Analysis

Artist Selection Process

On March 24, 2020, the Alexandra Greenway Integrated Public Art Call to Artists was posted to solicit applications from Richmond-based artists (Attachment 1). The deadline for the artist call was April 21, 2020. Six (6) Richmond-based artists responded to the Open Call to artists for the opportunity.

On May 4, 2020, following the Public Art Program administrative procedures for an artist selection process, Public Art Program staff with support from Parks Services and Transportation Services, convened the first Artist Selection Panel meeting comprised of the following members:

- Denise Cook, Heritage Consultant
- Jeanette G. Lee, Artist

- Bruce Pagnucco, Community Representative, Volunteer Member of Richmond Active Transportation Committee
- Jill Wright, Community Representative, Volunteer Coordinator, Paulik Park Community Gardens
- Carlyn Yandle, Artist

Two artists and one artist team were shortlisted and invited to attend an artist orientation session with City staff and professional consultants. The artist orientation provided an opportunity for the artists to ask questions and obtain additional information about specific design considerations, product material information, and production and installation processes of the project. Following the orientation session, artists were provided with a \$250 honorarium to develop a preliminary artwork concept and attend the final artist selection panel meeting to present their artwork concepts to the Selection Panel.

On June 4, 2020, the three shortlisted artists returned to present their concept proposals to the Selection Panel at a meeting facilitated by staff. In accordance with the Public Art Program Administration Procedures, the Selection Panelists reviewed the concept proposals presented by the shortlisted artists and engaged in a thorough adjudication and evaluation process. The Selection Panel recommended the concept proposal by BAGUA Artist Association for the commission and noted that the concept proposal responded well to the natural heritage and history of the Alexandra Neighbourhood and will serve to animate the multi-use corridor while providing a wayfinding feature for commuters and visitors alike. This work is consistent with the Council-Adopted Alexandra Neighbourhood Public Art Plan.

The Public Art Advisory Committee has reviewed the concept proposal and supports the proposed artwork concept by BAGUA Artist Association.

Recommended Artist Concept – Alexandra Greenway Integrated Public Art Project Concept

The artist's concept proposal, "Water to Earth" celebrates the local natural heritage of the Alexandra Neighbourhood and is inspired by Chinese ornamental patterns and Richmond's native bog and slough landscape features. The artists describe the artwork as follows:

The symmetrical emblem comprises local species such as dragonflies, turtles, Labrador tea, bog laurel and skunk cabbage that inhabit the remnants of sloughs in this neighbourhood. The wavy outline is an abstract reference to water, the foundation of where Richmond emerged to be. The artwork intends to raise awareness of the significance of Richmond's bog ecosystem and its biodiversity. Our design sought inspiration from traditional Chinese ornamental patterns ... In Feng Shui, water is the attribute of prosperity, and earth is the attribute of stability and support. Therefore, the artwork carries good wishes of prosperity and stability to the public, facilities and shops in nearby zones.

Attachment 2 provides further information about the artist team's background and proposed artwork.

In consultation with the artist, a technical review and coordination with staff and City-contracted professionals will be included in the development of the artwork.

Financial Analysis

The total budget for the Alexandra Greenway Integrated Public Art Project is \$50,000. \$5,000 is provided to the artist for design, production coordination and consultation working with the City's contracted professionals and Park Services staff. The remaining budget of \$45,000 will be available to cover all implementation expenses including production, installation, taxes and other associated costs to deliver a completed artwork integrated with the site.

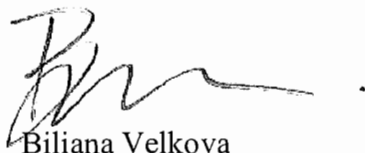

The Alexandra Greenway Integrated Public Art Project is funded by the Public Art Reserve and is included in the City's 2020 Budget and in the Consolidated 5-Year Financial Plan (2020–2024).

The artwork will be applied with thermoplastic paint, which is considered non-toxic and non-hazardous when used for its intended purpose as road markings. The material does not give off any fumes even during the installation process and the specifications comply with Occupational Safety and Health Administration (OSHA) standards. Any repairs to the artwork will be the responsibility of the Public Art Program.

Conclusion

Adopted by Council on November 12, 2013, the Alexandra Neighbourhood Public Art Plan provides a framework for including art in creating a culturally rich environment in a vibrant, healthy and sustainable city.

The Alexandra Greenway Integrated Public Art Project Concept supports the Plan to include an integrated artwork in the Alexandra Neighbourhood. An artwork at this location will connect the local ecology and history to raise awareness and celebrate the aspirations of a sustainable and connected Richmond.

BACKGROUND

Formally a semi-rural landscape, the Alexandra neighbourhood is now comprised of multiple family housing developments and places to work, shop and play. It is bordered by residential neighbourhoods to the east and north, and by the urban City Centre to the west. The Alexandra Greenway and new six-acre Alexandra Neighbourhood Park comprise a network of green spaces that connect established residential areas north of Cambie Road to the Garden City Lands south of Alderbridge Way (Figure 1 & 2).

The Garden City Lands are an extraordinary 55.2 hectares (136.5 acres) of open space located within the Agricultural Land Reserve, in the heart of Richmond, between Westminster Highway, Alderbridge Way, Garden City Way and No. 4 Road (Figure 2). The Garden City Lands is in the process of becoming a new community park with diverse uses including, urban agriculture, environmental preservation and interpretation, as well as recreational and cultural uses.

LOCATION

The section of the Alexandra Greenway that runs north-south along May Drive between Alexandra Road and Alderbridge Way (Figures 1 & 2), is part of a larger neighbourhood pedestrian and cyclist route with resting nodes linking residential areas to new commercial zones.

“CONNECTING ECOLOGY & NATURAL HERITAGE”

Artists are invited to respond to the theme of “**Connecting Ecology & Natural Heritage**” as it relates to building sustainable and ecologically sensitive cities through the preservation of natural habitat for native plant and animal species. The public art will help promote and animate a safe, multi-use pathway to decrease vehicular traffic in the area and complement new tree plantings, native plant species and a natural stormwater management system.

- **Connecting Ecology:** Richmond’s landscape and hydrology have been formed by its unique location within the Fraser River delta. The Alexandra Neighbourhood contains remnants of historic sloughs and agricultural networks, including an abundance of local wildlife. Public art can play an integral part in bringing awareness to the importance of preserving natural habitat and the role we can play in supporting local ecosystems.
- **Connecting Natural Heritage:** Public Art that references local farming, agricultural heritage and history of the area connects and reminds newcomers and longtime residents of the area’s unique past. History includes telling the story of the land, people and places that have

The artist will work in consultation with City staff and contractors retained by the City to refine the design as appropriate. This budget includes (but is not limited to) artist fees and administration, travel expenses, artist studio overhead, photography documentation and all taxes excluding GST. Fabrication and installation costs will be the responsibility of the City of Richmond.

ARTWORK AND DESIGN CONSIDERATIONS

- The artwork will be conceived as a repeating pattern or family of repeating elements.

- The commissioned artist will propose the layout and placement of the artwork to delineate directions of travel and create an overarching experience and presence on site.

From Water to Earth

Artist Statement

Bagua Artist Association

The concept for the Alexandra Greenway project is to celebrate the rich hydrology and landscape of Richmond. Our proposed artwork illustrates Richmond's bog and slough natural habitat in a Chinese ornamental-pattern style. The symmetrical emblem comprises local species such as dragonflies, turtle, labrador tea, bog laurel, and skunk cabbage that inhabit the remnants of sloughs in this neighbourhood. The wavy outline is an abstract reference to water, the foundation of where Richmond emerged to be. The artwork intends to raise awareness of the significance of Richmond's bog ecosystem and its biodiversity.

Our design sought inspiration from traditional Chinese ornamental patterns. We also took reference from lattice windows in classical Chinese gardens. The repeating emblems are connected by intertwining vines to create a continuous flow that compliments the use of this multipurpose pathway. In Feng Shui, water is the attribute of prosperity, and earth is the attribute of stability and support. Therefore, the artwork carries good wishes of prosperity and stability to the public, facilities, and shops in nearby zones.
