Vol 01
Re: **VANCOUVER AIRPORT FUEL DELIVERY PROJECT PROPOSAL UPDATE**

The General Purposes Committee, at its meeting held on Monday, June 1, 2009, considered the above matter, and recommends as follows:

Committee Recommendation

That in relation to any new and necessary jet fuel supply systems to YVR, a preference be endorsed for:

- (a) jet fuel supply system options that result in no net gain of jet fuel line length on Lulu Island;*
- (b) the further consideration and review of alternatives to the current VAFFC proposal;*
- (c) significant removal of fuel delivery trucks from regional roadways; and*
- (d) options that do not include an off-loading facility on the south arm of the Fraser River.*

Mayor Malcolm D. Brodie, Chair
General Purposes Committee

VARIANCE

Please note that staff recommended the following:

That:

- (1) The need for improved jet fuel supply systems to Vancouver International Airport to meet existing and future demand be recognize; and
- (2) a preference be endorsed for:
 - (a) improved jet fuel supply system options that result in either no or minimal net gain of jet fuel line length on Lulu Island; and
 - (b) the further consideration and review of alternatives to the current VAFFC proposal.
