen at the Richmond Youth Media Program at the City of Richmond Media Lab, Supporting Families Affected by Parental Mental Health and Substance Use and our annual National (Aboriginal) Addiction Awareness Week event.

Richmond Services Received by Your Organization:

Throughout different times of the year, the City of Richmond offers RASS programs and events the use of City facilities when available. Richmond Residents: 220

Grant Request Summary:

Food For Life is a free community meal offered every Wednesday from September to June. Richmond Bethel Church hosts this service with its volunteers who prepare and serve the meals.

Although the meal service is open to anyone who comes, we find that our outside guests fall primarily into 3 groups - the disadvantaged, new immigrants, and the elderly. They come in growing numbers not only for the free hot meal, but also for the camaraderie and social interaction that they might not otherwise receive.

We at Richmond Bethel Church believe that this meal service helps to build a greater sense of community in Richmond by bringing a varied group of people together on a regular basis.

Richmond Services Received by Your Organization:

Richmond Bethel Church does not receive services from the city of Richmond but does receive property tax relief.

Proposal Title: Strong and Healthy Families

Grant Purpose: Operating Assistance

Start Date (if applicable):

End Date (if applicable):

Number To Be Served: 7000

Richmond Residents: 6900

Grant Request Summary:

Richmond Family Place Society (RFP) is seeking funding to support its operating costs. RFP provides a wide array of preventative family support services and programs to families with children birth to 12 years of age living in Richmond. These programs are delivered by qualified Early Childhood Educators and Pre-Teen Workers at 12 different sites throughout Richmond. The essence of Richmond Family Place is to promote community initiatives, enhance the parenting skills of caregivers, provide children opportunities to learn the skills they need to be successful in school and beyond, and to support the family as a whole. Families are also given information about other community resources. By participating in Family Place programming, parents feel less isolated, develop important social networks, establish a sense of belonging to their community and acquire a greater level of self confidence and self-esteem. This enables them to play a more active role in the community; they are more willing to be involved, to participate in problem solving efforts, to participate in community building initiatives, to care for and look after one another and to have a greater level of commitment to improving the community they live in. In addition to this, space at Debeck is made readily available and accessible to other community serving agencies for the purpose of providing programs that benefit the health and well-being of families, and therefore communities. Strong and healthy families build strong and healthy communities.

Grant Purpose: Operating Assistance

Number To Be Served: 250+

Richmond Residents: 250+

Grant Request Summary:

City of Richmond funds will be used exclusively for staff wages (1 part time project coordinator and 1 part time communications coordinator). The overall objective of

the project is to test the theory that establishing and supporting a self-advocacy network made up of individuals with lived experiences will meaningfully address poverty in Richmond.

Short term: Capacity Building - Network members will take advantage of training and education in literacy, leadership, advocacy, public speaking, handling the media, and knowledge of various acts, regulations and bylaws that affect them.

Medium term: Empowerment - Expected outcomes are that network members will increase their self-confidence and ability to speak out in public on issues that affect their everyday participation in civil society and will share their discoveries and findings with each other and wider audiences. Network members will inspire the need for a made-in-Richmond poverty reduction strategy.

Long term: Change at Many Levels- Specific objectives are that network members will join Richmond PRC task forces (Housing, Transportation, Food, etc) and lend their experience to the conversation that will inform future PRC advocacy activities. Network members will get 'plugged-in' to programs in the community that serve everybody, instead of being pushed only into services 'for the poor.' General public will learn about visible and invisible barriers in the community that prevent residents experiencing poverty from meaningful participation. The Network will become a driving force for systemic change in the community around issues that disproportionately affect people in poverty.

Society: Richmond Mental Health Consumer and Friends

Grant Type: Over \$5000 Multi Year - Year 1

Grant Request: \$10,000

Proposal Title: Funding for an RCFC Mental Health Peer Social Group Program

Grant Purpose: Community Service / Program / Event - Ongoing

Start Date (if applicable):

End Date (if applicable):

Number To Be Served: 20

Richmond Residents: 20

Grant Request Summary:

This initiative will aim at empowering and re-integrating mental health consumers into the community through social and volunteer activities. This opportunity will be open to all Chinese-speaking and non-Chinese speaking MH consumers in the Richmond Community at large. The target is mental health consumers in various stages of recovery. MH consumers often feel isolated, not accepted and withdrawn from the community they have been born into. With this grant we will be offering social and volunteer activities, encouraging consumers to participate and help in the planning of community outings such as going out for lunch, cooking, karaoke, singing, board games, watching funny videos, and going to the gym at the nearby community centre. It will aim at the promotion of healthy lifestyles by learning to support, share and help each other. They will actively contribute to the City of Richmond community by participating in the Garden Plot and will share the proceeds among themselves and donate most of the produce to the Richmond Food Bank. This group of consumers will help the RCFC to do its monthly mail outs and other administrative tasks. This group will run-in-house on Wednesdays 1-3 pm every week, where they will plan their weekly activities. Continuing this RCFC Mental Health Peer Social Group Program would mean that this community of consumers would thrive in the City of Richmond because they have been given hope and friendships. The group will be run by a trained Mental Health Peer Support Worker, who will work 8 hours a week for \$16.00 per hour as well as a paid volunteer to help. The rest of the grant will go directly to client's services and expenses, with \$175.00 for accounting program contribution \$244.32 in Revenue Canada Benefits.

Society: Richmond Society for Community Living**Grant Type:** Over \$5000 Multi Year - Year 3**Grant Request:** \$15,000**Proposal Title:** Family Resource Program**Number Served:** Richmond Residents:**Grant Request Summary:**

Richmond Society for Community Living (RSCL) is the largest provider of services for people with developmental disabilities in the City of Richmond. Through the continuum of programs and support services that respond to the changing needs of the individual over their life-span, RSCL assists more than 1100 people with developmental disabilities to participate and contribute fully as valued members in the community. RSCL also offers supports for their families. Further, RSCL offers programs and awareness initiatives in the community which help to create a more inclusive community and improve everyday life for everybody in Richmond.

The Family Resource Program provides information, resources and support to individuals and families who currently receive services. It also responds to requests from the community including inquiries for service from residents who are new to the community and requests for presentations in the school system and community in order to improve awareness about the value of community inclusion.

The Family Resource Coordinator provides referrals for families to access services and programs offered by community partners and can act as an advocate for the family to ensure appropriate continuum of care. Recognizing the need for support over the life-course, the program provides assistance to families and individuals with a developmental disability during all of life's transitions, resulting in the improvement in the quality of life for the individuals and the improved well-being of the family unit.

RSCL continues to see an increased demand for service, with little to no funding increases from government to respond to the demand. Waitlists are preventing children and adults from living their lives. The Family Resource Program supports individuals and families who have limited or no access to programs to advocate for increases to service to ensure that all residents of Richmond can live and participate in their community.

Proposal Title: Turning Point Drop-in Center and Continuing Care Program

Grant Purpose: Operating Assistance

Start Date (if applicable):

End Date (if applicable):

Number To Be Served: 100

Richmond Residents: 100

Grant Request Summary:

Turning Point Recovery Society is seeking funding from the City of Richmond to support operations at Richmond's only Drop-in Centre and Resource Hub. In May 2016, Turning Point received year-end funding from the BC Ministry of Health to secure a new permanent location for a Drop-in Centre in Richmond following the announcement that St. Albans would be closing. The grant provided \$200K for the expansion of our Outreach Counselling program and \$300K for the relocation of the Drop-in Centre. We received an additional funding from the Ministry of Health in 2017 to further expand the mandate of the Drop-in Center so that we could provide additional supports for our patrons, including those that have since been referred as tenants in Storeys. We are continuing to operate the Drop-in Center at the Salvation Army on Gilbert Road while we work with the City and other community partners to secure a more permanent location. Funding from the City grant this year will be to support Drop-in Center clients that will be residing in Storeys with Outreach Support and after care

A Drop-in Centre is critical to addressing the essential needs of everyone: food, shelter and community. In Richmond, these needs often go unmet for a significant percentage of our citizens. This is based on information and statistics from several sources including the 2016 Metro Vancouver Homeless Count, reports from the Richmond Food Bank and the Community Meal Program. Over 150 children, women and men continue to attend the community meal programs at St. Albans alone and according to the Food Bank, over 500 family's line up for groceries each week. It is critical that we have a site in Richmond where people who are struggling in our community can find the help and support they need. The primary goal of the Drop-in Centre is to provide a safe and supportive meeting place for our city's most vulnerable citizens; the poor, the unemployed, the marginalized and the isolated individuals in our city, including our

Additionally, Turning Point in partnership with Western Recovery Foundation has received a property tax exemption for the site of our men's residential addiction recovery program on Odlin Road. Turning Point also regularly uses space at City hall to hold our monthly community outreach programs meeting.

Grant Purpose: Operating Assistance

Start Date (if applicable): **End Date (if applicable):**

Number To Be Served: 175000
Richmond Residents: 175000

Grant Request Summary:

We're seeking core funding to support the operation of our Information & Volunteer Centre.

The provision of community information is one of our organization's key activities. Richmond residents seeking information on community resources can contact us for a free referral, whether in-person, over the phone, or via e-mail. If they come to our office, they can browse through our extensive brochure library, featuring materials from hundreds of government and non-profit agencies. On our website, meanwhile, we maintain Richmond's largest online Community Services Directory, with nearly 600 listings in over 40 categories. It also includes two major sub-directories, highlighting services for seniors and services for low-income residents, respectively.

We regularly attend community events, like the Richmond World Festival, to provide the public with community information. We produce print materials as well, such as the Annual Richmond Seniors Directory, which we publish in partnership with the Richmond News.

As Richmond's Volunteer Centre, our activities focus on encouraging and facilitating volunteerism. We do it through our website, which is home to Richmond's most comprehensive Volunteer Opportunities Database, featuring more than 80 positions from 60+ organizations. We also offer a free Volunteer Match service, where trained Advisors – volunteers themselves – meet one-on-one with Richmond residents, and help them find a volunteer opportunity that matches their skills, interests, and schedule.

Our Information & Volunteer Centre has a broad target audience; indeed, everyone in Richmond is a potential client. That's because everyone can volunteer, and everyone needs to access community services. Our role is to be a hub for community engagement – a place that connects Richmond residents with volunteer opportunities and community resources. It's important work with far-reaching benefits, as a community becomes stronger when more people are actively involved.

Richmond Services Received by Your Organization:

As an in-kind donation, the City of Richmond allows us to use City Hall for our Leadership Richmond – Youth Now launch event, in September, and graduation ceremony, in April.

As well, from mid-November through December, the City lets us use the Brighthouse Pavilion to house the Richmond Christmas Fund Toy Room. Again, the space is provided as an in-kind donation.

Emergency Social Services provides six portable radios and accessories on loan from mid-November to mid-December, for use during Christmas Fund registration.

Finally, our Child Care Resource & Referral Centre regularly receives a Child Care Professional & Program Development Grant, ranging from \$2,500 to \$5,000 annually.

Proposal Title: Music Works - A Music-Based Wellness Program for Isolated and Vulnerable

Grant Purpose: Community Service / Program / Event - Ongoing

Start Date (if applicable): **End Date (if applicable):**

Number To Be Served: 42

Richmond Residents: All will be Richmond Residents

Grant Request Summary:

The overall goal of Music Works is to decrease social isolation and increase inclusion, community connection; remove barriers to participation and improve the quality of life for seniors experiencing loss, loneliness and isolation. Music Works utilizes music, movement and social activities to increase community connection; stimulate cognitive function; reduce stress, anxiety and depression; and enhance quality of life through valuing memories, life experience, and life-long contributions. Participants may be experiencing one or more of the following: change in health status, chronic conditions, change in personal supports, loss of spouse or close caregiver, cognitive changes, depression or anxiety, and difficulty with accessing transportation. Each weekly session includes transportation; lunch and social time; Gentle Movement to Music or Music Therapy (5 sessions each per 10-week program); Ukulele or Drumming Circle (5 sessions each per 10-week program) with senior volunteer mentors from local Drumming and Ukulele Circles. Music Works relies heavily on the skills and expertise of volunteers bringing active and well-connected seniors together with more isolated and vulnerable seniors. Feedback from volunteers confirms that it's a mutually beneficial experience and provides a meaningful and satisfying opportunity for volunteers. Family members, friends and caregivers benefit knowing that their family members/friends are engaged in activities that have a positive impact on their mental, emotional, and physical wellbeing. The WRCA, community centre staff and project partners also benefit through an increased understanding of the experiences of more isolated vulnerable seniors and by developing a model to serve and support previously under-served seniors. The grant will assist with transitioning Music Works to a much needed ongoing outreach program serving isolated and vulnerable seniors in Richmond.

1. Overview

(i) City Grant Policy

- City Grant Programs are governed by the City Grant Policy (attached).
- These Guidelines pertain to the following City Grant Programs:
 - Health, Social & Safety
 - Parks, Recreation and Community Events
- Separate programs exist for Arts and Culture and Child Care grants. Please see the City website (www.richmond.ca) for information about these programs.

(ii) Purpose

The purpose of these City Grant Programs is to help achieve the City's Corporate Vision, "To be the most appealing, livable and well managed City in Canada".

(iii) Principles

- Support the City's Corporate Vision
- Support non-profit organizations
- Benefit Richmond residents
- Maximize program benefits
- Promote volunteerism
- Build partnerships
- Increase community capacity
- Cost sharing and cost effectiveness
- Enhance but not sustain programs and services
- Promote user -pay when applicable
- Innovation.

(iv) Goal

The goal of these Programs is to increase community capacity to benefit Richmond residents by assisting non-profit community organizations to deliver programs and services.

(v) Objectives

- To assist Council to achieve Term Goals and adopted Strategies
- To improve the quality of life of Richmond residents through a wide range of beneficial community programs
- To assist primarily Richmond-based community groups to provide beneficial programs to residents
- To build community and organizational capacity to deliver programs
- To promote partnerships and financial cost sharing among the City, other funders and organizations.

2. Program Funding

(i) Base Program Funding

- Base funding will be reviewed intermittently, as determined by Council
- The amount allocated to the Programs will be based on overall City corporate priorities.

(ii) Annual Cost of Living Increase

- To maintain the effectiveness of base funding in light of general rising costs (e.g., the cost of living), an annual cost of living factor will be automatically added to the base funding of both programs
- The cost of living increase will be based on the Vancouver CPI annual average change as determined by BC Statistics for the previous year
- Finance Division of the City of Richmond will determine the amount annually and add it to the base funding.

(iii) Unused Program Funds

At the end of each year, unallocated Grant Program dollars are returned to the City's General Revenue Account.

3. Definitions

To clarify terms for applicants, reviewers and Council, the following are defined:

Partnership: A relationship between organizations that have a joint interest and which is characterized by mutual cooperation and responsibility, often for the achievement of a specified goal. This may be a formal relationship defined by written agreement outlining the contributions and expectations of each partner, or an informal relationship dependent on the goodwill of the partners involved with a particular project, issue or initiative.

Duplication: Two or more agencies offering the same service and/or program for the same target population during the same hours. Duplication may be desirable when a single agency does not have the capacity to meet the demand for service.

School (public and private) based programs: "School (public and private) based programs" are those funded, offered or initiated through regular fiscal, operational, curricular, extra-curricular and social activities of a school or a school district.

Community based programs in schools: "Community-based programs" offered in public and private schools or on school grounds are those that do not meet the definition of "school-based" and primarily benefit the larger community, rather than the school itself, the school district, or its students.

Organizations seeking funding for community-based programs in schools or on school grounds must provide a statement from the School Principal or the School District that the proposed use is approved of and will be accommodated, should funding be received.

(vi) Grant Limitations

- Not all applicants meeting the Program requirements will necessarily receive a grant

- Grants are not to be regarded as an entitlement
- Approval of a grant in any one year is not to be regarded as an automatic ongoing source of annual funding.

5. Application Assessment Criteria

(i) Key Assessment Criteria

To be considered eligible, all proposals must demonstrate that:

- Primarily Richmond residents will be served
- Funding from sources other than the City and the applicant have been sought, and
- Partnerships and/ or collaborative relationships with other organizations to strengthen the proposal have been established.

(ii) Assessment Considerations

In reviewing grant applications and preparing recommendations, the following factors are considered:

- Quality and credibility of the organization and program (e.g., accreditation, licenses), including demonstrated organizational efficiency, effectiveness and stability
- Sufficient organizational capacity to deliver the proposed service
- Demonstrated community need for the proposed service
- Financial need to implement the proposal
- The number of Richmond residents to be served

(iii) Less Favourably Considered Applications

Less favoured applications are those which:

- Rely only on City and applicant funding
- Risk the applicant becoming dependant on City grants
- Demonstrate insufficient partnering or collaboration
- Unnecessarily duplicate existing services
- Are incomplete, unclear or unconvincing
- Other.

Applicants must submit:

- Audited Financial Statements, including a Balance Sheet, for the most recent completed fiscal year, including the auditors' report signed by the external auditors OR one of the following alternatives:

 - If none of the above are available, financial statements for the most recent completed fiscal year endorsed by two signing officers of the Board of Directors.
- Current fiscal year operating budget.
- Grant proposal budget

(v) User Pay Principle

Applicants are encouraged to consider applying the "user pay" principle, where appropriate (e.g., users of the proposed service, program, or project pay some of the cost).

(vi) Multi-Year Funding Criteria

- Applicants receiving City Grants for a minimum of the five most recent consecutive years for the same purpose are eligible to apply for a maximum three-year funding cycle for ongoing operations, services or events.
- Multi-year requests must be for the same purpose for each of the three years.
- The full application form must be completed to request year one of a multi-year cycle; once approved, the short application form must be completed in years two and three, with required documentation attached. If circumstances change that impact the cycle, complete information must be provided.
- Council reviews the status of multi-year cycles on an annual basis and a Council resolution is required to fund each year of the cycle. Approval to enter a cycle does not guarantee that subsequent years will be funded.

6. The Grant Review Process

- A longer application is required of applicants requesting over \$5,000, or wishing to be recommended for a three-year funding cycle.

(iii) Application Deadline

The deadline for submitting City grant applications will be determined annually. Please see the City website (www.richmond.ca) for dates.

(iv) Late Applications

Applications that miss the deadline will not be accepted, processed or funded from Grant Program budgets for that application year.

(v) Staff Review

Following the deadline, staff review applications and prepare recommendations for Council's consideration.

- Application reviews are lead by staff in the respective divisions:
 - Health, Social and Safety (Community Social Development)
 - Parks, Recreation and Community Events (Parks and Recreation)
- Staff may contact applicants to request further information, documentation and otherwise clarify the proposals, or applications may be assessed without making such requests. Incomplete or unclear applications will be less favourably assessed.
- As possible recommendations to Council are confidential while under review, no such information will be provided until the staff report is posted on the City website at 5:00 p.m. on the Friday prior to the General Purposes Committee meeting. Please contact staff to confirm the date.

(vi) General Purposes Committee Review

- Once the application review process is complete, staff recommendations are presented to General Purposes Committee of Council for consideration. Please contact staff to confirm the date.
- Applicants are welcome to attend the General Purposes Committee meeting to hear the discussion (please contact staff to confirm the date). The Chair has the discretion of asking if delegations from the floor would like to speak. Should this occur, those attending will have the opportunity to make a brief (maximum 5 minutes) presentation.
- Recommendations are then either forwarded to the next City Council Meeting, or referred back to staff for further information, in which case the recommendations would be considered at a future General Purposes Committee meeting before being forwarded to Council.

(iv) Recuperation of Grant

If the grant will not be used for the stated purpose, the full amount must be returned to the City.
