Attn: David Weber
 To: Office of the City Clerk
 Subject: More than Just Shelter from the Rain- Green Roof Prospects for Richmond
 Date: November 16, 2010

Stephen Healey, Luke Strong-Cvetich, and David Angus, would like to make a short presentation to the Richmond City Council on Green Roof technologicis. The purpose of our presentation is to highlight the ecological, social and economic benefits that Green Roofs provide, as well as to highlight potential policy options to encourage Green Roof adoption by developers. The research was conducted as part of a term project, with one component of the project involving a presentation of our findings to relevant stakeholders. We feel that the City of Richmond will benefit from our research, and so we would like to share our ideas with the Richmond City Council at the Council meeting on November 22nd.

4040-07-0

If you could please add us to the delegation list for the meeting, it would be greatly appreciated. If there are any questions, please contact Stephen Healey by phone at 778-888-9505, or by e-mail at sfh2@sfu.ca.

Kind regards,

Stephen Healey
