Re: Application by 0786842 B.C. Ltd. for a Temporary Commercial Use Permit at
8311 Cambie Road

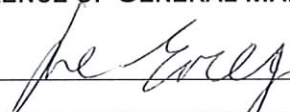

Staff Recommendation

1. That the application by 0786842 B.C. Ltd. for a Temporary Commercial Use Permit for property at 8311 Cambie Road be considered at the November 19, 2007 Public Hearing at 7:00 p.m. in the Council Chambers of Richmond City Hall, and that the following recommendation be forwarded to that meeting for consideration.

“That the Temporary Commercial Use Permit be issued to 0786842 B.C. Ltd. for property at 8311 Cambie Road to permit a temporary parking lot.”

Staff Report

Origin

0786842 B.C. Ltd. has applied to the City of Richmond for a Temporary Use Permit (TUP) to allow a temporary parking lot at 8311 Cambie Road (**Attachment 1**). The site was designed as a Temporary Commercial Use Permit Area in October, 1994, at which time a Temporary Commercial Use Permit (TUP 94-141) for a temporary parking lot was also issued. The Permit was valid for two years and expired on October 17, 1996. The property has recently been sold and the new owner would like to continue the existing temporary open parking lot operation until a development plan for the site is developed. Since it is not legitimate to renew an expired Permit, the applicant's only alternative was to make an entirely new application, which they have done.

Findings Of Fact

A Development Application Data Sheet providing details about the development proposal is attached (**Attachment 2**).

Surrounding Development

To the north & east: Vacant properties zoned Single-Family Housing District, Subdivision Area F (R1/F);

To the south: West of Hazelbridge Way, Aberdeen Centre; east of Hazelbridge Way, a vacant property zoned Single-Family Housing District, Subdivision Area E (R1/E); and

To the west: Across Hazelbridge Way, open parking lot on property zoned Automobile-Oriented Commercial District (C6).

Related Policies & Studies

Official Community Plan (OCP)

When the original Temporary Commercial Use Permit (TU 94-141) was applied for, the Official Community Plan (OCP) designated the properties as Temporary Commercial Use Permit Area. As noted in the Development Application Data Sheet, the current OCP designates the site as "Mixed-Use" and the City Centre Area Plan (CCAP) designated it as "Detailed Land Use Study Area". The CCAP Update and Implementation Strategy are ongoing and it is envisioned that the area will be developed for high-density mixed uses.

The City of Richmond's OCP permits Temporary Commercial Use Permits in those areas designated "Commercial", "Neighbourhood Service Centre", "Local Commercial", "Business and Industry", "Limited Mixed-Use", "Mixed-Use" and "Airport" where deemed appropriate by Council and subject to conditions suitable to the proposed use and surrounding area.

Local Government Act (LGA)

The Local Government Act (LGA) specifically identifies that Temporary Commercial Use Permits are valid for a period no greater than two years from the date of issuance of the Permit. It also identifies that Temporary Commercial Use Permits can only be renewed once with the same two-year time limit applying.

Staff Comments

Background

The subject property was owned by the developer of the hotel and shopping centre complex "President Plaza" at 8181 Cambie Road and the temporary open parking lot at 8311 Cambie Road was developed to provide additional parking stalls for the occupants in President Plaza. In recent years, this parking lot is also open to the public.

On-Site Improvements

The site is paved and improved with lighting and proper drainage. The applicant is proposing to revise the parking lot layout (**Attachment 3**) to comply with the current Off-Street Parking and Loading requirements under Zoning Bylaw #5300. The applicant is also proposing to add new landscaping along the Hazelbridge Way frontage and make good existing landscaping along the Cambie Road frontage (**Attachment 4**).

In order to ensure that the improvements and landscaping works proposed on-site are undertaken, the applicant has agreed to provide a landscape security in the amount of \$52,500.00 prior to the issuance of the Temporary Use Permit. This budget includes asphalt removal from setback areas, construction of new extruded concrete curbs and concrete walkway, material and installation cost for new soil and planting materials. 90% of the security will be released upon City's inspection and 10% of the security will be release one year after the inspection in order to ensure that the planting would survived.

As a condition to the issuance of the Temporary Commercial Use Permit, a Performance Bond in the amount of \$10,000 is required to ensure any temporary buildings, structures and signs be demolished or removed, and the site and adjacent road be maintained and restored to a condition satisfactory to the City of Richmond, upon the expiration of the Permit. This will be held until the Permit expired in two years.

Off-Site Improvements

As a condition to the issuance of the Temporary Use Permit, the applicant has agreed to construct a 1.5 m wide concrete sidewalk and a grass and treed boulevard (width to be determined) along the east side of Hazelbridge Way from the intersection of Cambie Road and Hazelbridge Way to the existing concrete bus stop pad in front of the subject property, through a City's Work Order, at the applicant's sole cost. This will connect the existing sidewalk along Cambie Road to the bus stop on Hazelbridge Way.

Official Community Plan (OCP) Aircraft Noise Sensitive Development (ANSD) Policy

The subject site is located within the Aircraft Noise Sensitive Development (ANSD) Policy Area. As the site is affected by Airport Noise Contours, the development is required to register a covenant prior to issuance of the Temporary Commercial Use Permit.

Flood Management

In accordance with the Interim Flood Protection Management Strategy, registration of a Flood Indemnity Covenant on title is required prior to issuance of the Temporary Commercial Use Permit.

Analysis

Permanent development of the site is premature because of the anticipated changes in the City Centre Area Plan. It is recognized by both the applicant and the City that in the future, this area will be developed for high-density mixed-uses. However, in the meantime, a temporary parking lot is a compatible interim use of the land. Permitting parking use will allow for a productive economic use of the site until permanent development becomes feasible.

Staff have had no objections to the proposal to continue the existing temporary open parking lot operation on the subject site and recommend that a Temporary Commercial Use Permit be issued on the clear understanding that this Permit will expire in two (2) years. Should the applicant wish to continue to operate a parking lot on site beyond the two-year period, an application for extension would be required.

Financial Impact

None.

Conclusion

It is recommended that the attached Temporary Commercial Use Permit be issued to 0786842 B.C. Ltd. to allow a temporary parking lot at 8311 Cambie Road.

- Attachment 3: Preliminary Site Plan
- Attachment 4: Preliminary Landscape Plan

1. Prior to Council issuance of the Temporary Commercial Use Permit, the following requirements must be completed:
2. Provide a Landscape Security to the City of Richmond in the amount of \$52,500.00 for the landscape works as per the Landscape Plan, and the improvements in the parking area as per the Site Plan/Parking Layout, both prepared by Horvath Interior Design Inc., attached to the Report to Committee dated October 1, 2007. 90% of the security will be released upon City's inspection and 10% of the security will be release one year after the inspection in order to ensure that the planting has survived.
3. Provide a Performance Bond to the City of Richmond in the amount of \$10,000 to ensure any temporary buildings, structures and signs be demolished or removed, and the site and adjacent road be maintained and restored to a condition satisfactory to the City of Richmond, upon the expiration of the Permit.
4. Construction of a 1.5 m wide concrete sidewalk and a grass and treed boulevard along the east side of Hazelbridge Way from the intersection of Cambie Road and Hazelbridge Way to the existing concrete bus stop pad in front of the subject property via a City Work Order (currently a cost of \$8,500).
5. Registration of an aircraft noise covenant on title; and
6. Registration of a flood indemnity covenant on title.
