Comments:	I live in the development directly adjacent to the proposed rezoning at Eckersley and Park Roads. Like many Richmond residents, I am alarmed at the increasing density level of the City Centre area, and wish to express my concern specifically regarding the density of the proposed development and its impact on the neighbourhood, with the resulting increase in traffic. Furthermore, any development four storeys over a parking level is bound to be high enough to block the daylight presently received by the units on Citation Drive, and will no doubt negatively affect the value of these units. I respectfully request consideration of these concerns.
