Staff Report

Origin

In 2006, the City adopted the Child Care Development Policy 4017 (Attachment 3) which acknowledges that child care is an essential service in the community for residents, employers and employees. Policy 4017 directs staff to plan, partner and, as resources and budgets become available, support a range of quality, accessible and affordable child care including: facilities, spaces, programming, equipment and support resources. The Child Care Development Statutory Reserve and the Child Care Operating Statutory Reserve were established to financially assist non-profit societies with providing child care grants for minor capital improvements and supportive resources for child care providers.

This report supports the City's Social Development Strategy Action #10 - Support the establishment of high quality, safe child care services in Richmond through:

Administering the City's Child Care Grant Program to support the provision of quality, affordable, accessible child care in Richmond.

This report also supports the 2017–2022 Richmond Child Care Needs Assessment and Strategy:

Strategic Direction 2 – Creating and supporting child care spaces.

Findings of Fact

2019 Child Care Grants Budget

The City has two Child Care Reserve Funds that are used as a source of funding for the two types of child care grants:

- Child Care Capital Grants are funded from the Child Care Development Reserve (Bylaw No. 6367), established in 1994, for capital expenses including grants to non-profit societies for capital purchases and improvements (e.g. equipment, furnishings, renovations and playground development); and
- Child Care Professional and Program Development Grants are funded from the Child Care Operating Reserve Fund (Bylaw No. 8877), established in May 2012, to assist with non-capital expenses including grants to non-profit societies to support child care professional and program development within Richmond.

As part of the 2019 Capital Budget, a request was made to City Council to approve an expenditure of \$50,000 from the Child Care Development Reserve to be used for the 2019 Child Care Capital Grants and an expenditure of \$10,000 from the Child Care Operating Reserve to provide a budget for the 2019 Child Care Professional and Program Development Grants. In addition, these amounts have been supplemented with a total of \$19,907 in unspent funds from the 2018 Child Care Grants that were carried forward.

Notice Given and Applications Received

On August 21, 2018, a call for applications for the 2019 Child Care Grants was posted on the City's website. The availability of the grants was promoted through the City's social media channels and news releases. In addition, notices were forwarded to the Vancouver Coastal Health Community Care Facilities Licensing and to the Richmond Child Care Resource and Referral to share with their child care provider contacts. The deadline for submissions was November 5, 2018. A total of eight applications were received of which four were for Child Care Capital Grants and four were for Child Care Professional and Program Development Grants.

Analysis

Application Review Process

The Child Care Development Advisory Committee (CCDAC) convened a Child Care Grants Subcommittee to review the 2019 Child Care Grant applications and supporting materials. The subcommittee met on November 28, 2018 with the Program Manager, Child Care (CCDAC staff liaison) and Child Care Planner to prepare recommendations for consideration by the CCDAC voting members. The subcommittee assessed each application for compliance with the Child Care Grant Guidelines (Attachment 4) and used a rating form (Attachment 5) to score the applications from the following organizations:

Table 1: 2019 Child Care Capital Grant Applicants and Requests

Total Amount of Requests for 2019 Child Care Grants		\$63,963.04	\$54,187.00

The Child Care Grants Subcommittee summarized their review of the 2019 Child Care Grants applications received and outlined their recommendations to the CCDAC. CCDAC approved the recommendations of the subcommittee which is reflected in the minutes of the meeting on December 5, 2018. The total requests for the 2019 Child Care Grants amount to \$63,963.04 and the grant allocations recommended amount to \$54,187.00.

The four Capital Grant requests amount to \$45,928.04. Developmental Disabilities Association of Vancouver - Richmond, Little Wings Daycare Society, Richmond Society for Community Living and the Society of Richmond Children's Centres are seeking funding for playground equipment, program equipment and furnishings. All four applicants deliver licensed child care programs offering a range of services including Group Care Under 36 Months, Group Care 30 Months to School Age and Group Care School Age.

The four Professional and Program Development Grant requests amount to \$18,035. The four applicants are: Child Care Training and Professional Development Society of Richmond, East Richmond Community Association, Society of Richmond Children's Centres and Volunteer Richmond Information Services Society. Three of the four applicants are seeking funding to provide professional development opportunities for Richmond early childhood educators:

- The Child Care Training and Professional Development Society of Richmond is seeking funding for a Circles of Caring Conference 2019.
- The Society of Richmond Children's Centres is seeking funding to establish a Richmond Community of Practice, a new model of professional learning, for early childhood educators.

- The Volunteer Richmond Information Services Society is requesting a grant to provide a three-part workshop series called “Seeing Children” to support skills necessary for observing and documenting children’s learning.
- The East Richmond Community Association is seeking funding to send staff to participate in identified professional development in the community. Unfortunately, this application does not meet the Child Care Grant Program Guidelines as the Child Care Professional and Program Development Grant supports organizations to put on professional development opportunities rather than send individual staff members to professional development workshops. Therefore, the East Richmond Community Association’s application is ineligible for funding.

The CCDAC is recommending that the following four Child Care Capital Grants applicants: Developmental Disabilities Association of Vancouver - Richmond, Little Wings Daycare Society, Richmond Society for Community Living and the Society of Richmond Children’s Centres, as outlined in Table 1, be funded for a total amount of \$43,187. The Child Care Professional and Program Development Grant requests exceed the available budget, but given that one organization is not eligible, the remaining three applications (Child Care Training and Professional Development Society of Richmond, Society of Richmond Children’s Centres and Volunteer Richmond Information Services Society) are recommended for the amounts outlined in Table 2 totalling \$11,000.

Staff support the CCDAC recommendations as proposed in the attached list of 2019 Child Care Grants (Attachment 1).

For reference, summaries of the 2019 Child Care Grant applications are included with this report (Attachment 2). As the content of the summary sheets are taken verbatim from the applicants submissions, they will replicate any errors or omissions made by the applicants.

Financial Impact

The 2019 Child Care Grants budget of \$60,000 was requested as part of the City’s 2019 Capital Budget and is sufficient to support the two grant streams: the Child Care Capital Grants and the Child Care Professional and Program Development Grants. This is supplemented by an additional \$19,907 carried forward from the City’s 2018 Child Care Grants for a total of \$79,907. A total of \$54,187 in allocations is being recommended for the 2019 Child Care Grants, subject to City Council’s approval.

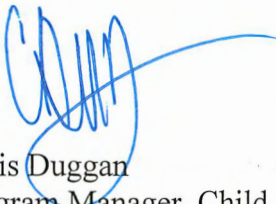

Staff recommend that a second Child Care Capital Grant intake for 2019 be scheduled to utilize the balance of unspent capital funds of \$25,720. A second intake would support current identified needs for additional capital funding for child care in Richmond. Since the initial grant intake two unique issues have arisen that could be addressed through a second intake using the unallocated funds:

- The City has appointed an operator for the future City-owned child care facility that will open in the Fall of 2019 in the Northview Estates development. The operator had not been determined at the time of the first grant intake and would benefit from the opportunity to apply for capital funding towards furniture and equipment for this new amenity.
- Due to very high demand for the enhanced Child Care BC Maintenance Fund grant program, the funds were fully expended and the program was unexpectedly closed on September 12, 2018. There have been no funds available to support child care operators to repair or replace furnishings and equipment required for compliance with licensing regulations since this time. A second grant intake would enable non-profit operators in the City to apply for funds for this purpose.

Conclusion

The Child Care Grants will assist with enhancing the provision of quality, affordable and accessible child care in Richmond. These grants support sustaining priority types of child care programs and enhancing the quality of child care in Richmond. This is consistent with the 2017–2022 Richmond Child Care Needs and Assessment Strategy.

Staff recommend approval of the proposed recommendations for the City's 2019 Child Care Grants amounting to \$54,187 with \$43,187 allocated to the four Child Care Capital Grant requests and \$11,000 allocated to three of the Child Care Professional and Program Development Grant requests. Staff also recommend that a second Child Care Capital Grant intake for 2019 be scheduled to utilize the balance of unspent capital funds of \$25,720.

Title: Riverside Sandbox Renovation

Amount: \$10,000.00

Purpose: Playground

Riverside CDC's sandbox is in disrepair. As the attached photos will show, the wood is weathered and the current storage area is not functional. The side compartments cannot be used to store the toys as water floods the bottom and creates a mess in the rainy months. For a short period of time this past summer, the entire sandbox was closed for sanitation as one or more baby rabbits found their way into the storage space and unfortunately were trapped and perished. Riverside would like to renovate the entire sandbox, create some functional (safe) storage and improve the accessibility for entry. The addition of a roof will allow for protection from both the sun and rain.

Service Delivery Benefits:

With the addition of a roof over the sandbox, the use of this playground area would increase on both hot or rainy days. Improving the access point of the current stair area would provide the freedom of entry for those with mobility restrictions.

Beneficiaries:

The current (and future) children and staff of Riverside would benefit from this grant. Riverside offers 25 daily child care spaces with 5-7 of those filled with children who require additional support.

Title: Little Wings Takes Flight

Amount: \$20,178.04

Purpose: Playground

The purpose of this grant is to provide safe outdoor fencing and assist with storage container costs for our move to a new location. Additionally we would like to purchase 2 new couches for parents and staff to use as a place to read, comfort and relax with the children.

Service Delivery Benefits:

Little Wings Daycare Society was advised unexpectedly by its landlord that the land lease of our current property would not be renewed and will expire on April 30, 2019. As a result, Little Wings Daycare is moving to a new location and requires funding for moving and ensuring our new location is safe and child friendly. The funds from this grant will allow Little Wings to install new fencing along the perimeter of our facility to offer an inviting and stimulating outdoor environment for the children to socialize and play in. The rental of large monthly storage containers will allow parents and staff to easily move toys and furnishings into a container to be moved to our new location. Additionally, the purchase of two new couches will be a welcoming spot for children, staff and parents to share meaningful moments as everyone adjusts to our new location.

Beneficiaries:

This grant will directly benefit 24 preschool aged children as well as 12 infants and 12 toddler aged children in our three programs. The 13 teachers at Little Wings will enjoy being able to provide safe outdoor opportunities and parents will have peace of mind knowing their children are being well cared for in a daycare that has appropriate fencing and comfortable and inviting furnishings.

Title: Communities of Practice

Amount: \$6,000.00

Purpose:

The SRCC has always sought to be a centre for excellence in early childhood practice and as such has collaborated and partnered with other early childhood organisations across Canada and in the USA. We have hosted international expert Ann Pelo for a Residency following which we were invited to collaborate with her on her new book "From Teaching to Thinking" 2018. Our purpose with this grant is to create a community of practice in Richmond BC focused on the book and on building connections and networks for Educators doing emergent, Reggio-inspired work. We are collaborating with others in Surrey, Delta and Burnaby who will also be establishing communities of practice and we will all come together in November 2019 for a retreat at which Ann Pelo will be the Keynote. This is a new model of professional learning in our field and we are leading it from Richmond!

Service Delivery Benefits:

The funds being requested will be used for facilitation and resource costs for the Richmond Community of Practice that will meet 5 times starting in February 2019 and culminating at the retreat in November 2019.

Beneficiaries:

The whole ECE community in Richmond will be invited to be part of the community of practice. However only those who are interested in or currently practicing Reggio-inspired, emergent, responsive curriculum are likely to sign up. We hope to have a Richmond community of practice of 25-30 participants from a range of child care providers. With this grant we could make this portion of the process barrier free and offer it at no cost. With no grant there would have to be a participant cost.

Title: Seeing Children Series

Amount: \$3,000.00

Purpose:

This grant will fund a three-part workshop series, called Seeing Children, in which participants will have an opportunity to reflect on their practice of observing young children.

Using the book by Deb Curtis, "Really Seeing Children," our first session will examine our own practices about how and what we observe and document. Using a reflective lens for teaching, participants will be able to use this tool in their own setting. They will also hear stories from educators participating in the Changing Results for Young Children project. There will be time to work in small groups using provocations and materials that inspire children's lively minds and rekindle what children might be thinking and wondering when using these materials. Participants will have time to visit three settings at Grauer School: "The Studio", the StrongStart, and a Kindergarten classroom.

In the second session, we will focus on planning the learning environment and discuss how changes in the environment change not only how we see children but how they see us. We will examine specific things that educators can do to support children's play, exploration and learning. What effect does the arrangement of the physical space have on children? What are some of the materials we find most engaging? How do we ensure that children's choices

Service Delivery Benefits:

This training series will equip early childhood educators not only with new skills, but a new perspective on how children learn and grow. Stemming from their adult worldview, even the most well-intentioned educators have inherent biases when working with children. For children to truly thrive, they need to be given an opportunity to explore their surroundings and interpret the world in their own way.

The Seeing Children Series will enhance child care delivery by teaching early childhood educators about the power of documentation. Workshop participants will learn how to use documentation to reflect on their own practices, so they can make adjustments – in curriculum, in the classroom setting – to better support children’s play, exploration, and learning. Participants will also discover how, through documentation, they can better communicate with parents and colleagues, and capture aspects of a child’s learning that may have otherwise gone unnoticed.

Richmond’s child care community is immeasurably strengthened by the passion and dedication of our early childhood educators. This training series will provide them with the skills and tools to observe children in a new light, and document children in a way that highlights their unique ability to learn through play and exploration. Child care centres that implement this approach will be better positioned to support children’s healthy growth and development, as they’ll inspire children to fully embrace their own creativity and curiosity.

Beneficiaries:

Early childhood educators will benefit from eight hours of professional development, during which they’ll learn how to observe and document the behaviours of young children, so as to create a learning environment more conducive to exploration, creativity, and self-discovery.

We anticipate that up to 40 educators will participate in the workshop series.

Parents will also benefit, as documentation will provide early childhood educators with a new tool through which to communicate a child’s learning. This means that parents will have a clearer window into their child’s life at daycare, capturing aspects of their growth and development that may have been hidden before. Documentation, in other words, will help parents better understand their child, and give them a glimpse into his or her inner world.

Partners (if applicable):

For the first workshop session, on January 26, 2019, the Richmond School District will provide in-kind space and custodial services.

Child Care Grants - Program Guidelines

Introduction

The City of Richmond provides grants to non-profit societies who provide child care services within the City's geographic boundaries. Child Care grants are funded by voluntary community amenity contributions from developers. These funds are held in the Child Care Development Reserve or the Child Care Operating Reserve. The ability to provide grants is subject to available funding and there may be years when the grant program(s) are not offered. For more information about the City of Richmond's approach to supporting child care services, please see the attached *City of Richmond's Child Care Development Policy*.

Eligibility

Non-profit societies that either (1) provide child care services or (2) support the provision of child care services are eligible. Applicants may be either non-profit child care providers seeking to improve the quality or capacity of care in their facility, or non-profit societies supporting quality programming and/or providing professional development opportunities for the broader child care community in Richmond.

Purpose

Child care grants are available for both: (1) capital and (2) professional and program development expenses. These purposes are outlined below.

(1) Capital

Capital grants are provided to acquire or upgrade physical assets such as property, buildings and equipment. Funding is available for a **one-time capital expense** that will improve the quality, availability and accessibility of child care in Richmond, such as: equipment, furnishings, renovations, playground improvements. For equipment to qualify as a capital expenditure, it must be of long-term use and durability (e.g., an easel would qualify; art supplies would not).

(2) Professional and Program Development

Non-profit societies developing or providing professional and program development opportunities (e.g., training, workshops) are eligible to apply for funding. The initiatives must be of benefit to the broader child care community in Richmond, rather than to a few specific centres. The need for and benefit to the child care community must be demonstrated.

Priorities

Priority will be given to applications supporting infant/toddler and school-age care, identified as priorities in the 2009 – 2016 Richmond Child Care Needs Assessment and Strategy.

Online Grant Application Process

The City of Richmond has moved to an online grant application process. Please refer to the *City of Richmond Child Care Grant Program - City Grants Web-based System Grant Applicant User Guide* which is posted on the City's web site. The guide provides tips and illustrations for all sections of the grant application. Terms and Conditions

- Funds must be used within one year of receipt by successful applicants.
- All grant recipients must provide a photo (for capital grants only) and a report documenting the use of the funds and the benefits received, as soon as complete (at the latest, one year following receipt) to the Child Care Development Advisory Committee.
- In addition, the grant received should be mentioned in any newsletter published by the organization and the City of Richmond logo included in any related publicity.

Consent to these terms will be requested as part of the application process.

Review Process and Approval Process

Grant submissions are first reviewed by City staff from the Community Social Development Division to determine eligibility and completeness. The City of Richmond's Child Care Development Advisory Committee reviews the grant applications and makes recommendations to City Council. These are summarized by staff into a report that is presented to Council for their consideration. All decisions concerning the approval of Child Care grants are made by Council. These decisions are final and there is no appeal process.

Submit an Application

The City of Richmond has an online web based grant application. The *Child Care Grants Program Guidelines* and the *Child Care Web-based System Grant Applicant User Guide* are useful resources to assist you with filing an online grant application. Only electronic applications will be accepted.

Application Deadlines and Decisions

The deadline for submitting a grant application will be determined annually. Late applications are not accepted. Please visit the City's grants web site for more information on the grant program and important application deadlines:
