Staff Report

Origin

In 2006, the City adopted the Child Care Development Policy 4017 (Attachment 3) which acknowledges that child care is an essential service in the community for residents, employers and employees. Policy 4017 directs staff to plan, partner and, as resources and budgets become available, support a range of quality, accessible and affordable child care including facilities, spaces, programming, equipment and support resources. The Child Care Development Statutory Reserve and the Child Care Operating Statutory Reserve were established to financially assist non-profit societies with providing child care grants for minor capital improvements and supportive resources for child care providers.

This report supports the City's Social Development Strategy Action #10 - Support the establishment of high quality, safe child care services in Richmond through:

Administering the City's Child Care Grant Program to support the provision of quality, affordable, accessible child care in Richmond.

This report also supports the 2017–2022 Richmond Child Care Needs Assessment and Strategy:

Strategic Direction 2 – Creating and supporting child care spaces.

Findings of Fact

2019 Child Care Grants Budget

The City has two Child Care Reserve Funds that are used as a source of funding for the two types of child care grants:

- Child Care Capital Grants are funded from the Child Care Development Reserve (Bylaw No. 6367), established in 1994, for capital expenses including grants to non-profit societies for capital purchases and improvements (e.g. equipment, furnishings, renovations and playground development); and
- Child Care Professional and Program Development Grants are funded from the Child Care Operating Reserve Fund (Bylaw No. 8877), established in May 2012, to assist with non-capital expenses including grants to non-profit societies to support child care professional and program development within Richmond.

Following the approval and distribution of the 2019 Child Care Capital Grants there was an additional \$25,720 remaining. City Council approved an additional Child Care Capital Grant Intake for 2019 to utilize the balance of unspent capital funds.

To identify potential changes to better support child care providers to access these funds within a single intake process in future years, staff will undertake a review in the third quarter of 2019.

This will include gathering information directly from previous grant recipients regarding the timing and communication of this valuable funding opportunity.

Notice Given and Applications Received

On March 4, 2019, the second intake for the Child Care Grant Program was opened on the City's website. The availability of the grants was promoted through the City's social media channels and news releases. In addition, notices were forwarded to the Vancouver Coastal Health Community Care Facilities Licensing and to the Richmond Child Care Resource and Referral to share with their child care provider contacts. The deadline for submissions was April 15, 2019. A total of eight applications were received for the second intake of the Child Care Capital Grants.

Analysis

Application Review Process

The Child Care Development Advisory Committee (CCDAC) convened a Child Care Grants Subcommittee to review the 2019 Child Care Grant–Second Intake applications and supporting materials. The subcommittee met on April 23, 2019 with the Program Manager, Child Care (CCDAC staff liaison) and Child Care Planner to prepare recommendations for consideration by the CCDAC voting members. The subcommittee assessed each application for compliance with the Child Care Grant Guidelines (Attachment 4) and used a rating form (Attachment 5) to score the applications from the following organizations:

The Child Care Grants Subcommittee summarized their review of the 2019 Child Care Grants–Second Intake applications received and outlined their recommendations to the CCDAC. CCDAC approved the recommendations of the subcommittee which is reflected in the minutes of the meeting on May 1, 2019. The total requests for the 2019 Child Care Grants–Second Intake amount to \$32,117.87.

The CCDAC is recommending that the following eight Child Care Capital Grants applicants be funded for a total amount of \$25,720 as outlined in Table 1: Atira Women’s Resource Society, Family Services of Greater Vancouver, Little Wings Daycare Society, Community Connections, Richmond Society for Community Living, Society of Richmond Children’s Centres, Thompson Community Association and True Light School of British Columbia.

Staff support the CCDAC recommendations as proposed in the list of 2019 Child Care Grants–Second Intake (Attachment 1). Six of the applicants are recommended for a reduced amount than originally requested. Reasons for this include additional information being provided after the application was submitted, recalculation of quotes provided resulting in reduced funds needed and the total amount requested exceeded the budget available. Additional details on the specific recommendations and the rationale for them is contained in Attachment 1 for reference.

For reference, summaries of the 2019 Child Care Grant–Second Intake applications are included with this report (Attachment 2). As the content of the summary sheets are taken verbatim from the applicants submissions, they will replicate any errors or omissions made by the applicants.

Financial Impact

The 2019 Child Care Grants budget of \$60,000 was requested as part of the City’s 2019 Capital Budget and to support the two grant streams: the Child Care Capital Grants and the Child Care Professional and Program Development Grants. This was supplemented by an additional \$19,907 carried forward from the City’s 2018 Child Care Grants for a total of \$79,907. In January 2019, \$54,187 was approved and distributed. Following the approval and distribution of the 2019 Child Care Capital Grants, \$25,720 of remaining funds was available for a second intake of the Child Care Capital Grants for 2019. A total of \$25,720 in allocations is being recommended for the 2019 Child Care Grants second intake, subject to City Council’s approval.

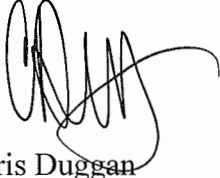

Conclusion

The Child Care Grants will assist with enhancing the provision of quality, affordable and accessible child care in Richmond. These grants support sustaining priority types of child care programs and enhancing the quality of child care in Richmond. This is consistent with the 2017–2022 Richmond Child Care Needs and Assessment Strategy.

Society: Family Services of Greater Vancouver

Title: Good sleep for babies

Amount: \$3,522.00

Purpose: Equipment

The Colt Daycare provides quality on-site daycare for young parents attending Richmond Secondary and working to complete their highschool education. The babies and toddlers at the Colt daycare need a restful and restorative nap each day. The cribs in our daycare are very old, suffering heavy wear and tear after years of regular use. Our cribs are in a state where they either need repairs, or total replacement. HealthLink BC advises against doing any repairs to cribs, but rather says replacement is necessary to ensure the safety of children using the cribs.

Service Delivery Benefits:

Family Services of Greater Vancouver is in partnership with the Richmond School District No. 38 since 1991 to provide the Colt Daycare and Young Parents program. Through this program Young parents have the opportunity to upgrade and complete their high school education while their children are cared for in the daycare on the school site of Richmond Secondary School.

The Colt Daycare provides quality on-site daycare for young parents attending school. The daycare staff are qualified and licensed with the Provincial Community Care facilities licensing board. They are trained early childhood educators and are knowledgeable in all areas of child growth and development. The daycare serves children under the age of 3 years old and the staff plan and implement the daily program to meet the changing needs of the children which will enhance their total growth and development. The daycare is an essential element of this program because it allows the young parents to focus on their school work while knowing that their children are safely cared for, happy and close by.

The funds provided by the City of Richmond will be used to replace six cribs at the daycare. Cribs are necessary for a daycare that serves very young children because each child will need time to sleep as they become fatigued throughout the day. Safe, sturdy and comfortable cribs allow us to provide the environment each child needs so that they can comfortably recharge their energy. This also allows us to return the children to their parents happy, healthy and ready for quality time with their family.

We have chosen a crib model designed to be used in daycare facilities.

Beneficiaries:

The babies and toddlers at the Colt daycare will directly benefit from this grant. The babies and toddlers use the cribs every day. They are in poor condition and are in great need of replacement.

Child Care Grants - Program Guidelines

Introduction

The City of Richmond provides grants to non-profit societies who provide child care services within the City's geographic boundaries. Child Care grants are funded by voluntary community amenity contributions from developers. These funds are held in the Child Care Development Reserve or the Child Care Operating Reserve. The ability to provide grants is subject to available funding and there may be years when the grant program(s) are not offered. For more information about the City of Richmond's approach to supporting child care services, please see the attached *City of Richmond's Child Care Development Policy*.

Eligibility

Non-profit societies that either (1) provide child care services or (2) support the provision of child care services are eligible. Applicants may be either non-profit child care providers seeking to improve the quality or capacity of care in their facility, or non-profit societies supporting quality programming and/or providing professional development opportunities for the broader child care community in Richmond.

Purpose

Child care grants are available for both: (1) capital and (2) professional and program development expenses. These purposes are outlined below.

(1) Capital

Capital grants are provided to acquire or upgrade physical assets such as property, buildings and equipment. Funding is available for a **one-time capital expense** that will improve the quality, availability and accessibility of child care in Richmond, such as: equipment, furnishings, renovations, playground improvements. For equipment to qualify as a capital expenditure, it must be of long-term use and durability (e.g., an easel would qualify; art supplies would not).

(2) Professional and Program Development

Non-profit societies developing or providing professional and program development opportunities (e.g., training, workshops) are eligible to apply for funding. The initiatives must be of benefit to the broader child care community in Richmond, rather than to a few specific centres. The need for and benefit to the child care community must be demonstrated.

Priorities

Priority will be given to applications supporting infant/toddler and school-age care, identified as priorities in the 2009 – 2016 Richmond Child Care Needs Assessment and Strategy.

Online Grant Application Process

The City of Richmond has moved to an online grant application process. Please refer to the *City of Richmond Child Care Grant Program - City Grants Web-based System Grant Applicant User Guide* which is posted on the City's web site. The guide provides tips and illustrations for all sections of the grant application. In preparation for submitting an application, please have electronic documents in a location on your computer so they can be attached as requested. The user guide lists the preferred file formats for documents, spreadsheets and pictures. There are also forms posted on the City's web site that you can use to provide information on licensed capacity, project budgets and project timelines. If your Society previously received a child care grant, you will need to submit a grant use report to explain how the funds were used. This information must be submitted in order to be considered for a new grant. Here is a list of the items to have ready for attaching to your application:

Terms and Conditions

The Terms and Conditions section of the grant application discusses the following expectations for grant applicants:

- Funds must be used within one year of receipt by successful applicants.
- All grant recipients must provide a photo (for capital grants only) and a report documenting the use of the funds and the benefits received, as soon as complete (at the latest, one year following receipt) to the Child Care Development Advisory Committee.
- In addition, the grant received should be mentioned in any newsletter published by the organization and the City of Richmond logo included in any related publicity.

Consent to these terms will be requested as part of the application process.

Review Process and Approval Process

Grant submissions are first reviewed by City staff from the Community Social Development Division to determine eligibility and completeness. The City of Richmond's Child Care Development Advisory Committee reviews the grant applications and makes recommendations to City Council. These are summarized by staff into a report that is presented to Council for their consideration. All decisions concerning the approval of Child Care grants are made by Council. These decisions are final and there is no appeal process.

Submit an Application

The City of Richmond has an online web based grant application. The *Child Care Grants Program Guidelines* and the *Child Care Web-based System Grant Applicant User Guide* are useful resources to assist you with filing an online grant application. Only electronic applications will be accepted.
