Staff Report

Origin

This report supports the Social Development Strategy Action 39:

Administer, monitor and enhance the City Grant Program, undertaking reviews as required to ensure that the program continues to have adequate resources, targets priority community needs and makes efficient use of staff resources.

Findings of Fact

2019 Health, Social and Safety Grant Budget

The 2019 Health, Social and Safety (HSS) Grant Budget is \$614,676. This total includes a 2.2 per cent Cost of Living increase over last year's budget, as per the City Grant Policy (No. 3712).

Notice Given and Applications Received

In September 2018, a call for applications for the City's 2019 Health, Social and Safety Grants was promoted through social media channels and the Community Services newsletter. The notice was circulated to the Richmond Community Services Advisory Committee as well as by request to other non-profit societies.

In the HSS category, a total of 35 applications were received for a total request of \$1,089,095. A table outlining requests and recommended 2019 allocations is provided in Attachment 1. A summary of each application is provided in Attachment 2, generated directly from application information provided in the web-based system. As summary contents are taken verbatim from the applicants' submissions, they will replicate any errors or omissions made by the applicant. Staff recommendations and comments are also included in each summary.

As indicated in the HSS Grant Program Guidelines (Attachment 3), all proposals must demonstrate that primarily Richmond residents will be served by the proposed grant use. While some applicants serve wider geographic areas (e.g., Family Services of Greater Vancouver, Canadian Mental Health Association—Vancouver-Burnaby Branch), all recommended grants support primarily Richmond residents.

Late Applications

As the City Grant Policy indicates that no late applications will be accepted, the web-based system is closed to submissions after the deadline. No post-deadline requests to submit were received.

New Applications

Four (4) applications were received from organizations that had not previously applied for Health, Social and Safety Grants: the Company of Disciples Christian Ministries Society; Pacific

Autism Family Centre Foundation; Senior Link – Independent Living Society and the Stigma-Free Society.

Application Review Process

A HSS Grant Review Committee, consisting of staff from the Community Services Division, reviewed the 2019 HSS applications. Recommended allocations were determined by the committee rather than individual reviewers. Assessment criteria outlined in the HSS Grant Program Guidelines, Sections 4 (Eligibility) and 5 (Application Assessment Criteria) (Attachment 3) were used to determine eligibility and assess applications.

Reasons for Partial or No Funding

Most applicants (60 per cent) are recommended for partial rather than full funding. Principle reasons for partial funding are:

- The City supports, but is not a primary funder, of non-profit organizations whose main sources of support include federal and provincial governments, BC Direct Access Gaming, foundations, endowments, donations and fundraising efforts; and
- The total amount requested by organizations exceeds the recommended City Grant budget; providing some assistance to many is considered preferable to providing full assistance to a few.

Other reasons for recommending partial or no funding include, but are not limited to:

- programs previously funded by other levels of government;
- funding responsibility lies in other jurisdictions;
- other funding partners have not been sought;
- insufficient community benefit demonstrated;
- lack of partnerships;
- duplication of service;
- unaccounted surplus;
- fee-based (user pay) budget should be used;
- City provides other forms of support to the organization; and
- quality, including completeness, of the application.

Minor/Major Grant Requests

Two streams of applications have been established; one for minor (\$5,000 or less) and one for major (over \$5,000) grant requests. A more comprehensive application is required for major grants (i.e., applications for minor grants have fewer sections to complete). In the Health, Social and Safety category, 10 organizations applied for grants of \$5,000 or less (minor), while 25 applied for grants over \$5,000 (major).

Multi-Year Funding Request

City Grant Policy No. 3712 (Attachment 3, page 9) allows applicants receiving City Grants for the same purpose, for a minimum of five of the most recent consecutive years, to apply for a three-year funding cycle. In the first year of a cycle, the comprehensive application form is required, while for the following two years, a briefer application is required. Council reviews recommendations annually to determine if each year of an approved cycle will be funded.

Financial Impact

The 2019 HSS Grant Program budget is \$614,676. A total of \$612,274 is recommended for disbursement (Attachment 1). The remaining balance of \$2,402 will be transferred to the Grant Provision account for future distribution.

Conclusion

The City's HSS Grant Program contributes significantly to the quality of life in Richmond by supporting community organizations whose programs and activities constitute essential components of a livable community. These grants support the work of non-profit social service agencies whose mandates align with the Social Development Strategy goals of social equity and

inclusion; citizen engagement; and building on social assets and community capacity. Staff recommend that 2019 HSS Grants be allocated as indicated to the many societies dedicated to supporting the well-being of Richmond residents.

Explanation for Annual Surplus or (Deficit):**Last Complete Year:**

As indicated in the 2016 report, the society had a cash flow deficit, thus in 2017, all expenses were trimmed down. The 2017 surplus is now under GIC and will be part of 1.3M that the ALS Society BC targets to raise at the end of 2018 to fund the ALS Centre for Excellence and to set aside society rainy day funds for 6 months. For the Society to be operational for 6 months, the society needs a rainy fund of 750K (currently the operating reserve is only 162K). These discussions can be found on our board and strategic planning minutes.

Current Year:

The data above only indicates revenues and expenses up to September 2018. As mentioned above, the Society plans to raise 1.3M at year-end of 2018 to fund the ALS Centre for Excellence and to set aside society rainy day funds for 6 months. Explanation for Accumulated Surplus or (Deficit):

As mentioned the Society is raising 1.3M by the end of the year to fund the ALS Centre for Excellence (facility, additional staff, clinical research) and to set aside society rainy day funds for 6 months. For the Society to be operational for 6 months, the society needs a rainy fund of 750K (currently the operating reserve is only 162K). These discussions can be found on our board and strategic planning minutes. Note that the government of British Columbia approved a grant of 120K to conduct a pilot caregiving program up to July 2019. The funds are reflected in the Balance Sheet under deferred revenue.

Society: Big Brothers of Greater Vancouver
Grant Type: Over \$5000 Multi Year - Year 3
Grant Request: \$10,000
Proposal Title: Community and Teen Mentoring Programs
Number Served: Richmond Residents: 41

Grant Request Summary:

Through decades of experience, Big Brothers of Greater Vancouver knows that an emotionally supported child will be equipped to handle the fast paced, technology obsessed world they find themselves in. Today's Canada needs our youth to be supported, mentally and emotionally, and ready to engage in their communities. As the 2016 BC Provincial Health Officer's Annual report, one of the key messages states that "strong and supportive families as well as having caring adults outside the family are important protective factors in young peoples' lives".

The Community Program matches adult male volunteers with boys aged 7-14 who have limited or no contact with a positive male role model in their lives. Big and Little Brothers spend 2-4 hours each week doing a wide range of low-cost fun activities together. We currently have 23 matches and 12 children in our wait pool to be matched. Children on our waitlist often wait up to 2 years before being matched with their mentors. We hope to reduce the wait pool and match at least 8 more children in the Community program this year. To do this, BBGV will continue growing relationships with Chinese Cultural Student Clubs, and creating targeted Facebook advertisements to Mandarin and Cantonese speaking individuals to address the need of new immigrant families. In addition, BBGV recruitment plans for the funding period will include allocating more resources to building and maintaining relationships with Richmond-based organizations who have an affiliation with volunteer-focused organizations as well as attending events that the City of Richmond hosts. These initiatives are being put into place to help recruit more volunteers to reduce the wait pool times for children waiting for a mentor in Richmond.

We run the Teen Mentoring Program in Richmond at Anderson Elementary School which matches 10 elementary school boys and girls (grades 1-7) with 10 teen "Buddy" mentors from the nearby high school, A.R. McNeil. Big and Little Buddies spend

Society: Big Sisters of BC Lower Mainland

Proposal Title: Big Sisters Mentoring Programs in Richmond
Grant Purpose: Community Service / Program / Event - Ongoing

Start Date (if applicable):

End Date (if applicable):

Number To Be Served: 30
Richmond Residents: 30

Grant Request Summary:

Big Sisters of BC Lower Mainland provides at-risk girls with dedicated, caring volunteer mentors who help them avoid risky behaviour, guide them through life's challenges, and help them reach their full potential. We provide mentors through two of our core programs, Big Sisters Mentoring and Study Buddy:

1. Big Sisters Mentoring: matches girls (ages 7-17) with a volunteer Big Sister in a one-to-one mentoring relationship, who meet once a week for 2-4 hours for a minimum of one year. Matches enjoy a wide range of activities that focus on building the confidence and life skills of the Little Sister. In 2017, we supported 322 Big and Little Sister matches.

2. Study Buddy: matches girls (ages 7 to 17) with volunteer tutors who offer them educational support and academic assistance. For a minimum of six months, Study Buddies meet for one hour a week outside of school to work on schoolwork and study skills. With the support of a Study Buddy, Little Sisters are encouraged to improve their education performance and meet their academic goals. In 2017, we supported 146 girls through the Study Buddy program.

When a parent, school personnel, social worker, or other helping professional recognizes the need for a positive adult role model in a girl's life, they refer her to our agency. In 2017 :

- 49% of our Little Sisters' families reported being "low income" (as defined by stats Canada) with 11% being "not low income," and the remainder being unreported
- 54% of our girls come from single parent families and 4% from foster care
- 22% of our Little Sisters were born in a country other than Canada

- 47% do not speak English as their first language, with 42 different first languages represented

Research shows that mentoring has a powerful impact on the lives of young girls. We know that 96 percent of adults who had a mentor as a child say they are happy and 92 percent feel confident. They also are more likely to achieve higher earnings and hold senior positions at work.

Proposal Title: Super Fun Groups - Richmond

Grant Purpose: Community Service / Program / Event - Ongoing

Start Date (if applicable):

End Date (if applicable):

Number To Be Served: 70

Richmond Residents: 70

Grant Request Summary:

Our grant request is to fund one of the two Super Fun Groups that we operated in Richmond. Super Fun Groups provide long-term support for children of parents living with a serious mental illness or addiction. All program participants are residents of Richmond aged 8-15. Over 90% of our participants are from families with low incomes.

To ensure families who need this service can access it, all barriers to access have been minimized (income, transportation, food security, etc.) and the program is provided at no cost to the families. Once a month, the program provides participants with a full day of recreational or leisure activities (i.e.: Playland, Beach Day, Waterslides, Aquarium, Urban Safari, in the winter - Movies, Christmas events and Snowboarding). These group activities enable them to have fun, participate in sports and special events, build social skills, establish strong friendships with other kids in the program who have similar situations in their life, and develop health attachments to non-related adults. The program also provides parents with respite to attend to their own mental health needs while knowing that their kids are well cared for by trained staff.

Richmond Services Received by Your Organization:

Richmond Super Fun Groups do not receive any services from the City of Richmond. The City of Richmond does support CMHA's annual bike ride fundraiser (Ride Don't Hide) by offering support in event application process, route design, water station logistics and event day route support on the portion of the route that goes through Richmond.

Society: Canadian Red Cross Society
Grant Type: \$5,000 or Less Single Year
Grant Request: \$2,000
Proposal Title: HELP Makes Homes Safe for Recovering Richmond Seniors
Grant Purpose: Operating Assistance

Start Date (if applicable):	End Date (if applicable):
Number To Be Served: 5366	
Richmond Residents: 2522	

Grant Request Summary:

The Canadian Red Cross respectfully requests \$2,000 towards the partial staffing cost of an Equipment Technician working at the Richmond Health Equipment Loan Program (HELP) Office. The Richmond HELP program provides free, by-donation loans of basic and advanced medical equipment to community members recovering from an injury or surgery, transitioning to a permanent dependency on a mobility device, or receiving palliative care in the home. Our data shows that 71% of HELP clients are seniors, 46% are elderly seniors over the age of 75, and 33% are recovering from hip or knee surgery.

Seniors are at the heart of the HELP program. Statistics show that 1/3 of seniors fall once or more each year. It is usually in the first days after discharge from hospital that seniors are most susceptible to a fall and re-injury. Furthermore, 47% of HELP clients are low income (making less than \$20,000 a year). Without HELP, many could not access essential equipment given the high costs of purchase and rent. With the number of Richmond seniors set to double by 2036, HELP fills a critical health service gap for Richmond residents and improves the well-being of the local community. Perhaps just as important, since the Richmond HELP Office is mainly managed by volunteers, the program reinforces the culture of mutual support and community solidarity in Richmond.

While much of the work at the Richmond HELP Office is performed by volunteers, a qualified Equipment Technician is integral to ensuring the highest safety and hygiene standards and fastest turnaround of equipment. The City of Richmond's funding ensures that every community member has access to the medical equipment they need immediately after discharge and can recover safely and quickly in the comfort of their homes.

Grant Type: \$5,000 or Less Single Year

Proposal Title: Taking Care of our Ourselves and Taking Care of Others (TCO²)
Grant Purpose: Community Service / Program / Event - Ongoing

Start Date (if applicable): **End Date (if applicable):**
Number To Be Served: 25,000
Richmond Residents: 3,000

Grant Request Summary:

Taking Care of Ourselves and Taking Care of Others (TCO²) is a unique, interactive and empowering workshop for children and youth aged 10-18.

Our workshops are designed and delivered by young adults who use monologues, role-plays and other interactive activities. TCO² workshop facilitators involve kids in a meaningful discussion about what sexual exploitation is, how to recognize it and how to prevent it from happening to themselves and their peers.

While there are many organizations which offer support and services to children who have already been affected (as do we), we are the only organization in BC providing preventative programs and services to stop sexual exploitation before it ever begins.

At the conclusion of our workshop, children and teens attending our TCO² Workshop will be able to identify and describe what sexual exploitation and human trafficking is, identify characteristics of exploiters, specifically, the tactics they use to find their victims, and understand the link between gangs and all forms of sexual exploitation. Our workshop also identifies the factors that put youth at greater risk for exploitation such as drug/alcohol use, LGBTQ2, indigenous heritage, currently in a youth agreement or foster care.

While sexual exploitation still happens on the streets, the vast majority of this criminal activity has moved online, which is why our workshops engage young people in discussion on the permanence of online content, how to stay safe online, how to identify components of an unhealthy relationship (Online and Offline), and identify resources and services available for kids needing support or more information.

Our program's primary goal is to provide kids with information and practical tools to keep themselves safe from all forms of sexual exploitation. At the end of each workshop, participants are asked to fill out surveys. This allows us to measure and report on the impact of our program.

Grant Request Summary:

Our mandate for Food For Life remains the same and this mission has continued to operate the same way. We believe that the attendees to Food For Life come not only for the meal but in many cases, for the social interaction that they would not have elsewhere. We have a large number of Mandarin and Cantonese-speaking guests and also encourage our Chinese-speaking counterparts from the Chinese church to participate in translation and community-building with them. As well, our volunteers come from various places such as local high schools, Royal Bank, other churches, etc. As they work together each week, there is a bond that builds within the volunteer group, too. Hopefully, all of this is building a greater sense of community in Richmond. We also bring in community services like RPL, health services info to the church and try and refer out as well.

Health, Social & Safety Program**

6911 No. 3 Road, Richmond, BC V6Y 2C1

Society: Company of Disciples Christian Ministries Society
Grant Type: Over \$5000 Single Year
Grant Request: \$15,000
Proposal Title: Chauffeuring and Delivering Groceries for the Elderly in Richmond
Grant Purpose: Community Service / Program / Event - Ongoing
Start Date (if applicable): **End Date (if applicable):**

Number To Be Served: 400
Richmond Residents: 400

Grant Request Summary:

The Need: Volunteer drivers to deliver groceries or chauffeur the elderly who reside in Richmond during a workday. There are not enough people to volunteer during working hours when the need is the greatest.

Proposed Activities: Our organization will rent Car2Go vehicles for working professionals in our community so that they can volunteer 1hr during their workday to deliver grocery packages ordered by the elderly or chauffeur them to their appointments or activities.

Community Benefits:

- 1) Working professionals who live in Richmond but work in Vancouver: This program provides a platform that is flexible for working professionals who want to volunteer and help their local community but don't have access to a vehicle since most of them transit to work. By offering this program, more working professionals would be able to volunteer to meet the increasing demand of the growing elderly population in Richmond.
- 2) Elderly resident in Richmond: This program will benefit the elderly not only to meet their basic needs of groceries and getting to and from their medical appointments and social activities but also inter-generational connection among the young working professionals thereby creating a bridge between generations

This program offers individual, family and group counselling provided by masters level registered clinical counsellors and registered social workers and is fully accredited by CARF International. The FSGV Counselling, Support and Education program serves clients of all ages, family configurations and income groups, addressing a wide spectrum of concerns including parenting issues, emotional and behavioural difficulties in children and youth, family conflict, depression and anxiety, relationship difficulties, loss and grief etc. This program prioritized and works primarily with residents of Richmond. Richmond Residents: **120**

Grant Request Summary:

Wellness Connections is an outreach program designed to assist at-risk, frail and isolated seniors 55+ to reconnect with their community and increase independence through participation in social, leisure and recreation programs. The program reduces isolation and improves the health of Richmond residents 55+ by removing barriers to participation and fills a gap in services for those not yet needing supervised health services but not able to independently access community centre programs. Clients are bused to and from their homes, enjoy education and leisure programming, adaptive fitness classes and a nutritious lunch in a social setting. The program utilizes volunteers to assist in its delivery and is offered four times a year, in eight week sessions with either a Chinese or English speaking option. Clients and their families and caregivers receive one-on-one leisure counselling and information referral to health and community services.

The Wellness Connections program involves extensive partnerships and collaboration between the City of Richmond, Vancouver Coastal Health (VCH), Minoru Seniors Society and other Community Partners. Over time the program funding structure has shifted and in the past two years of receiving the City Grant to offset some of the user-fee (from \$240 to \$170), participation in the program has steadily increased, expanding its impact. In order to support and expand Wellness Connections, outside grant applications have been made specifically aimed at targeting other hard-to-reach and vulnerable seniors; Wellness Connections East Richmond, Wellness Connections Just for Men, and Wellness Connections Aqua are all areas under consideration for expanded program development. The Wellness Connections program supports Council Term Goal: A Vibrant, Active, Connected City as well as the Seniors Services Plan and Social Development Strategy directions to reduce barriers for isolated seniors and address the needs of an aging population.

Proposal Title: Childminding at our Richmond Postpartum Support Group
Grant Purpose: Community Service / Program / Event - Ongoing

Start Date (if applicable): _____ **End Date (if applicable):** _____

Number To Be Served: 25
Richmond Residents: 25

Grant Request Summary:

This grant would provide for on-site childcare for mothers who attend the weekly Richmond facilitated support group for women experiencing postpartum depression or anxiety (PPD/A). Offering childcare for this group increases attendance and reduces barriers for mothers to access help. The group now usually operates at capacity: 8 women, most of whom bring one or more children. Furthermore, the childcare provided by trained and experienced childminders is an important component in mothers' recoveries. Many of these mothers are having difficulty getting well, as they have no opportunities for breaks. The professional child care workers staff a clean, spacious and welcoming child care room at Richmond Garratt Wellness Centre and provide some immediate practical relief for mothers. Many mothers experiencing postpartum depression and anxiety struggle to leave their infants with anyone, as it increases their anxiety; on-site childcare enables these mothers to both attend group and receive care for their children. Often this childcare is the first break the mother has had since the birth of the child, and this break can be a huge factor in her recovery. The mothers feel comfortable knowing their children are near, and they can temporarily leave the group meeting to nurse or settle their children. Without support and treatment, PPD/A can negatively affect the quality of life and health outcomes for parent and child, including serious consequences such as marital breakdown, child neglect and abuse, and suicide. PPD/A risk is close to 50% higher for new immigrants in urban areas, a group that includes many Richmond families.

Richmond Services Received by Your Organization:

We receive free use of two rooms at Richmond Garratt Wellness Centre for our support group and for the childcare for the group, weekly (ongoing).

6911 No. 3 Road, Richmond, BC V6Y 2C1

Society: Richmond Addiction Services Society
Grant Type: Over \$5000 Multi Year - Year 2
Grant Request: \$222,411
Proposal Title: Centre of Excellence in the Prevention of Substance Use, Misuse, Problem Gambling and other Addictive Behaviours
Number Served: Richmond Residents: 2500

Grant Request Summary:

RASS has received funding to support the City of Richmond to prevent the impacts and consequences of substance use, misuse and addiction as well as problem gambling and other addictive behaviours. In addition, we aim to delay the onset of first use by increasing the developmental assets of our community members by supporting the development of positive coping skills, decision making skills through the workshops, training sessions and awareness events in Richmond. Our collaborative programming and overall community level prevention strategies go beyond teaching coping and decision making skills as we create partnerships with other agencies to help build the social connectedness in our city. Funding from the city supports RASS to operate a professional, highly regarded and accredited set programs and services. The target groups are children, youth, parents and seniors with culturally appropriate interventions and programs to engage, and educate our community. The benefits of our programming are seen in falling substance use rates across the community, increased community engagement and service contacts with our agency. In addition the partnerships, collaborative projects and programs illustrate the many benefits our community receives from the work being done at RASS. Examples of our collaborative and creative prevention programs are seen at the Richmond Youth Media Program at the City of Richmond Media Lab, Supporting Families Affected by Parental Mental Health and Substance Use and our annual National (Aboriginal) Addiction Awareness Week event.

Changes that will impact grant use:

There have been additions to the work plan from last year which included the Overdose Prevention and Education Network focused on two activation events in the City in the first quarter of 2018. This was supported by an additional grant received by RASS from Community Action Initiative. In addition to this work, RASS helped organize a parent workshop helping educate parents regarding the new changes in legislation regarding Cannabis. Given that RASS is able to react and fill gaps in services and as such these two initiatives were not included in our 2017 grant use and completed in 2018, the city can assume, that new initiatives can be added to the work plan that focus on prevention of harm and health promotion.

Grant Request Summary:

For the Richmond Amateur Radio Club (RARC) to effectively carry out its Emergency Communications and Community Support programs, additional funding is required for communications collateral (GOG radio station renovations), volunteer support, and training and education expenses. By supporting local community activities, and contributing to the overall public safety at those events, the RARC will be more experienced and better prepared to carry out its role in emergency radio communications support for the City of Richmond by supporting Richmond Emergency Programs' Emergency Social Services (ESS), and playing a role with Emergency Management BC (EMBC).

Society: Richmond Family Place Society
Grant Type: Over \$5000 Multi Year - Year 2
Grant Request: \$30,000
Proposal Title: Strong and Healthy Families
Number Served: Richmond Residents: 6900

Grant Request Summary:

Richmond Family Place Society (RFP) is seeking funding to support its operating costs. RFP provides a wide array of preventative family support services and s programs to families with children birth to 12 years of age living in Richmond. These programs are delivered by qualified Early Childhood Educators and Pre-Teen Workers at 12 different sites throughout Richmond. The essence of Richmond Family Place is to promote community initiatives, enhance the parenting skills of caregivers, provide children opportunities to learn the skills they need to be successful in school and beyond, and to support the family as a whole. Families are also given information about other community resources. By participating in Family Place programming, parents feel less isolated, develop important social networks, establish a sense of belonging to their community and acquire a greater level of self confidence and self-esteem. This enables them to play a more active role in the community; they are more willing to be involved, to participate in problem solving efforts, to participate in community building initiatives, to care for and look after one another and to have a greater level of commitment to improving the community they live in. In addition to this, space at Debeck is made readily available and accessible to other community serving agencies for the purpose of providing programs that benefit the health and well-being of families, and therefore communities. Strong and healthy families build strong and healthy communities.

Changes that will impact grant use:

We are intending to use the funds for the same purposes.

We will only be receiving \$20,000 instead of \$42,000 in core funding from the United Way in 2019-2020 as they move to their new strategic direction. This may have an impact on our core funding, and programming if we do not have support from other funders. We are waiting to hear how other funding opportunities will roll out over the coming three months.

**Multi-Year Grant Application for 2019
Health, Social & Safety Program**

6911 No. 3 Road, Richmond, BC V6Y 2C1

Society: Richmond Mental Health Consumer and Friends Society
Grant Type: Over \$5000 Multi Year - Year 2
Grant Request: \$10,000
Proposal Title: Funding for Richmond Mental Health Consumer & Friends Society (RCFC) Peer Support Social Group (PSSG)
Number Served: Richmond Residents: 36

Grant Request Summary:

The Peer Support Social Group (PSSG) has been working towards empowering and re-integrating mental health consumers into the community through volunteer work and social activities. The group is open to all Chinese-speaking and non-Chinese speaking Richmond-based mental health consumers, who are over 18 years old, with a specific target of mental health consumers in various stages of recovery. With this grant we have been offering social and volunteer activities, encouraging consumers to participate and help in the planning of both in-house and community outings such as going out for lunch, cooking, singing karaoke, learning card or board games and going to the gym. The goal of this group was to maintain the health and wellbeing of a vulnerable population, while also improving their personal abilities, diminishing their social awkwardness, and achieving their personal goals. The community benefits from this program because it promotes a positive mental health community that supports one another and their self-improvement. Our group has also been good neighbours and demonstrated social responsibility by growing food for the Richmond Food Bank, preparing harm reduction kits for the Ann Vogel clinic and helping the RCFC with other administration tasks. This group has been run in-house at our office and in the community, weekly, on Monday afternoons from the Richmond Public library as computer literacy, on Wednesdays as social activity club, and on Fridays as a gardening group during the warmer months and a cooking group during the rest of the year. While the group has been run by a trained Mental Health Peer Support Worker, some of the responsibilities of leading activities, shopping for supplies, and preparing refreshments are rotated throughout the group to promote leadership. The Peer Support Social Group has given many consumers a chance to thrive in the City of Richmond by offering hope, resources, support and a place to belong.

Changes that will impact grant use:

The biggest difference, between the proposed and actual grant use by the Peer Support Social Group, is the number of users partaking in this program. Our initial estimate of 20 unique users has nearly doubled, now reaching 37 and still growing. During each four week period, the program runs, on average, 12 programs and averages 75 mental health contacts with 35 more contacts by outreach. The high demand for this group has caused us to run some merged groups, consisting of both participants from the PSSG and our Therapeutic Recreation Program.

CNCL - 241

For a short period of time, our recreation program has been able to cover some of the additional cost pressures caused by this increase in participation in the PSSG. This has made it possible for us to keep accepting new mental health consumers who want to take part in a PSSG group, without resorting to a wait-list system. However, this additional support is time limited, only available due to funds from wages freed while we were looking for a new Recreation Coordinator. Starting in April of 2019 our new recreation budget will be very limited and support for the PSSG will not be available. Unfortunately, without additional funding, we may have to reduce the number of groups and wait-list new participants.

Grant Request Summary:

Richmond Society for Community Living (RSCL) is the largest provider of services for people with developmental disabilities in the City of Richmond. RSCL programs and services support more than 1000 infants with special needs, and children and adults with developmental disabilities to participate and contribute fully as valued members in the community. RSCL offers supports for their families to navigate a complicated system of funding and care. RSCL offers awareness initiatives to schools, community groups and local businesses which help to create a more inclusive community and improve everyday life for everybody in Richmond.

The Family Resource Program provides information, resources and support to individuals and families who currently receive services. The Family Resource Coordinator provides referrals for families to access services and programs offered by community partners and can act as an advocate for the family to ensure appropriate continuum of care. Recognizing the need for support over the life-course, the program provides assistance to families and individuals with a developmental disability during all of life's transitions, resulting in the improvement in the quality of life for the individual and the improved well-being of the family unit.

The Family Resource Program responds to requests from the community including inquiries from residents who are new to the community. Workshops, information sessions, and special events such as the annual Family Picnic and the Children's Holiday party allow families to connect and create natural support networks.

Through the program health care partners and other social service providers in Richmond are able to communicate with one person who can facilitate connection for families to specialized and generic services and supports. This creates efficiency in the referral process among organizations and consistency for families who require multiple forms of support.

Grant Request Summary:

Richmond Women's Resource Centre is the only women's centre in Richmond. Our mission statement is: "To provide a supportive environment in which all women are supported and encouraged to achieve their fullest potential."

Deliveries: The Centre offers programs and services such as English conversation and English Writing, Single Mothers Support Group, Computer Training, Peer Support, Information and Referral services, French-speaking Women's Group, Community Volunteer Income Tax Program, Grandmothers Support Group, Hot Ink Creative Writing for Girls, Work Ready and Richmond Shares. Some of these services take place daily, some weekly, bi-weekly, monthly, or only at certain times of the year, for example, the Community Volunteer Income Tax Program takes place during the tax season every year.

Activities: Each program has activities tailored to achieve specific goals, to meet the needs of certain groups of women. There are classes, workshops, meetings, one-on-one tutorials, appointments, drop-ins and field-trips. They all aim to provide a safe, comfortable environment for women to learn, to improve their skills, to share experiences, and to find support so that they can better function in the community.

Current Year:

N/A. We budgeted a balanced budget for the current year.

Explanation for Accumulated Surplus or (Deficit):

An accumulated surplus is the result of the following endeavor in recent years: the Board continues to work diligently to organize a series of fundraising events including our annual International Women's Day Breakfast Fundraiser which was well-attended. As a cost cutting measure, the Board made the difficult decision to close the Centre during the summer months. An accumulated surplus is desirable for stability due to uncertainty in funding and revenue.

Society: Stigma-Free Society
Grant Type: Over \$5000 Single Year
Grant Request: \$9,000
Proposal Title: Stigma-Free Zone School Program
Grant Purpose: Community Service / Program / Event - Ongoing
Start Date (if applicable): **End Date (if applicable):**
Number To Be Served: 3000
Richmond Residents: 750

Grant Request Summary:

The Stigma-Free Zone School Program is a community-based participatory program that aims to promote mental health and reduce stigma of all kinds and to support youth dealing with stigma. The program also educates students grades 7-12 to be respectful and non-judgmental towards others. There are numerous stigmas in society, such as mental health issues, that contribute to many young people feeling alienated and not being accepted and understood by their peers. This Program encourages students to be agents of change by learning about the stigmas that cause others to be seen as 'different.' Students are educated about the trauma caused by bullying and recognize the negative consequences. Importantly, youth are prompted to take action against stigma in their school and as part of their daily lives. Following the presentation, students are encouraged to participate in the Stigma-Free Test and Stigma-Free Pledge, encouraging them to assess their views and perceptions.

Program Objectives

- To reduce stigmatizing attitudes and behaviour among students;
- To build mental health resilience among students;
- To promote help-seeking behaviour when students face mental health challenges;
- To cultivate students' compassion and respect toward stigmatized individuals, which helps to reduce bullying;
- To foster students' acceptance towards themselves and others.

Schools are given the option to work towards a Stigma-Free Zone designation for their school. Students, teachers and counsellors of participating schools engage in on-going

activities to promote mental health and reduce stigma.

Benefits to the City of Richmond

Presentations to 750+ Students in Grades 7-12 in City of Richmond.

In Spring 2019, the Society will be negotiating a Contract with the Richmond School District for Stigma-Free Zone presentations to 11 Secondary schools and 38 Elementary schools starting in September 2019. This will significantly increase the number of youth reached in the City of Richmond.

The Stigma-Free Society has been growing rapidly for the past two fiscal periods that has resulted in a small amount of surplus dollars. The Society is also expanding program delivery each year as more dollars are raised. The Society has between 25-33 funders per fiscal year and it is often difficult to determine repeat funding. However, the Charity has been successful in securing new funders each year making up for any potential deficit. Instead of ending each fiscal year with zero dollars, it is in the Society's best interests to have a small surplus of 12%- 15% of projected revenue annually that will safely carry the Society programming into the next fiscal year.

Society: Turning Point Recovery Society

Grant Type: Over \$5000 Multi Year - Year 2

Grant Request: \$15,000

Proposal Title: Turning Point Drop-in Center and Continuing Care Program

Number Served: Richmond Residents: 100

Grant Request Summary:

Turning Point Recovery Society is seeking funding from the City of Richmond to support operations at Richmond's only Drop-in Centre and Resource Hub. In May 2016, Turning Point received year-end funding from the BC Ministry of Health to secure a new permanent location for a Drop-in Centre in Richmond following the announcement that St. Albans would be closing. The grant provided \$200K for the expansion of our Outreach Counselling program and \$300K for the relocation of the Drop-in Centre. We received additional funding from the Ministry of Health in 2017 to further expand the mandate of the Drop-in Center so that we could provide additional supports for our patrons, including those that have since moved into Storeys. We are continuing to operate the Drop-in Center at the Salvation Army on Gilbert Road while we work with the City and other community partners to secure a more permanent location. Funding from the City grant this year again support Drop-in Center clients that will be residing in Storeys with Outreach Support and after care as well as the regular patrons of the centre.

A Drop-in Centre is critical to addressing the essential needs of everyone: food, shelter and community. In Richmond, these needs often go unmet for a significant percentage of our citizens. This is based on information and statistics from several sources including the 2016 Metro Vancouver Homeless Count, reports from the Richmond Food Bank and the Community Meal Program. According to the Food Bank, over 500 family's line up for groceries each week. It is critical that we have a site in Richmond where people who are struggling in our community can find the help and support they need. The primary goal of the Drop-in Centre is to provide a safe and supportive meeting place for our city's most vulnerable citizens; the poor, the unemployed, the marginalized and the isolated individuals in our city.

Changes that will impact grant use:

There have been no changes to operations at the Drop-in/Resource Centre with the exception that we exceeded our expected number of visitors projected in our grant last year - serving 136 vs 100. Of the 136 served, 133 were Richmond residents, clearly indicating the continued need for this critical social service.

Your Society's Budget:

Annual Surplus or (Deficit):	(253,722.00)	0.00
Accumulated Surplus or (Deficit):	0.00	0.00

Explanation for Annual Surplus or (Deficit):

Last Complete Year:

In response to the opioid crisis, the BC Ministry and Health, Vancouver Coastal Health Authority, legislated under the Community Care and Assisted Living Act that all providers of residential addiction recovery facilities in BC provide overnight awake staff. The cost to implement this change to Turning Point was approximately 80K per site. We were granted emergency one-time funding from BC Housing to help offset our deficit last year but it was not sufficient; resulting in the deficit last FY as indicated in our annual financial statements.

Current Year:

Vancouver Coastal Health has confirmed funding to offset our deficit for the remainder of the current FY. We are working with them on determining the funding model for next FY and beyond.

Funding for the operation of the Drop-in Center and Outreach Program at Turning Point is secured and is not impacted by these issues.

Also of note: Turning Point has added 2 new sites to our operations this FY (TP North Shore Men's and TP Squamish)

Explanation for Accumulated Surplus or (Deficit):

Turning Point does not carry accumulated surplus or deficits.

Grant Type: Over \$5000 Multi Year - Year 2

Grant Request: \$50,000

Proposal Title: Core Operating Funding for Richmond Cares, Richmond Gives (RCRG)

Number Served: Richmond Residents: 175,000

Grant Request Summary:

We're seeking core funding to support the operation of our Information & Volunteer Centre.

The provision of community information is one of our organization's key activities. Richmond residents seeking information on community resources can contact us for a free referral, whether in-person, over the phone, or via e-mail. If they come to our office, they can browse through our extensive brochure library, featuring materials from hundreds of government and non-profit agencies. On our website, meanwhile, we maintain Richmond's largest online Community Services Directory, with nearly 600 listings in over 40 categories. It also includes two major sub-directories, highlighting services for seniors and services for low-income residents, respectively.

We regularly attend community events, like the Richmond World Festival, to provide the public with community information. We produce print materials as well, such as the Annual Richmond Seniors Directory, which we publish in partnership with the Richmond News.

As Richmond's Volunteer Centre, our activities focus on encouraging and facilitating volunteerism. We do it through our website, which is home to Richmond's most comprehensive Volunteer Opportunities Database, featuring more than 80 positions from 60+ organizations. We also offer a free Volunteer Match service, where trained Advisors – volunteers themselves – meet one-on-one with Richmond residents, and help them find a volunteer opportunity that matches their skills, interests, and schedule.

Our Information & Volunteer Centre has a broad target audience; indeed, everyone in

CNCL - 272

Richmond is a potential client. That's because everyone can volunteer, and everyone needs to access community services. Our role is to be a hub for community engagement – a place that connects Richmond residents with volunteer opportunities and community resources. It's important work with far-reaching benefits, as a community becomes stronger when more people are actively involved.

1. Overview

(i) City Grant Policy

- City Grant Programs are governed by the City Grant Policy (attached).
- These Guidelines pertain to the following City Grant Programs:
 - Health, Social & Safety
 - Parks, Recreation and Community Events
- Separate programs exist for Arts and Culture and Child Care grants. Please see the City website (www.richmond.ca) for information about these programs.

(ii) Purpose

The purpose of these City Grant Programs is to help achieve the City's Corporate Vision, "To be the most appealing, livable and well managed City in Canada".

(iii) Principles

- Support the City's Corporate Vision
- Support non-profit organizations
- Benefit Richmond residents
- Maximize program benefits
- Promote volunteerism
- Build partnerships
- Increase community capacity
- Cost sharing and cost effectiveness
- Enhance but not sustain programs and services
- Promote user -pay when applicable
- Innovation.

(iv) Goal

The goal of these Programs is to increase community capacity to benefit Richmond residents by assisting non-profit community organizations to deliver programs and services.

(v) Objectives

- To assist Council to achieve Term Goals and adopted Strategies
- To improve the quality of life of Richmond residents through a wide range of beneficial community programs
- To assist primarily Richmond-based community groups to provide beneficial programs to residents
- To build community and organizational capacity to deliver programs
- To promote partnerships and financial cost sharing among the City, other funders and organizations.

2. Program Funding

(i) Base Program Funding

- Base funding will be reviewed intermittently, as determined by Council
- The amount allocated to the Programs will be based on overall City corporate priorities.

(ii) Annual Cost of Living Increase

- To maintain the effectiveness of base funding in light of general rising costs (e.g., the cost of living), an annual cost of living factor will be automatically added to the base funding of both programs
- The cost of living increase will be based on the Vancouver CPI annual average change as determined by BC Statistics for the previous year
- Finance Division of the City of Richmond will determine the amount annually and add it to the base funding.

(iii) Unused Program Funds

At the end of each year, unallocated Grant Program dollars are returned to the City's General Revenue Account.

3. Definitions

To clarify terms for applicants, reviewers and Council, the following are defined:

Partnership: A relationship between organizations that have a joint interest and which is characterized by mutual cooperation and responsibility, often for the achievement of a specified goal. This may be a formal relationship defined by written agreement outlining the contributions and expectations of each partner, or an informal relationship dependent on the goodwill of the partners involved with a particular project, issue or initiative.

Duplication: Two or more agencies offering the same service and/or program for the same target population during the same hours. Duplication may be desirable when a single agency does not have the capacity to meet the demand for service.

School (public and private) based programs: "School (public and private) based programs" are those funded, offered or initiated through regular fiscal, operational, curricular, extra-curricular and social activities of a school or a school district.

Community based programs in schools: "Community-based programs" offered in public and private schools or on school grounds are those that do not meet the definition of "school –based" and primarily benefit the larger community, rather than the school itself, the school district, or its students.

Organizations seeking funding for community-based programs in schools or on school grounds must provide a statement from the School Principal or the School District that the proposed use is approved of and will be accommodated, should funding be received.

 - Parks, Recreation and Community Events (Parks and Recreation).
2. Casino funding will be used to create three separate line items for these City Grant Programs in the annual City operating budget.
3. Each of the three City Grant Programs will receive an annual Cost of Living increase.

7. Only registered non-profit societies governed by a volunteer Board of Directors, requesting funding to serve primarily Richmond residents, are eligible.
8. Applicants may receive only one grant per year.
9. Applicants receiving City Grants for a minimum of the five most recent consecutive years will have the option of applying for a maximum three-year funding cycle.
10. Community Partner documents submitted to fulfill annual funding agreements with the City will be considered as part of grant application requirements.
11. Due to the high number of applications for limited funding, and as applicants may apply the following year, no late applications are accepted and there is no appeal process to Council's decision.
