Staff Report

Origin

On February 14, 2017, City Council approved 2017 Child Care Grants noting that after all allocations were approved residual funds would be remaining in the Child Care Capital Grants budget. Typically, the annual budget for this grant program is \$50,000. Staff advised that a second 2017 Child Care Capital Grant intake would be conducted in the spring to utilize the remaining funds for additional projects.

The City's Child Care Development Policy 4017, adopted in 2006, directs staff to plan, partner and, as resources and budgets become available, support a range of quality, affordable child care including: facilities, spaces, programming, equipment, and support resources. The Child Care Development Statutory Reserve was established to financially assist non-profit societies with providing child care grants for minor capital improvements. It provides the source funding for the Child Care Capital Grants.

This report supports Council's 2014-2018 Term Goal #2 A Vibrant, Active and Connected City:

Continue the development and implementation of an excellent and accessible system of programs, services, and public spaces that reflect Richmond's demographics, rich heritage, diverse needs, and unique opportunities, and that facilitate active, caring, and connected communities.

This report supports Council's 2014-2018 Term Goal #5 Partnerships and Collaboration:

Continue development and utilization of collaborative approaches and partnerships with intergovernmental and other agencies to help meet the needs of the Richmond community.

This report supports the City's Social Development Strategy Action #10 - Support the establishment of high quality, safe child care services in Richmond through:

Administering the City's Child Care Grant Program to support the provision of quality, affordable, accessible child care in Richmond.

Findings of Fact

2017 Child Care Capital Budget for the Second Intake

The Child Care Capital Grants are funded from one of the City's two Child Care Reserve Funds:

- The Child Care Development Reserve Fund (Bylaw 6367), was established in 1994 for capital expenses including grants to non-profit societies for capital purchases and improvements (e.g. equipment, furnishings, renovations and playground development).

On December 12, 2016, as part of the 2017 Capital Budget, Council approved the expenditure of \$50,000 from the Child Care Development Reserve to be used for the 2017 Child Care Capital Grants. An initial grant intake took place in the fall of 2016 which resulted in \$8,536.62 being

allocated to successful grant applicants, as approved by Council at the Council meeting held on February 14, 2017.

As presented in the previous staff grant report, the remaining funds of \$41,463 are now being used to contribute to a budget for a second intake of 2017 Child Care Capital Grant applications. These funds are being supplemented by \$23,131 of unspent funds remaining from the 2014 Child Care Capital Grant process for a total budget of \$64,594 for the second intake of the 2017 Child Care Capital Grants.

Notice Given and Applications Received

During April and May 2017, a call for applications for the second intake of the 2017 Child Care Capital Grants was posted on the City website, announced in a news release, promoted on social media (e.g. Facebook, Twitter), and circulated in e-mail blasts, by Vancouver Coastal Health and Richmond Child Care Resource and Referral, to licensed child care programs in Richmond. The deadline for submissions to the City's online web application system was Friday, May 5, 2017. A total of eight applications were received (Attachment 1).

Analysis

Application Review Process

The Child Care Development Advisory Committee (CCDAC) convened a Child Care Grants Subcommittee to review the 2017 Child Care Capital Grant second intake applications and supporting materials. For reference, summaries of the 2017 Child Care Capital Grant applications are included with this report (Attachment 2). As the contents of the summary sheets are taken verbatim from the applicants submissions, they will replicate any errors or omissions made by the applicant.

The subcommittee met on May 10, 2017 with City staff. They discussed the grant applications from the following organizations:

2017 Child Care Capital Grant Second Intake - Applicants and Requests		Requested Amount
Capital Grant Applicants and Requests		
1.	Atira Women's Resource Society	\$30,000.00
2.	Developmental Disabilities Association of Vancouver- Richmond	\$2,500.00
3.	East Richmond Community Association	\$2,384.79
4.	La Societe de la Garderie et de la Prematernelle les Moussaillons	\$6,712.94
5.	Society of Richmond Children's Centres	\$2,837.62
6.	Thompson Community Association	\$26,200.00
7.	Tomorrow's Topkids Child Care Society	\$14,305.49
8.	True Light School of British Columbia	\$4,000.00
Total Amount Requested		\$88,940.84

The Child Care Grants Subcommittee assessed each application for eligibility in compliance with the Child Care Grant Guidelines (Attachment 3). They reviewed the purpose of the grant, the

project proposals, and project budgets. Applications were scored by the subcommittee members using a rating sheet (Attachment 4).

On May 10, 2017, the CCDAC received a report from its Child Care Grants Subcommittee about the 2017 Child Care Capital Grant (second intake) applications. A total of \$88,940.84 was requested from eight organizations. These organizations are seeking funding for the following types of projects: outdoor playground improvements, indoor and outdoor equipment and furnishings.

CCDAC is recommending that all eight applicants receive funding for their projects. However, as the requests exceeded the available budget some adjustments have been made in order to ensure projects could proceed while utilizing the available funding in a fair manner to address all requests.

Financial Impact

The 2017 Child Care Capital Grants budget of \$64,594 was previously approved by City Council as part of the 2017 and 2014 Capital Plans. The funds being used are residual monies that were unspent in the previous Child Care Capital grant intakes for 2014 and 2017. A total of \$64,594 in allocations is being recommended for the 2017 Child Care Capital Grants – Second Intake, subject to City Council’s approval.

Conclusion

The Child Care Capital Grants will provide direct support to eight (8) non-profit organizations. The physical environments of five-hundred and fifty-four (554) licensed spaces will be enhanced and the children accessing these programs will benefit from new furnishings, equipment and playground upgrades. Staff recommend approval of the proposed CCDAC’s recommendations for the 2017 Child Care Capital Grants – Second Intake and the allocation of \$64,594 to the eight (8) applicants.

Title: Willow Early Care and Learning Center Furniture Proposal

Amount: \$30,000.00

Purpose: Furnishings

The purpose of this application is to purchase long-term, durable furnishings for the Willow Early Care and Learning Center. Currently the newly built child care facility is equipped with appliances and some built in furnishings however it is our intention to use these funds, if successful, to purchase a significant amount of the other required furnishings in order to open our doors to the community and the women and children living in the Affordable Housing units at Cadence, September 1st, 2017.

It is our belief Willow Early Care and Learning Center will enhance the delivery of Richmond child care services by addressing many of priorities outlined in the Richmond Childcare Needs Assessment and Strategy, intended to inform planning between 2009 and 2016. Located in the City Center neighborhood, Willow will be a support for community at large, including many City of Richmond employees, as well as the women and children who have been impacted by violence and are living in the co-located affordable housing units owned by Atira. Working in partnership with Vancouver Coastal Health and with the collaborative support of the Ministry of Children and Family Services, The Richmond Foodbank, AVIA Employment as well as others, it is our vision Willow will serve as a pillar in the community for inclusive support for those women and children most vulnerable in our community. With our commitment to provide child care support to the families in Cadence, the affordable housing program, we will be able to support Mom's to identify and seek further support for any complex behaviors their children may be managing. This early identification and support will promote school readiness and success for children as they transition into the school system.

Beneficiaries:

If we are successful with this application we will be supporting 37 children. WECLC will have 12 spaces for children under 36 months and 25 spaces for children 30 months to school age. If the initial interest is an indicator we will be opening Willow at capacity September 1, 2017.

Title: Riverside's Outdoor Play Improvements

Amount: \$2,500.00

Riverside's ongoing efforts to improve the centre's outdoor play space would benefit greatly with a purchase of play materials and a refurbishment of a fixed piece of equipment known as the "Crazy Daisy" (photos attached to this application).

We would like to the grant to purchase the following items. New couches for our 7 centres

Portable dishwashers for 5 of our 7 centres

2 in 1 laptops for our 7 centres

Service Delivery Benefits:

For the couches this will provide a clean and comfortable place for the children to sit and read books. It will also give the older children a "cool" place to be comfortable and socialize.

The dishwashers will keep all our dishes used for daily snacks and occasional lunches clean and properly sanitized. This will allow for less rewashing of dishes and ensure that we are meeting guidelines set out by VCH in the proper prep and clean up of food items in child care centres.

The computers will give our participants an opportunity to take their homework time in child care to the same level that they would complete at home. They can look up any questions they have, we have specialty programs that the children can use to enhance their school projects. This would also give them the benefit of being able to complete all their homework in the centre and give them more time to spend with their families in the evenings. For the staff team it would give an chance to better communicate from centre to centre sharing different activities and games. They could also look up new and different activities to for the children to do on the spot rather than waiting to look it up later. We could also keep daily attendance records online and have "live" attendance keeping. With the 2 in 1 laptop could be brought on field trips where all children's emergency files could be kept for easy reference when needed.

Beneficiaries:

Parents, children and staff members would all benefit from these items.

Child Care Grants Program Guidelines

City of Richmond - Community Services
Community Social Development
September, 2015

Child Care Grants - Program Guidelines

Introduction

The City of Richmond provides grants to non-profit societies who provide child care services within the City's geographic boundaries. Child Care grants are funded by voluntary community amenity contributions from developers. These funds are held in the Child Care Development Reserve or the Child Care Operating Reserve. The ability to provide grants is subject to available funding and there may be years when the grant program(s) are not offered. For more information about the City of Richmond's approach to supporting child care services, please see the attached *City of Richmond's Child Care Development Policy*.

Eligibility

Non-profit societies that either (1) provide child care services or (2) support the provision of child care services are eligible. Applicants may be either non-profit child care providers seeking to improve the quality or capacity of care in their facility, or non-profit societies supporting quality programming and/or providing professional development opportunities for the broader child care community in Richmond.

Purpose

Child care grants are available for both: (1) capital and (2) professional and program development expenses. These purposes are outlined below.

(1) Capital

Capital grants are provided to acquire or upgrade physical assets such as property, buildings and equipment. Funding is available for a **one-time capital expense** that will improve the quality, availability and accessibility of child care in Richmond, such as: equipment, furnishings, renovations, playground improvements. For equipment to qualify as a capital expenditure, it must be of long-term use and durability (e.g., an easel would qualify; art supplies would not).

(2) Professional and Program Development

Non-profit societies developing or providing professional and program development opportunities (e.g., training, workshops) are eligible to apply for funding. The initiatives must be of benefit to the broader child care community in Richmond, rather than to a few specific centres. The need for and benefit to the child care community must be demonstrated.

Priorities

Priority will be given to applications supporting infant/toddler and school-age care, identified as priorities in the 2009 – 2016 Richmond Child Care Needs Assessment and Strategy.

Online Grant Application Process

The City of Richmond has moved to an online grant application process. Please refer to the *City of Richmond Child Care Grant Program - City Grants Web-based System Grant Applicant User Guide* which is posted on the City's web site. The guide provides tips and illustrations for all sections of the grant application. In preparation for submitting an application, please have electronic documents in a location on your computer so they can be attached as requested. The user guide lists the preferred file formats for documents, spreadsheets and pictures. There are also forms posted on the City's web site that you can use to provide information on licensed capacity, project budgets and project timelines. If your Society previously received a child care grant, you will need to submit a grant use report to explain how the funds were used. This information must be submitted in order to be considered for a new grant. Here is a list of the items to have ready for attaching to your application:

- Society Incorporation Certificate, Contact List for the Society's Board of Directors, Officers and Executive Director, Most Recent Annual General Meeting Minutes, Provincial Child Care License(s), Last Year's Financial Statements or Audited Statement, Current Year Operating Budget, Itemized Project Budget, Project Timeline, and Support Letters; and

- Funds must be used within one year of receipt by successful applicants.
- All grant recipients must provide a photo (for capital grants only) and a report documenting the use of the funds and the benefits received, as soon as complete (at the latest, one year following receipt) to the Child Care Development Advisory Committee.
- In addition, the grant received should be mentioned in any newsletter published by the organization and the City of Richmond logo included in any related publicity.

Consent to these terms will be requested as part of the application process.

Review Process and Approval Process

Grant submissions are first reviewed by City staff from the Community Social Development Division to determine eligibility and completeness. The City of Richmond's Child Care Development Advisory Committee reviews the grant applications and makes recommendations to City Council. These are summarized by staff into a report that is presented to Council for their consideration. All decisions concerning the approval of Child Care grants are made by Council. These decisions are final and there is no appeal process.

Submit an Application

The City of Richmond has an online web based grant application. The *Child Care Grants Program Guidelines* and the *Child Care Web-based System Grant Applicant User Guide* are useful resources to assist you with filing an online grant application. Only electronic applications will be accepted.

Application Deadlines and Decisions

The deadline for submitting a grant application will be determined annually. Late applications are not accepted. Please visit the City's grants web site for more information on the grant program and important application deadlines:
