

CANADIAN INSTITUTE OF TRANSPORTATION ENGINEERS
BILL CURTIS TECHNICAL ACHIEVEMENT AWARD TO THE CITY OF RICHMOND
COUNCIL MEETING - JANUARY 10, 2011

The Canadian Institute of Transportation Engineers (CITE) is an integral part of the Institute of Transportation Engineers (ITE) which consists of transportation professionals in more than 70 countries who are responsible for the safe and efficient movement of people and goods on streets, highways and transit systems.

Each year, the Greater Vancouver Section of the CITE awards transportation professionals/agencies with the "*Bill Curtis Technical Achievement Award*" for outstanding transportation project achievement.

For the year 2010, the City of Richmond was presented the award in recognition of the outstanding technical achievement in the preparation and delivery of the "2010 Olympic Winter Games Transportation Plan" in Richmond. Richmond was an integral member as part of the "Olympic and Paralympic Transportation Team (OPTT)" involved in the "2010 Olympic Winter Games Transportation Plan" and other agencies in the OPTT also received similar recognition.

Presenter: Kanny Chow, M. Eng., P. Eng., Senior Transportation Engineer, Opus International Consultants (Canada) Limited, and past president of the CITE Greater Vancouver Section
