Staff Report

Origin

Staff have reviewed section 1 of Bylaw No. 6936 Excess or Extended Services And Latecomer Payment Interest Rate Establishment and wish to bring forward an amendment to reflect up to date information related to financial institutions in Canada.

Analysis

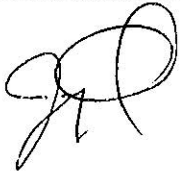

The current rate of interest as stated in the Bylaw is equivalent to the rate for a ten-year mortgage; on the date such excess or extended services are completed, as established by the financial institution with which the City deals. The ten year mortgage rate is no longer something that is commonly found amongst most of the financial institutions in Canada. Accordingly staff is recommending that a stated rate of 10% be utilized. This rate has been arrived at in consultation with Lidstone Young Anderson.

Financial Impact

None

Conclusion

Due to the unavailability of ten year mortgage rates in most financial institutions, staff recommend an amendment to Bylaw 6936 to include a fixed rate of 10%.
