### Staff Report

### Origin

In January 2012, the CAO established a Senior Management Policy and Procedure Sub Committee with a mandate to monitor and review City policies and procedures, to ensure policies are not impediments to providing high quality customer service, to ensure policies and procedures are current and relevant, and that policies and procedures are consistently applied throughout the organization.

This report deals with the rescinding of policies that are redundant and/or not relevant.

#### Analysis

The City of Richmond has 255 Council adopted policies covering various aspects of City business including:

- Administration
- Buildings Properties and Equipment
- Finance
- Heath and Social Services
- Land and Land Use Planning
- Personnel
- Public Works and Related Services
- Recreation and Cultural Services
- Regulatory and Protective Services
- Single Family Lot Size

Council Policies are different from Bylaws. Council has authority to regulate, prohibit or impose through establishing bylaws in business areas as outlined in the Community Charter. Council Policies express the philosophy of City Council and provide a framework for City staff to carry out administrative and operational matters. They distinguish between the policy-setting function of Council, and the policy implementation function of City staff (Administrative Procedures); ensure consistent operating practices on matters which occur on a regular basis and prevent inconsistent decision making on issues where fairness and equity are important considerations.

Staff has reviewed all 255 adopted City Council policies and has identified 41 policies that could be rescinded for a variety of reasons. The table attached outlines the policies and the rationale for recommending rescinding (Attachment 1). Each policy recommended to be rescinded is also attached (Attachment 2).

The next phase of the Policy Review process will be for staff to bring policy revisions and amendments to Council for consideration routinely until the remaining policies are updated and current.

#### **Financial Impact**

There is no financial impact.

## Policies Recommended for Rescinding

### Attachment 1

Policy	Title	Adopted by Council or Amended Date	Explanation	
1007	Servicing Agreements – Execution of Agreements	Nov 23, 2003	Now covered under the Subdivision & Development Bylaw 8751

# Visit City of Richmond Policy Manual Page 1 of 1 Adopted by Council: June 22/70 POLICY 9010 File Ref: 8350-00 BUILDING PERMITS – BUILDINGS CONSTRUCTED WITHIN RICHMOND BY HIGH SCHOOL STUDENTS POLICY 9010:

It is Council policy that:

3.

- 1. All required permit fees shall apply when any building constructed by students as part of the Richmond School District Education Program is relocated in Richmond.
- 2. The building will require inspections by the Permits & Licences Department to ensure conformity with construction codes and City bylaws.
  - The inspection fee for moving the building will not be required when it has been constructed for use by the School Board or City; the fee will, however, be required if the building has been contracted for non-public use and will be relocated within Richmond.
