9. **OFFICIAL COMMUNITY PLAN BYLAW 7100, AMENDMENT BYLAW 9062**

RICHMOND ZONING BYLAW 8500, AMENDMENT BYLAW 9063

(Location: 4020, 4080, 4100, 4180, 4280 and 4300 Bayview Street (formerly 4300 Bayview Street); Applicant: Onni Development (Imperial Landing) Corp.)

Applicant's Comments:

Chris Evans, Executive Vice-President, Onni Development, commented on the history of the application and spoke on various efforts by Onni to address the concerns of the City and other stakeholders. He remarked that Onni has met with the Steveston Merchants Association, the Steveston Community Association, the Steveston 20/20 group, and the Steveston Harbour Authority. Mr. Evans advised that an Open House was held in September 2017 for the public to provide input on the current proposed application. Mr. Evans remarked that Onni has made every effort to address the comments of the different stakeholders in Steveston Village, and was of the opinion that the proposed 32-unit hotel will be a tremendous addition to the area.

Blair Erb, Coriolis Consulting Corporation, representing the Applicant, spoke to his role as it relates to the calculation of the proposed amenity contribution, noting that the intent of the process was to determine the potential increase in land value should the proposed application be approved. Mr. Erb noted that the City does not have a policy that prescribes the appropriate amount for an amenity contribution based on the potential increase in land value. Mr. Erb then commented on other municipalities' practices with regard to community amenity contributions, and was of the opinion that a community amenity contribution reflecting 50% of the anticipated land lift is fair and equitable.

- (uuu) Kelly Greene, Richmond resident, (Schedule 78)

Submissions from the floor:

Thelma Smith, 4111 Bayview Street, spoke in opposition to the proposed development, citing concerns on the integrity of the Applicant as she was of the opinion that the Applicant had always intended to submit an additional rezoning application to allow other uses other than Mixed Maritime Use. Ms. Smith further spoke to the current subject site, stating that the existing buildings were designed in a manner in which they can easily be converted and utilized for other uses, as currently included in the proposed application. Ms. Smith then urged Council to protect the quiet nature of surrounding neighbourhoods and reject the application.

Colleen Burke, 4311 Bayview Street, spoke in opposition to the proposed development and read from her submission (attached to and forming part of these minutes as Schedule 75).

Tom Beaupre, Hammersmith Way, spoke in favour of the proposed development, noting that he will be relocating to Steveston Village in the near future, and is looking forward to a more vibrant life during his retirement. Mr. Beaupre then remarked that tourism decreases during the winter months and local businesses suffer, therefore he was of the opinion that the proposed hotel would attract more tourists to the area throughout the year.

**Regular Council meeting for Public Hearings
Monday, October 16, 2017**

John Roston, 12262 Ewen Avenue, referred to tables related to the amenity contribution calculations (attached to and forming part of these minutes as Schedule 18) and drew attention to anticipated lease rates for each building based on use. Mr. Roston was of the opinion that regardless of what is permitted in each building, the space will likely be occupied by the services that yield the highest lease. He then spoke on the proposed community amenity contribution amount and was of the opinion that Council should insist on receiving the maximum land lift value and not 50% as currently being offered.

Jay Nunns, 10200 4th Avenue, spoke in favour of the proposed development. He was of the opinion that revitalizing the boardwalk will continue to serve as a bridge from Steveston Village to Britannia Heritage Shipyard, and that the proposed boutique hotel would be a great opportunity to provide a tourism amenity.

Cynthia Rautio, 12282 English Avenue, spoke in opposition to the proposed hotel development as she was of the opinion that it would provide no benefit to the residents of Steveston Village. Ms. Rautio remarked that she would prefer to see businesses such as doctors' offices on the subject site as these uses would be good resources for retirees and older adults with mobility issues. Ms. Rautio also commented on the proposed community amenity contribution amount and was of the opinion that a larger figure needed to be considered.

Jim van der Tas, President of the Steveston Merchants Association, suggested that the development be split into thirds whereby each third would be Retail, Commercial, and Maritime Mixed Use.

Lorne Slye, 11911 3rd Avenue, spoke in favour of the proposed development, as he wished to see an increase in tourism in Steveston Village and the proposed hotel would provide much needed viability to the area.

Phil Karlsson, 3560 Broadway Street, spoke in favour of the proposed development, noting that the existing zoning is not viable and it is time to move forward. He was of the opinion that developing a hotel on the site would be advantageous to Steveston Village and beneficial for tourism within the City. Mr. Karlsson spoke on the community amenity contribution amount and urged Council to acquire the maximum.

Ann Phelps, Vancouver resident, spoke in favour of the proposed development. She stated that she is heavily involved with the Dragon Boat Festival in Steveston and was of the opinion that developing a hotel in the area would benefit Festival goers.

**Regular Council meeting for Public Hearings
Monday, October 16, 2017**

Owen Fan, 7531 Minoru Boulevard, was of the opinion that Steveston Village is in need of further development, and the proposed hotel would benefit the community, particularly in light of the various festivals that take place in the community. Mr. Fan was in favour of the proposed development moving forward as he no longer wished to see the subject site vacant.

David Chinn, 9388 Odlin Road, spoke in support of the proposed development, as he wished to see the subject site completed as the emptiness acts as a disconnect between Steveston Village and Britannia Heritage Shipyard. He was of the opinion that the proposed development would further increase usage of the boardwalk, and that the vacant space needs to be utilized.

Carl Hibbert, 12633 No. 2 Road, spoke in favour of the proposed development, and was of the opinion that leaving the site vacant gives the impression that the location is abandoned. Mr. Hibbert then spoke on the proposed rent rates, noting that a low rate would be detrimental to other properties as businesses would likely relocate to take advantage of said low rates. Mr. Hibbert wished to see the application move forward and urged Council to approve the proposal before them.

Agnes Gaglewski, 4080 Bayview Street, owner of Generation Daycare Incorporated, commented on her positive experience with Onni as it relates to her business, and spoke in favour of the proposal as she believes that it will be of great benefit to the community.

Brian Burke, 5500 Andrews Road, spoke in favour of the proposed development, stating that it is time to move forward with the application and enhance Steveston Village by providing services that will undoubtedly benefit the community.

Karl Palla, 11839 Dunford Road, spoke in support of the proposed application, wishing to see the vacant subject site developed as it is currently unsightly. He was of the opinion that the addition of commercial development to the area would be timely and a great benefit to the community. He then spoke on the proposed community amenity contribution, noting that a reasonable compromise should be reached utilizing the two parties' economic consultants' findings.

**Regular Council meeting for Public Hearings
Monday, October 16, 2017**

Jeff Jones, 12333 English Avenue, spoke in favour of the proposed development, as he wished to see the area grow and incorporate vital amenities. He then remarked that small businesses in the area would benefit from the new developments being proposed, and was of the opinion that the Applicant has put forth a quality proposal for Imperial Landing. Mr. Jones then urged Council to approve the proposed development.

Georgeann Glover, 5600 Andrews Road, spoke in favour of the proposed development and was of the opinion that keeping the Mixed Maritime Use would only exasperate vacancies. Ms. Glover remarked that she is agreeable to having more retail choices in Steveston Village, noting that appropriate use of the site supersedes the proposed community amenity contribution amount.

Jane Pratt, 5500 Andrews Road, spoke in support of the proposed development, noting that she is in favour of all the proposed uses as it will further complement Steveston Village's appeal.

Allyn Rodden, 11220 Frigate Court, expressed support for the proposed application, noting that she wishes to see it move forward. Ms. Rodden supported the proposed hotel use as she believed that it would benefit the community. She then urged Council to consider the advantages to the community when making their decision on the proposed application.

Dieter Nachtigall, 4280 Bayview Street, spoke in support of the proposed development, and stated that he believed it is an opportunity for the community to grow and build for future generations. He was of the opinion that the proposed hotel will fit well with the artistic parameters of the community, and urged Council to approve the proposal.

Mayor Brodie acknowledged the conclusion of the first round of public speakers and invited the Applicant to address Council on comments made by the public delegations.

Mr. Evans spoke on the proposed community amenity contribution, stating that land appraisals are often contentious, which is why independent professionals were retained. In response to queries from Council, Mr. Evans provided the following information:

- the anticipated average hotel stay would vary by season;
- gaining support for an application is a time consuming process, hence the delay in bringing one forward sooner;
- the proposal suggested by the Steveston Merchants' Association for the the property to encompass equal parcels of Retail, Commercial, and Mixed Maritime Use is not feasible; and

**Regular Council meeting for Public Hearings
Monday, October 16, 2017**

- in addition to the proposed new zones, Mixed Maritime Use will continue to be in place.

Mr. Evans then stated that as the proposed application has undergone a significant and lengthy process, and in the interest of moving the proposal forward, the proposed current amenity contribution would be increased by \$1 million.

Five speakers then addressed Council for a second time with new information.

Cynthia Rautio, 12282 English Avenue, spoke in opposition to the proposed hotel, however noted that other land uses, such as commercial uses, on the subject site should move forward. Ms. Rautio queried whether the current rental units on the subject site were permitted to be used as hotel rooms in the future and it was noted that this was not a possibility. She was of the opinion that should the proposed hotel be approved, the vacant space could no longer be used for commercial uses that would benefit the community and that for hotel room prices would be too high..

Jim van der Tas, President, the Steveston Merchants Association, queried if the application were to be approved is the Applicant required to build a hotel. In response to his query staff advised that the Mixed Maritime Use would continue to be in place and the hotel use would be an addition.

Lorne Slye, 11911 3rd Avenue, was of the opinion that Steveston Village requires density in order for this area to remain viable for businesses, and expressed support for the proposal before Council.

John Roston, 12262 Ewen Avenue, spoke on the specifics of the two economic consultants' community amenity contribution calculations. He stated that although he is frustrated with the vacant subject site, he believes the Applicant must increase their proposed community amenity contribution amount significantly.

Blair Erb, Coriolis Consulting Corporation, representing the Applicant, commented on how the land lift value was calculated.

The Chair stated that there were no further speakers and then acknowledged the end of the speakers on the issue.

Discussion took place and Council expressed concern with regard to the proposed community amenity contribution amount and the proposed land uses were further discussed.

**Regular Council meeting for Public Hearings
Monday, October 16, 2017**

Council discussed the merits of referring the matter back to staff versus deferring Council consideration to the November Public Hearing. The Chair suggested that if Council was not satisfied with the land uses, that a referral back to staff would be appropriate.

In response to a Council query regarding deferral to the November Public Hearing, Mayor Brodie stated that the matter would not be delegable in November re-iterating that the public commentary on the matter was done and that Council consideration would simply continue from this point. He further noted that deferral of the discussion on Bylaws 9062 and 9063 to the next Public Hearing was for the specific purpose of having further discussion on the amenity contribution component.

As a result of the discussion, the following **motion** was introduced:

PH17/9-15

It was moved and seconded

That Council consideration of Official Community Plan Bylaw 7100, Amendment Bylaw 9062 and Richmond Zoning Bylaw 8500, Amendment Bylaw 9063 be deferred to the November 20, 2017 Public Hearing scheduled for 7:00 p.m. in the Council Chambers at Richmond City Hall for further discussion, analysis and information regarding the amenity contribution component.

Survey Response

Your Name	Dr. Fraser Lawrie
Your Address	3731 Shuswap Ave, Richmond
Subject Property Address OR Bylaw Number	3751 Shuswap Ave, Richmond
Comments	<p>We have concerns regarding the change in zoning from RS1/E to RCH1 proposed for 3751 Shuswap Ave. Our two vehicle car port is in the lane directly opposite where the proposed two new detached garages will be. None of the other Coach Houses/garages in the lane are opposite car ports such as ours. We see vehicles illegally parked outside these garages all the time. We believe the proposed new garages will cause us a problem with access to our property. There will also be a problem when garbage cans, garden refuse and recycling boxes are placed in the lane for pick up. Another area of concern is street parking. Will the new residents always park in their garages? Will they have more vehicles than garage space? We already have problems with the people in the townhouses built along One Road. They have decided it's alright to park outside our home and in front of our neighbor's homes. This is not acceptable. We purchased our home in 1979. The large frontage we own was not purchased as a</p>

parking area for other people. The parking by-law office and officers have been very efficient in dealing with our complaints about this matter during the week but we have been told by Richmond RCMP they can't get a message to by-law officers on the weekend. We often have vehicles parked outside our house for hours or even a couple of days. We have a small driveway in the front of our house which we cannot use. When our neighbors across the road legally park in front of their own homes, vehicles parked either side of our driveway make it impossible to enter and dangerous for us to exit. We oppose the proposed by-law amendment. Dr. Fraser W. Lawrie

Survey Response

Your Name	Llewellyn Lee-Son
Your Address	9431 Dayton Ave
Subject Property Address OR Bylaw Number	9371 Dayton Ave- RZ 17-775844
Comments	I am unable to attend the meeting on October 16, 2017 regarding the re-zoning of the above property to subdivide the lot to 3 single family homes. I am opposed to the change. To have 3 "compressed" units would be unsightly, and would not be in keeping with the style and size of the homes in the neighbourhood. It would increase the traffic, and also require more parking and add to more congestion.

Survey Response

Your Name	Duane Kilburn
Your Address	109 9300 Glenacres Drive
Subject Property Address OR Bylaw Number	9200/9220 Glenallan Drive
Comments	We do not need 2 more new houses in this area. We need Standard Duplexes that are affordable for middle income people who are making a household income of less than \$60,000. I am against this amendment of zoning RD1 to RS2/C as it doesn't serve this community. We are losing middle income people and elementary school enrolment is dwindling as our neighbourhood is changing to an unhealthy environment for our families

Re: Richmond Zoning Bylaw 8500, Amendment Bylaw 9745, to establish underlying zoning for the property developed under Land Use Contract 040

Dear Sir:

Upon review of the City's proposal to establish the underlying zoning for our property under Land Use Contract 040, we respectfully request the City to amend the Bylaw to allow for our 3 existing garbage enclosures to be permitted in the proposed setbacks under proposed new zoning ZC40, Section 22.40.6 Yards & Setbacks. These enclosures are fences screening areas containing garbage bins.

Our Property Managers had conferred with City staff a few years ago when repaving the parking lot on the location of these 3 long-standing garbage enclosures. It was decided that there were no practical alternatives to the location of these enclosures, other than removing the enclosures entirely and leaving the waste bins fully exposed. This was not a solution acceptable to the Owners nor the City staff reviewing our site at that time, hence the enclosures were allowed to sit as they are on site today.

We also ask for clarification as to whether these enclosures are affected by the proposed setbacks. They are fenced areas with no roof. Our understanding is that the setbacks restrict the location of "buildings", and the Zoning Bylaw defines a "building" as "a temporary or permanent structure having a roof supported by columns or walls...". These enclosures do not have a roof. Are they affected by the proposed setbacks?

We look forward to a positive response from the City on this matter.

Respectfully yours,

H. G. L. INVESTMENTS LTD.

Subject: Onni Development at Imperial Landing

Dear Mayor and Council,

I strongly believe that there is a great need to further develop the Imperial Landing area of Steveston. As it currently stands, this area is an empty disconnect between Steveston Village and Britannia Heritage Shipyards. As a Richmond resident and as an event planner, I have seen the potential of this area as it has come alive for the Steveston Dragon Boat Festival and multiple other events that have been planned by the City.

A rezoning of this area is much needed to revitalize the area for both visitors and residents to enjoy, while adding additional amenities to the neighbourhood. This beautiful walkway along the Fraser River has the potential to be a great, vibrant area with the proper vision and development.

I believe that Onni is currently and will continue to be a strong partner in the Steveston community and I look forward to the revitalization of Imperial Landing.

Regards,

David Chinn

Re: Onni Development / Imperial Landing

Dear Mayor and Council,

As the City of Richmond's elected leaders prepare to initiate an enhanced development plan for the Imperial Landing site in Steveston, on behalf of the Board of Directors of the Canadian International Dragon Boat Festival we wish to encourage you to take every opportunity to fully utilize this unique asset. For generations, Steveston has been a place where cultural, commercial and recreational activities converged, and it now has the potential to become a major destination for residents and visitors alike.

We have operated the Steveston Dragon Boat Festival for the past eight years with the assistance of Onni. We also use one of the spaces to repair and rebuild some of our boats, often opening the doors to the general public who walk the river walk, and welcoming them into the space. We love interacting with the community and visitors when we are in the space and are told that visitors enjoy seeing some activity during their walks. The most frequent comments that we hear from local visitors and the out of town paddlers and supporters include "Why are these stores still empty?" and "As there are no hotels, we prefer to race for the one day, and stay in Vancouver for the weekend".

The lack of convenient accommodation limits the Dragon Boat Festival to a one-day event, and the local retailers and restaurants miss out on a large portion of the average \$980 per paddler (based on 2015 survey) each visiting paddler spends.

Redevelopment of the site through private and commercial development, especially a boutique hotel, could bring new employment and revitalized economic activity throughout the area. As well, enhanced services and public access to the Fraser River will also visitors to observe this treasure for generations to come. First Nations history, European settlement, and industrial development could all be potential elements of a compelling story centred around the Fraser River walkway immediately in front of the Imperial Landing site.

We strongly support the continued efforts to activate the site with cultural spaces, restaurants, quality retail outlets, and other spaces that would further activate the site and enhance the visitor experience, while adding much needed services to the neighbourhood. Creating a common vision for the Imperial Landing site and turning that vision into a realize requires strong partnerships between the community, the government and the developer and we are confident that Onni will be a strong community partner in the future development of Imperial Landing. We look forward to seeing this singular opportunity for Steveston and the City of Richmond being taken full advantage of.

Yours truly,

Ann Phelps

Dear Mayor & Councillors,

I am writing to you in regards to the article in the Richmond News about the rezoning of the Imperial Landing Site in Steveston. My family resides in one of the Onni rental units and we are very concerned that the creation of a 32 unit Hotel would force the eviction of long term residents for short term vacation rentals. With the current housing crisis and a rental vacancy rate of close to zero in the city of Richmond this would be a tough blow for the residents affected. There are families with children and seniors currently living in the complex who may be forced to leave the city and local schools. Could you please give me some direction on how the city is looking to address this issue. Thank you.

Subject: Landing Plan Sent to Public

Dear Mayor and Councillors, I have just read the report in the Richmond News where you have decided to let the public weigh in on Onni's proposal for a "Hotel/Retail/Office" space development in their 6 building complex on Bayview street.

As a 11 year resident on Bayview street I have witnessed the development of these buildings , the tug of war between the City and the developer prior to construction and the more recent attempts by the developer to change the building permit to its advantage.

I am perturbed to learn that council has been in negotiations with Onni to change the zoning of this property where apparently the only criteria for a settlement is money. Council seems not at all concerned about the impact on a residential area that was developed by the same developer where the purchasers of these residential properties, some 10-12 years ago, were operating and making their decisions on the basis of a Maritime mixed use development across the street.

Now we learn that council on the basis of receiving \$ 2.4 million would consider giving in to Onni.

The City's Joe Erceg is quoted as saying "this has been a very difficult negotiation".

What is to negotiate?

Onni went ahead with the development knowing full well what the zoning restrictions were at time of building.

Now the discussions between the City and Onni have morphed into how much money the City can extract from Onni.

Is it disturbing that the main disagreement between the City and Onni has been about how much money it will take for Council to give in to Onni.

Disagreement about the amount of 'UPLIFT' Onni will realize from the requested rezoning and hence the amount of financial reward the City will receive for such rezoning, appear to be the only criteria guiding City Hall.

What about the 'DOWNDRAFT' on residential property values of residents that purchased their properties in good faith.

And what ever happened to the sacred status of the village of Steveston? How will its character be preserved or enhanced by Onni's proposal?

I have written previously that the issue between Onni and the City clearly needs resolution and in that regard have suggested the City make it clear to Onni that the only way forward is for Onni to realize that they gambled a few years ago, hoping to persuade council to change the zoning after the buildings were erected. To let Onni win this gamble is a blatant injustice. It would be a serious blow to our faith in our elected officials and city staff to act in the residents interest.

In my view the only reasonable way forward has as its criteria the protection of the residents who purchased their properties years ago in good faith and the long term health of the Village of Steveston.

To that end it is my opinion that council might grant Onni permission to convert/develop the main floor of the subject buildings to residential use only. And please dont fall for the argument that that can not be done.

I hope you will act in a principled way in solving the issue and that Onni does not benefit from its gamble.

A gamble that thumbs its nose at the residents of this community.

Sincerely,

Walter Nieboer

CORP. FOR A ZONING TEXT AMENDMENT AT 4020, 4080, 4100,
4180, 4280 AND 4300 BAYVIEW STREET (FORMERLY 4300
BAYVIEW STREET) TO AMEND THE "STEVESTON MARITIME
MIXED USE (ZMU12)" ZONE AND THE "STEVESTON MARITIME
(ZC21)" ZONE

(File Ref. No. RZ 13-633927) (REDMS No. 5421598 v. 3)

I am opposed to the proposed Bylaw 9063 as ONNI knew and agreed to the zoning requirements prior to commencing the project. Now that the project exists, ONNI is negotiating a better option (\$) by seeking even more favourable re-zoning of the project. However, if no re-zoning is granted the property tax is still payable to the City.

Assuming Council may approve the Bylaw, I would like to speak to the following amendments proposed in CNCL-472.

In CNCL-455, p. 3, the Staff report addresses 32 hotel units including cooking facilities in buildings 5 and 6. As very few hotel rooms of this class have cooking facilities, Council should prohibit hotel units with cooking facilities as these could easily be converted to long term rentals or condos in the future. I am opposed to the inclusion of cooking units in CNCL-473, p. 2. The 90 day stay should be reduced to 30 days. Who will monitor the stays and enforce this type of zoning?

The Indoor Recreation uses in buildings 2 and 4 should be prohibited as this would conflict with the facilities provided by the Steveston Community Centre and its revenues.

The Grocery Store in building 2 is not currently required and would be better suited on Moncton or Chatham. I would not wish to see the Super Grocer & Pharmacy, a thriving business, be put at financial risk

because ONNI does not want to live up to the agreement it entered into when it sought the original re-zoning . I notice that CNCL-473 p. 2 excludes grocery store use but General Retail use could include small deli and other corner store type operations.

I disagree that the proposed hotel use (23,122 FT²) would not increase the value of the development due to the high tenant improvement costs. This cost could be mitigated by removal of the cooking facilities in the hotel units. The value of the uplift comparison should have been performed by reviewing the value of existing hotels of a similar type and view in Richmond. Assuming this would yield the original amount of \$9 million increase in value.

ONNI has successfully engaged in negotiation of a lower price of \$4.75 million plus a voluntary community amenity contribution (a sweetener) of \$2.375 million,. I would suggest that Staff review information from BC Assessment for further validation of this re-zoning. (CNCL-461, p. 9)

The voluntary contribution of \$605 towards Storm Drainage DCC projects (CNCL-462, p. 10) seems quite small considering the area of hard surfaces surrounding the project.

If Council agrees to pass the Bylaw without further modification, ONNI has been successful in negotiating a great deal for themselves and leaving Richmond citizens with the fallout.

Regards,

Donald Flintoff

To: MayorandCouncillors
Subject: Onni development proposal for buildings on Bayview Street

I am writing to express my concerns about for the change of zoning you are considering for the Onni development.

I am strongly opposed to the change of zoning as I believe that Onni never intended to abide by the original zoning agreement. Onni built the buildings planning to force or bribe council to allow the change of zoning when the buildings were completed.

We do not need another hotel in Steveston and it will only serve to take business away from the Steveston Hotel.

We also do not need another grocery store. We have Super Grocer and soon will have Super Value. The addition of another grocery store could possibly force Super Grocer to close it's doors.

As I am sure you are aware, both the Steveston Hotel and Super Grocer have been members of this community for many years and are an important part of the fabric of the village of Steveston.

The proposed grocery store is also problematic for another reason. Bayview Street is fairly narrow and winding and would not accommodate the large delivery trucks that are needed to daily stock a grocer store. Also, the delivery trucks are quite noisy and would be disruptive for those of us who live on the other side of Bayview Street.

This argument with Onni is not a matter money. It is a matter of principal. Onni should be made to honor the original deal made with council.

Thank you for allowing me the opportunity to express my concerns.

Yours truly,

Subject: Onni and Maritime Development

Hello Richmond City Council,

I wanted to bring to your attention something regarding the Onni development, that for the most part is still sitting empty in the Steveston area.

I know that Western Canada Marine Response Corporation (WCMRC) has been actively looking to expand their operations. They have been trying to find a maritime/industrial area with which to set up a base here in the Steveston area, (well, really anywhere along the lower Fraser River, however they have a particular preference to Steveston).

The Onni development would be an ideal area, as WCMRC specializes in marine spill response, coordination, and deployment. The Steveston harbour, which is right by the mouth of the Fraser River would be an optimum area for this set up, not to mention providing fast access to the shipping channel.

It is my understanding that their attempts to find space here have been rebuffed by the harbour authority (apparently they have no space available). The Onni property is the perfect area, however that would mean in sticking to the charter for the area making it for maritime development.

I wanted to mention this because I know that Onni has been lobbying Council very hard to change their charter to that of mixed commercial / residential for that area. I wanted to make Council aware that there are maritime based businesses who desperately want to get into that area however are not able to do due to Onni's continued refusal against maritime industry, and their press to increase their bottom line.

Please keep this in mind when making a decision as to whether or not rezoning of this area is really necessary.

Thank you very much for your time and consideration.

Regards
Geoff Snell,

Sept 9th , 2017

Richmond City Hall
6911 No 3 Road
Richmond BC

Mayor and Council,

I trust all of you had an enjoyable summer – Steveston was a busy place indeed. It was a great summer season for the village for most. I apologize for the delay in this letter but time flies by as the summer goes on.

I am writing you to explain the conversations I have had regarding the Onni Development in recent months in hopes of clarifying misinformation.

In May, I sat down with Brandon Lee from the Onni group. We met with the purpose of discussing Onni's new proposal for the vacant development at 4300 Bayview. Brandon and I spoke for over an hour. He described to me what Onni had in mind for the general-purpose meeting proposal in June. In brief, he stated they would be proposing the following, starting from the farthest east building:

Buildings 5 and 6 - rezoned to hotel/motel

Building 4 - working very hard on getting in Steveston Hardware – talks ongoing. Something they really wanted to see and felt confident in doing so

Building 3 – would more than likely be a small coffee shop or MMU if Marina was built

Building 2 – top floor was occupied and for the bottom floor they were looking at a large gym – Club 16 style

Building 1 – to be zoned as retail

We discussed the above proposal at length and with a lot of detail. It was clear to me that this was what was going to be proposed. That said, I stated very clearly and several times that I am not the SMA. I am one of 45 members. I said I will bring it to the members but will not have the time to answer all questions or and get a sense of the support for this proposal in time for the meeting. I did say it sounded reasonable, as there is a desire to get the space filled by some members, but I cannot give you support until I speak with all our members.

This past June at a general-purpose meeting regarding the Onni Development on Steveston Landing, it was passed on to me that Chris Evans from the Onni Group indicated that they had the full support of the Steveston Merchants

Association regarding their latest proposal for rezoning. Mr. Evans apparently said in the meeting that they met with us, and we were happy with their proposal as stated in our meeting.

That statement was false, and worse, I believe they knew it was false while saying it. This resulted in me having to have a large number of very uncomfortable discussions with my fellow merchants, who believed that I had spoken for them without consulting them. I had to spend many hours explaining what really happened. My reputation was tarnished by Onni representatives who misrepresented having the support of the SMA before I even had a chance to communicate the information to the rest of the SMA and get their thoughts. Information, I must point out, that was not true in the first place.

I have subsequently received information from city staff regarding the application for rezoning. We are and will pass on the information to our members. There is a strong desire within our membership to see the space filled with complimentary tenants. We, as the SMA, are happy to discuss in a professional and truthful manner, and give our thoughts as needed as an entire association.

I have contacted Onni directly to express my concerns. If you have any questions, please feel free to contact me.

Sincerely,

Jim van der Tas

Dear Mayor and Council

I have only lived here on Bayview for 4 months but have lived in Richmond all my life. Having these buildings empty is an eye sore and a black eye for the city and our many guests that visit this area. The steveston area can handle more commercial stores and restaurants but I must admit they have to be the right type of stores.

Sincerely Scott Mcquistin

September 6, 2017

City of Richmond Mayor & Councillors,

RE: SUPPORT OF EXPANDED PLEASURE CRAFT MARINA AT IMPERIAL LANDING

Steveston Merchants Association, in a recent survey, voted overwhelmingly in favour of an expanded pleasure craft marina to be located in front of the Onni MMU zoned commercial space on the waterfront in Steveston.

The marina would bring new customers into the village, enhancing the local business environment. The marina would also enable businesses to locate in the MMU space, bringing new employment opportunities and vitality to the village that is not tourist oriented (i.e. not retail or restaurant).

Based on the multi year waiting list for moorage at the neighbouring Harbour Authority property, success of filling this marina is assured. Please feel free to call or email if you have any questions.

Sincerely,

Jim van der Tas, President
Steveston Merchants Association

Subject: Onni Imperial Landing Amenity Contribution - File RZ13-633927

Dear Ms. Badyal,
Many thanks for making the increasingly thick file available. I have sent a copy of this letter to members of City Council.

At the General Purposes Committee meeting on July 17, 2017, the question arose as to the correct calculation of the amenity contribution by Onni re the Imperial Landing rezoning. The uplift in the value of the property due to rezoning depends on:

1. the lease rates charged to the tenants
2. the cap rate derived from sales of similar developments
3. the deduction for increased leasing costs

Councillor Dang asked that the detailed calculations used by the consultants be made available since the uplift in value of \$4.1 million calculated by the Onni consultants and the \$5.8 million calculated by the City consultants seemed to be very low. Several other councillors concurred.

The full consultant reports containing the detailed calculations reveal that both Onni and City consultants used inappropriate lease rates and cap rates. The Onni consultants also used inflated leasing costs which were reduced by the City consultants. The attached calculations show that using Onni's own statement of anticipated lease rates submitted as part of its 2014 rezoning application and a slightly lower cap rate based on a more comparable sale of a Richmond shopping centre yields an uplift in value of \$11.9 million. Given that Onni's anticipated lease rates have no doubt increased since 2014, this is a very conservative uplift in value.

Note that City staff provided a precedent for using 100% of the uplift or \$11.9 million as the amenity contribution rather than Onni's offer of \$2.375 million.

Please see attached explanation.

Onni Imperial Landing Rezoning Amenity Contribution Calculation

	Highest Lease Rate Use	2014 Onni Submission	Increase in Annual Rent over \$15.00	City Consultants	Onni Consultants
Building 1	Financial Services	\$38.50 ft ²	\$23.50 x 6,868 ft ² = \$161,398.	\$33.00 ft ²	\$32.00 ft ²
Building 2 Ground Level	Restaurant	\$33.00 ft ²	\$18.00 x 15,921 ft ² = \$286,578.	\$24.00 ft ²	\$22.00 ft ²
Building 2 Upper Level	Daycare	\$22.00 ft ²	\$7.00 x 5,764 ft ² = \$40,348.		
Building 3	Restaurant	\$33.00 ft ²	\$18.00 x 1,789 ft ² = \$32,202.	\$33.00 ft ²	\$32.00 ft ²
Building 4	Financial Services	\$38.50 ft ²	\$23.50 x 5,952 ft ² = \$139,872.	\$30.00 ft ²	\$28.00 ft ²
Gross Increase in Annual Rent			\$ 660,398.	\$389,691.	\$ 335,992.
Less: Vacancy 2% (or incl. in Leasing Costs)					-\$6,720.
Net Increase in Annual Rent			\$ 660,398.	\$389,691.	\$329,272.
Capitalization Rate			5.0%	5.5%	5.25%
Increase in Value Using Cap Rate			\$13,207,960.	\$7,085,291.	\$6,271,851.
Less: Increase in Leasing Costs			\$1,313,688.	\$1,313,688.	\$2,194,747.
Net Increase in Value			\$11,894,272.	\$5,771,603.	\$4,077,104.

Lease Rates for Each Building

The calculation summaries presented to the Committee showed very low lease rates were used by both the Onni consultants and the City consultants. The City consultants mention several times that Onni told them it has been impossible to rent any of the buildings at an industrial rate of \$15 per square foot. This was directly contradicted by the owner of Steveston Marine Hardware in speaking to City Council when he recounted that Onni refused his offer to rent an entire building at that rate and instead insisted on much higher retail rates. This misinformation appears to have influenced the City consultants.

In any case, there is no need to rely on guesses by the consultants since Onni itself submitted its much higher "Anticipated Lease Rates" for various retail activities in the development as part of its 2014 rezoning application. It appears that none of the consultants were given access to this document. These anticipated lease rates have presumably increased in the interim.

The highest lease rates should be used for the uses permitted in each building by the rezoning and not the rates for the initial uses that Onni says it plans to have in each building nor the low rates used by the City consultants in some cases. The City consultants state that they are using the lowest possible rate for Building 2, the largest building, on the assumption that it will house a very large tenant who will get a much lower rate than the rate paid by several smaller tenants occupying the same space. However, Onni admits that it no longer has a major tenant for Building 2. It may well be occupied by a few smaller tenants including restaurants and it is the much higher lease rate for that permitted use that should be used.

Second Floor of Building 2

None of the consultants included the second floor of Building 2 in their uplift calculation. The recent emergency addition of daycare use to this area was not requested by Onni and there was therefore no amenity contribution. However, Onni wishes to continue benefitting from this rezoning and there is clearly an uplift in value as a result. Onni's 2014 request included daycare rezoning for this area and an anticipated lease rate of \$22 ft², an uplift of \$7 ft² over the \$15 industrial lease rate. It may well be that the daycare is currently paying more than \$22.

Capitalization Rate

The capitalization rate is applied to the annual lease revenue to determine the uplift. Using the lowest capitalization rate appropriate for the property is to the City's advantage. The Onni consultants raised the cap rate on the basis that the development is outside the main Steveston commercial area and therefore less visible and has more difficult parking, all of which will result in less traffic. They also raised the cap rate because the development will likely not have a large anchor tenant which normally increases the rents in a large shopping centre and lowers its cap rate. The only anchor tenant is a bank.

The City consultants pointed out that, "with the development of this property the core will move east in the future and make this area even busier and more successful ... This is a very attractive, unique and appealing property which will become a very successful commercial focus, potentially even busier than the existing commercial in Steveston." Further, the lack of an anchor tenant will not reduce rents, "Rents with and without an anchor are expected to be similar."

All the consultants had difficulty finding a comparable property. The Onni consultants mention the 2016 sales of shopping centres in Surrey, New Westminster, Coquitlam and Burnaby, all much larger than Imperial Landing, with cap rates of 4.8% to 5.3%. On the other hand, they fail to mention the 4.4% cap rate on the 2015 sale of the 8010 Saba Rd. shopping centre in central Richmond with a bank as the only anchor tenant and comparable in size to Imperial Landing although with more traffic.* A very conservative cap rate would therefore be 5% rather than the 5.25% and 5.5% rates used by the consultants.

Increase in Leasing Costs

The Onni consultants include every possible cost associated with rezoning and leasing the development totalling \$1.380 million to which they add an incredible \$0.815 million as "Profit Margin" to reach \$2.195 million. The City consultants reduce this latter amount and deduct the costs that would be incurred even if the development were not rezoned, to reach a more realistic \$1.314 million.

*Details on the 8010 Saba Rd. sale at: <https://www.bcassessment.ca/services-and-products/Shared%20Documents/2016%20BCA%20CPTA%20Market%20Value%20Forum.pdf>

Subject: Re: Onni rezoning in Steveston

Councillor Linda McPhail
Chairperson, Planning Committee City of Richmond

As the Chairperson of the Steveston 20/20 Group I am reporting that Mr. Chris Evans & Mr. Brennan Yee of ONNI presented to our Steveston 20/20 Group Sept 14 for the second time in a number of years and have made themselves available for questions and comments at these meetings. They have been diligent in communicating their various community open houses to us as well. As well they have met with individuals in the community to answer questions and listen to advice.

Many logistical questions were asked at both 20/20 meetings that were answered or taken into account in their updated proposal. There appeared to be all round support for a ground-level hotel as a much needed amenity in Steveston, with comments such as "with Steveston becoming a destination having a hotel is sorely needed". Suggestions to work with the various Steveston heritage societies in spotlighting their sites as well as promoting local eateries and service providers were met with interest from Mr. Evans & Yee.

While I cannot speak on behalf of the member organizations I can attest to the openness and willingness of Mr. Evans and Mr. Yee to answer questions and be responsive to the points made.

Member organizations in attendance:

- Maples Senior's Society
- Gulf of Georgia Cannery Society
- Steveston Historical Society
- Britannia Shipyard Society
- Steveston Merchants Association
- Richmond Arts Coalition
- Steveston Marine Search and Rescue Society (SARS)
- Steveston Rotary
- Kinsmen Adult Day Care
- Richmond Chamber of Commerce
- Steveston Community Society

Linda Barnes
Chairperson Steveston 20/20
Chair, Steveston Historical Society

Cheers
Linda Barnes

Dear Mayor and Council

I do not support rezoning. We do not need another bank or restaurant or grocery store or hotel. I do not support a hotel a block behind where I live. This is plain and simple blackmail. Do not fall for it. There is enough traffic here now. Do not need more. Onni built this with the knowledge there were parameters. I am not surprised they keep trying to bribe to get what they want.

This is already such an eyesore

Sincerely
Carole Schmitz

Dear Mayor and Council

I think it's time to put life into those empty ground level store fronts along the waterfront before vandalism becomes a problem. The original idea of permitting only marine related commercial on the ground floor was worth a shot but, unfortunately, does not seem to have been enough to be viable. Broadening the range of commercial uses permitted in those storefronts, as proposed, appears to be a reasonable compromise.

I support the rezoning.

Dear Mayor and Council please approve ONNI'S rezoning application.
We the immediate residents and indeed the whole area have waited long enough for this wonderful development to be populated. My wife and I when we moved here in 2004
Fully expected for this area to be developed to its full potential. That means a new library a new community centre and the village it self to be a model village. None of these things has happened. Why? vested interests elsewhere.
It's not lost on me and a lot of people that there's no problem aproving London Landing development or the development with a grocery store opposite the Buccaneer Pub on Moncton. We thought by moving to the village we wouldn't have to drive anywhere for most things that's not the case now. If council has a problem with ONNI get over it for sake of the residents. To my wife and I council not approving this new proposals will be the last straw and we will sell up and move
Out. The development left empty all these years is a disgrace, an embarrassment, no one especially visitors to the area can't understand it.
Do the right thing for the people for once and not for vested interests. I'm not holding my breath for a reply from any of you. I've never had one yet for any letter I've wrote to council!
Regards Jeff Jones

Dear Mayor and Council,

The plan as presented is a better use of the land – empty buildings are not a favourable use. However, ONNI has proven to be a poor neighbor and should not be trusted to meet any commitments they make unless in writing and covered with sufficient security.

The valuation of uplift resulting from the rezoning is not sufficient based on square foot metrics and ONNI is taking advantage of the City of Richmond. Unless ONNI pays their fair share they should not have their zoning approved. It does not appear that ONNI have any interest in the MMU use as currently zoned and have not proposed anything that helps the viability of that use, even in the new development plans.

ONNI makes commitments about restricting trucking and noise in the open house presentation and yet are currently in violation of the Noise Bylaw with the existing commercial development at 4111 Bayview, and they seem unwilling to meet the requirements of the bylaw. The City of Richmond has been involved in trying to get ONNI to comply yet they continue to tow garbage bins around prior to 7 am making an unacceptable level of noise in the neighborhood. Should the rezoning go ahead I fear that there will be worse infractions perpetrated. I have started tracking the times that I have been woken up by the inconsiderate violation of the noise bylaw as follows:

- Garbage Bins
- Aug 14 5:52
- Aug 17 6:40
- Aug 21 6:14
- Aug 24 6:40
- Aug 28 5:50
- Sep 1 6:45
- Sep 4 6:55
- Sep 7 after 7am - OK
- Sept 8 6:45
- Sept 11 6:23
- Sept 15 6:45
- Sept 18 6:10
- Sept 22 6:40 haul grey carts in by hand. Metal bins up.
- Sept 25 6:16

They have included the use of parking in a neighboring development – 4111 Bayview, in addressing the parking for the proposed rezoning. They have to account for the current commercial uses for that parking and the current street parking.

The existing buildings that ONNI is trying to have rezoned do not have any bird deterrent on them and have had nesting seagulls and this past summer. The 4020 Bayview building used for the open house also appears to have a dead seagull on the roof. Not the type of neighbor that should be given concessions to further degrade the lifestyle of Steveston.

In summary ONNI needs to prove that they can be a respectful neighbor, will comply with the law and give the City of Richmond a fair deal on the development.

Thanks,

Kelly Illerbrun

Dear Mayor and Council

I have lived in Steveston for the past 35 years. Taking away historic Steveston seems like a crime. If this proposal goes forward, peaceful Steveston will no longer exist. Steveston is a diamond in the rough. To allow a company like Onni to further destroy this little oasis is criminal. I and my neighbours totally disagree with this development and everything Onni stands for.

Dear Mayor and Council

I was born and raised in Steveston and am quite frankly disgusted with what my cozy fishing village has turned into. Everyone I've talked to agrees with me. They came to visit Steveston for the quaintness and fishing culture, and felt like they were going back in time to when life was more simple. But human greed for money and profit has destroyed all of that. This whole Onni development site should have been left as a nature area. The cement walkway is terrible. The buildings are terrible. At least find a way to keep this area historic, quaint, and marine related. No more retail or restaurants. No grocery stores or gyms. And certainly not a hotel. And please do not mess around with the infrastructure, such as raising the intersections and adding bollards. Fishing villages don't look like that! This is not Yaletown.

Comments	<p>Re: Official Community Plan Bylaw 7100, Amendment Bylaw 9062 and Richmond Zoning Bylaw 8500m Amendment Bylaw 9063 (RZ 13-633927 As a permanent resident of 4211 Bayview St., I have a vested interest in this rezoning application and I have attended all of Onni's Open Houses. I remind Council that Onni is the company that gained the advantage of huge real estate savings by promising to maintain "Maritime Mixed Use" zoning while at the same time their construction included office-type buildings with installed Toronto Dominion green windows. They promised additional above ground public parking stalls and then installed "Parking by Permit Only" signs. You might understand why I am sceptical of their promises in return for zoning changes. The application to allow waterfront grocery sales is completely destructive to the river boardwalk and the community environment. We will soon be well served by the combination of Save-On and Supergrocer. Onni's presentation stated that</p>

delivery trucks would have to turn off their refrigeration and be restricted as to trailer size. We have seen before how reliable Onni's promises are. The best community use for that building is a versatile library space. The most recent presentation offered to replace and enhance the existing crosswalks. This low cost item is no benefit to Steveston. I use the existing crosswalks every day; they don't need any "enhancement" The application makes no mention of a marina. Maritime use of Imperial Landing dock is rapidly growing and the City should take advantage of this application to gain Onni support to expand the marina. The application includes hotel use and suggests a maximum stay of 90 days. Not many consider an occupancy of 90 days as a hotel. Onni has reduced their public donation to cover the million dollar cost of adapting the existing residential housing to hotel use. Council would, in effect, be subsidizing Onni's original construction in defiance of zoning regulations. The existing use of rental housing is working well within the community and should be maintained. I do not support this application as presented and urge Council to reject it.

Comments	<p>Dear Elected Council: Onni is not considering the neighbourhood that it built, nor the neighbours who live in it. A transient AirBnB model benefits Onni, but does not reflect the community of young families, retirees, and professionals who live along the narrow corridor of Bayview. None of us moved here to be next to a hotel. We enjoy Steveston for its village ambience, river promenades, and neighbourliness. Insurance companies, banks, grocery stores, and medical/dental offices do not belong on a beautiful river promenade that connects the village to the museums of Britannia Shipyards. What we need is places to stroll, sit, eat, drink coffee, shop, buy seafood, and relax. Why is Onni even allowed to keep wagging the dog? For 6 years I have been protesting Onni's anti-neighbourhood building and planning. The buildings are there now. Why not turn them into social housing units for retirees and young families? Why not turn the units below into space that benefits the neighbourhood and all Richmond</p>

citizens? Every zoning change proposed by Onni has been patronizing and presumes that those who live here will somehow be soothed with a small sum of money, and that we will be placated by glossy high rent businesses and their traffic. Onni built our neighbourhood for a dandy profit. If Onni is at all community minded, they will give the space to community programs and services. It's time to join the world of Steveston and sing in harmony, not in me-me-me!

Re: Bylaw 9062
Bylaw 9063

Attention:
Mayor and Councillors

From:
Andrea Hunter
#101-4233 Bayview Street

The community doesn't need any of the proposed uses for 4020, 4080, 4100, 4180, 4280 and 4300 Bayview Street. Steveston already has six pharmacies, one hotel, three grocery stores, four banks, five indoor recreation locations including a recreation centre, and 7 medical services business. We don't need any more such services. The population of Steveston does not support the need for more of these services. Adding redundant services does not enhance the viability, economy, health, or well-being of the community. City Council, nor the applicant, are able to justify putting in more redundant commercial entities when these types of business are not needed in the community. Moreover, allowing a hotel in the middle of a residential neighbourhood and in a community founded on heritage and culture would change the foundation of the community and could lead to other social problems.

I completely disagree with the proposed zoning changes and do not support the amendment to the bylaw proposed at 4020, 4080, 4100, 4180, 4280 and 4300 Bayview Street.

City Council has made bad decisions concerning this property time and time again. It is not the community's responsibility to absorb the deficient decisions made by City Council who are trying to hide their past errors. The community will not, or ever, forget what City Council has done to Steveston to the detriment of the people who live here.

For example, in the Report to the Committee under the heading of 'School District' it indicates that the application was not referred to School District No.38 because it did not involve residential uses that have the potential to generate 50 or more school-aged children.

Unfortunately, the lack of consultation with School District No. 38 was directly pointed out during a previous change to the bylaw at this site that allowed a daycare facility. City Council chose to ignore the necessary consultations it because of their own self-interest. Because of the lack of correct research and due diligence, City Council allowed changed to the bylaw that benefited the applicant monetarily at the detriment of the community. As such, City Council has already mislead the community regarding the zoning of this property and they have lost the trust of the community as a result. It is the responsibility of City Council to act in the best interest of the community. It is time the councillors acted as such.

E-mail: kevin@skipworth.ca
Phone Number: 604-868-3656

Dear Mayor and Council

I fully support this proposal as outlined and would like to finally see a resolve for the empty commercial space at Imperial Landing in Steveston.

For more than 4 years now this has been an eye sore for our community. It is an embarrassment that the community, civic government and stakeholders could not come to an agreement to move forward with viable options. Maritime industry in Steveston is not what it once was. This community does an amazing job of showcasing its heritage and history. Something that we appreciate and share with many people. But for a space that has been non-existent in terms of maritime industry for decades, why must we suffer with this view that it can be forced back? In so many other locations in Steveston change has been allowed. Yet this location is completely off limits? There were arguments that a grocery store or other commercial businesses will hurt the smaller shops of Steveston. Yet when the site where Rod's Building Supply was located was put to rezoning to include a grocery store, there was no objection. The time spent trying to get a day care into this site when no other space was available created stress and a lot of extra work for parents and a business owner who contributed to the well-being of our community. While it was eventually spot rezoned to allow the daycare in this one location, it came at the expense of those pushing for it. Change was allowed and look what it brought – a positive result. And now if they wanted to expand their space to provide for a growing need of child care (The YWCA at Homma is no longer available), it can't happen because it is not a "Maritime" business and the remainder of the location won't allow for this under the current zoning.

For too long, this has been a stale mate over a developer perceived to be not in tune with the community and an industry which is not viable here in Steveston. If it's about money and the \$2.3 Million contribution isn't enough, then I would like there to be a comparison to what other rezoning applications in Steveston has brought to the city in terms of contributions. Regardless of the type of rezoning or within the OCP, the playing field should be level.

It's time to move forward. It's time to show that we can be a forward thinking community.

Thank you,
Kevin

Subject Property Address OR Bylaw Number	Onni rezoning
Comments	<p>My wife and i are totally against any hotel/ airbnb short term rentals with cooking facilities at buildings 5 and 6, we both feel the best use would be for long term office use. As far as a grocery store being here, is there not one already proposed for the village at the Rod's lumber site? We also feel if a marina is planned for the waterfront it would attract many more mixed maritime shops to the area which would fit with the mixed maritime usage..original zoning. We both moved here after retirement to enjoy the quiet and scenery and sincerely hope that this latest proposal is not adopted by council members . We both really enjoy living here and would prefer you do not publish our names and address as we wish no repercussions from Onni.</p>

Subject: ONNI IMPERIAL LANDING STEVESTON PROPOSAL Meeting Monday 15 Oct 2017

TO WHOM IT MAY CONCERN

Unfortunately I will be unable to attend the meeting on Monday 15th but would, however, like to voice my opinion as a resident of the Waterfront here in Steveston.

I have been renting in Copper Sky (an Onni building) for the past eight years and truly love this area and Steveston in general. We are very fortunate to have a great almost village community feel.

Sadly there are many residents of this area who just plain DON'T LIKE ONNI and make it a point to try and oppose anything they suggest.....using the original "Marine related businesses" clause as their basis for dissent. Times have changed a lot since that original agreement was made and I firmly believe that Onni has made considerable effort to try and adjust proposed usage of the empty building space at Imperial Landing in order to please the locals and make it a good fit for the area (eg..limiting size of delivery vehicles, stipulating engines and refrigeration generators be switched off while unloading, etc., etc.)...I feel this shows that Onni have paid attention to the concerns of many locals and "tweaked" things to conform.

Currently the space is an eyesore with paper covering the windows while it is used for tenant storage.....this also is an invitation for vandalism, as is any empty looking space. This area could be such a vibrant addition to our community and the concept of the combined 32 boutique hotel rooms is very appealing, especially as we have little else to offer like that in our area. A small grocery outlet (preferably geared more toward the "health food" type of place possibly similar to Choices) would be a boon since we only have one store currently with a SaveOn scheduled for 2018/9. Richmond in general is very lacking when it comes to "health food stores" although we have a Huge amount of ethnic food outlets.

After speaking with many other neighbours, here in Steveston, we all agree it is way past time to get something in place for the waterfront and wholeheartedly hope that this latest proposal be accepted so work can begin. Sadly it seems a lot of people SAY this but do not take the time to contact you or attend the open houses and meetings. Shame really as we, the supporters of the latest project proposal, need to "speak up" and get our voices heard as no doubt the Monday meeting will see a lot of "ne'ersayers" being very vocal.

Thankyou for taking the time to read my thoughts on this and I shall now just hope for a positive outcome.

Respectfully yours

Jennifer Anderson

Comments	<p>Our condos at Imperial Landing in Steveston were built by ONNI 15 years ago. We now have almost 15 million dollars in repair work to be done. It was under Warranty but after years of battles with ONNI they have finally agreed to pay about half of the cost. Many other reports of ONNI's questionable building practices are a cause for concern!! Also - several years ago when ONNI built the Waterfront Complex the boardwalk along the shore - beside the ONNI construction - began to crack. The city asked ONNI to repair the boardwalk. ONNI repaired the walkway but soon after that the boardwalk began to crack again. Now - is the dyke - which the boardwalk sits on permanently compromised ? ONNI is not a company that we can trust!! Their lack of professional ethics and and their dishonesty are a cause for concern for all of us. I attended the presentation that ONNI had at Imperial Landing on Sept. 23rd. In that presentation they promised more parking on Bayview St. There is full parking on Bayview now - except where there</p>

is a Fire Hydrant !! Where do they hope to create more parking? They also said they would install a bike lane. The 2-lane street barely has room for cars to drive. Where do they plan to put a bike lane?

Dear Mayor and Council

We walk down the boardwalk every day and think, what a shame it is that all the designated business spaces are vacant. There should be nice waterfront restaurants, shops, stores, and speciality shops. Dave & Brenda Wood

Dear Mayor and Council

My wife and I are long-time Steveston residents and our two sons were students at Lord Byng and McMath. In the 30 years we have been Steveston residents we have witnessed the many changes that the area has endured, not the least of which includes the Imperial Landing development. Steveston has become more than a "quaint fishing village" and is ready to encompass more varied development, while maintaining the characteristics we all love.

The Imperial Landing complex has remained largely empty for an extraordinary amount of time, much to the chagrin of most residents. My wife and I have reviewed the latest Onni proposal at the recent Onni open house and on their web site and really feel that this latest rendition comfortably meets the expectations of our community. I also think it's high time for us to accept the proposed rezoning changes and I believe the submission is sufficiently reasonable to allow that to happen.

I really like the idea of the hotel and only wish I'd had such a facility available this past summer when I was unable to house some of our guests. I like the idea of having some business offices, health services, retail grocery and a mix of other stores in the facility.

We strongly endorse the acceptance of this proposal. It's time to move on and use this space.

Regards,

Peter & Vivienne Lowenstein

Subject: Onni Imperial Landing rezoning.

Dear,

Mr Mayor and City Councillors,

My name is Sherwin Hinds and myself and my family have resided in Richmond for the last 14 years. On any given Saturday or Sunday we as a family love to get on bikes and ride on the Greenway path on Railway Ave right down to Britannia shipyard and continue on the path crossing the bridge at Imperial Landing park into Steveston village. I always say to my wife it's a shame these buildings are not occupied with any stores or various businesses. It almost seems like a ghost town with these empty buildings. Steveston is such a magical place to bring out of town visitors. The other day my brother and his family came to visit and automatically they said let's go to Steveston village, when we arrived we were trying to figure out which direction to go and to a word everyone said let's walk west of #1 Road and Bayview because there was no point in walking East of #1 Road and Bayview because there wasn't anything to look at but empty buildings.

In closing- Diversity of businesses is a good thing for our beautiful city of Richmond.

Please reconsider Onni's rezoning Application for Imperial Landing.

Sincerely

Sherwin R Hinds

Comments	<p>My husband and I have enjoyed living here for the past 29 years, particularly since the sale of the BC Packers land and resulting development along the waterfront gave everyone access along the waterfront to the Village. We fully support the proposed re-zoning of the subject lands from Steveston Maritime Mixed Use by widening the range of permitted commercial uses, so that first and foremost the local residents have more amenities and services available to them (whether it be restaurant, grocery, bank, medical facilities, fitness, library, expanded boat floats, etc.) and secondly, our local tourism in Steveston may also be better served. The current and ongoing state of this piece of waterfront is an embarrassment. Prime waterfront land should be enjoyed by as many people as possible, not with buildings that sit empty, inviting vandalism. The original zoning of these lands by City Council for Maritime Mixed Use was, in our opinion, a poor decision - it was pretty obvious 15 years ago that the fishing industry was</p>

	<p>in decline and that Maritime Mixed Use was far too restrictive zoning. It's time to expand the permitted zoning and move this development forward.</p>

Sarah,

Please find attached. I have talked to a lot of the merchants in the last 6 weeks, it is difficult to capture how they feel in a survey or its results. I can say they want something done, but merchants on both sides of the issue do not trust Onni and feel they will just do whatever they want.

Call if you have any questions.

City of Richmond Mayor & Councillors,

RE: ONNI REZONING APPLICATION FEEDBACK

Steveston Merchants Association, in a recent survey to all merchants, received the following feedback from 33 merchants.

The hotel has support at 84%.

The marina has support at 77%, with 62% saying it will have a positive impact on their business.

Buildings 2 and 4 zoned as MMU, and Buildings 1 and 3 zoned for Retail received 48% support and 45% against.

Buildings 1, 2, 3 and 4 rezoned to ALL Retail received 42% support and 40% against. Not as many merchants (19 %) answered this question, some may have thought they gave their opinion already by answering the question above.

Steveston merchants appear to be divided on their support of the rezoning, however more seem to be in favour (although only very slightly) in keeping Buildings 2 and 4 zoned as MMU. Whether the rezoning would have a positive or negative impact on their business seems to be evenly split at 50 %.

Sincerely,

Jim van der Tas, President

Richmond, BC V6Y 2C1

Dear Mayor Brodie and Members of Council:

At the meeting of the directors of the Steveston Community Society on Tuesday, September 19, 2017, Mr. Brendan Yee, Development Manager of the ONNI Group, presented an update regarding proposed changes to their zoning application with the City of Richmond.

Our board appreciated the update, and asked members to submit any feedback on the proposal. A few responded with respect to the pledged \$2.3M contribution towards a new community centre for Steveston, and suggested this amount should be larger considering the size and scope of the planned redevelopment of the Steveston Community Centre. Aside from this specific comment, our board has no further feedback to offer at this time.

Yours truly,

A handwritten signature in cursive script that reads 'Brenda Yttri'.

Subject: General Purpose Committee - Rezoning Imperial Landing, Steveston Village Richmond

Dear Mayor & Councillors of Richmond,

Recently the re-zoning application on behalf of the Onni Group for Imperial Landing has been brought to my attention again. Myself and lots of Richmond/Steveston residents have often wondered why something hasn't been done about these empty spaces. I now feel I need to write to you to voice my opinion and hopefully this will be taken in to consideration when making your decision next week.

Please take in to account that the regeneration of this area by the developer has greatly enhanced Steveston and the surrounding area already from which we all benefit from. It is unfortunate that the buildings are not able to be occupied by Marine/industrial business's and surely lying vacant for approx 2 years is an indication that this won't be forthcoming anytime soon.

The recent closing of Steveston Marine also is a clear indicator that the marine retail/wholesale sector is changing in this area for various reasons.

This is where the City of Richmond should move positively in favour of this application and allow other commerce to benefit from this fantastic facility. There is nothing worse than looking at vacant commercial space. Eventually this will have negative impact to the surrounding area if it hasn't done so already.

Steveston is buzzing with regeneration. Young local entrepreneurs have invested in the village bringing exciting new choices to the residents and tourists who frequent the space.

The developer has proposed some inspiring alternatives, a hotel, general commercial, office and retail space. I'm positive business's would be lining up to occupy these amenities bringing new employment and exciting opportunities to Steveston.

Onni are also looking to make an amenity contribution of \$2.375 million which could be used to upgrade facilities within the village further enhancing the core of the village.

Surely there is far more upside to this application and potential opportunities for the community than having these buildings lie vacant for all to see.

I would like to encourage the City of Richmond to look in favour of this application so that we can move forward and continue to encourage opportunity, growth and choices in this great community.

Yours faithfully

Tim Main

Comments	Dear Mayor and Council. I am writing to you to support the Onni development application for the above property. I have been a resident of 4280 since Christmas of 2016. I can tell you that I have been extremely happy living in this beautiful location, which affords stunning views of the Fraser, its attractive Steveston fishing harbor and of course Georgia Straight and the Gulf Islands as well as Mt. Baker to the east. I strongly feel that the Onni Development along the Imperial Landing compliments the wonderful community atmosphere of Steveston village. It is no coincidence that hundreds of walkers, residents of the community and tourists alike, choose the promenade along the scenic waterfront to take a leisurely stroll, many with their dogs, to explore the scenic waterfront and history of the nearby museum shipyard, or to dip their fishing rods into the waters off the Imperial

Landing. I am one of the fortunate residents who can enjoy the view from my balcony. Unfortunately the lower floor of our apartment buildings has remained empty for several years. Its boarded up windows are not attractive, and I am confident that approval of the Onni application would greatly enhance the quality of living or visiting in this precious area. I had an opportunity to view the proposed plans, including community friendly amenities and the boutique hotel. As a retired designer and television producer I pride myself of having an eye for artistic values, and therefore strongly believe that the high quality of the Onni proposal would contribute to the enhancement of Steveston's community feeling and beauty. Please give the proposal your close attention and approval. Thank you.

Comments	<p>Att: Sara Badyal It should be recognized that Onni is a sleazy and deceptive developer, as has been shown in other communities where they operate. They will promise a community anything just to get land and concessions at the lowest price possible. And once granted permission, will then renege on their commitments. Very much like the guy who, wanting to get his end wet, will promise his girlfriend anything she wants to hear just so that she'll drop her panties. Well, the mayor and council dropped their collective pants when Onni came calling and got screwed. I do not agree that their site should be rezoned under any circumstance unless they pay a minimum of \$5M to make up the difference between industrial and commercial land values. Unless they pay that, let the places remain vacant. Or, all of the buildings should be torn down and the site be remediated and turned into a park! Further, there should be no hotel or supermarket permitted on this site if City council does capitulate. I feel that Debbie Wilde and Lori Chambers</p>

	recently gave excellent arguments and reasons why there should be no capitulation by the City WHATSOEVER!!! ~ES Frank 778-999-9014

Councillors,

Please approve Onni's rezoning application for the Imperial Landing waterfront long vacant commercial space. With all due respect, you've let Steveston suffer for far too long with the game you've been playing on this issue. It's beyond embarrassing that my city government would allow this to drag on as long as it has.

Do you really believe that 60,000 sf of vacant commercial space lining our prominent riverfront is helping Steveston? Let's end the game and apply some common sense.

Respectfully submitted,

Subject: Imperial Landing - Proposed rezoning - Public Hearing October 16, 2017

Mayor and Council Members:

My wife and I have been Richmond residents for 43 years and are regular walkers along the Imperial Landing waterfront. We also frequently bring visitors to this area.

We are thoroughly frustrated at Council's inability to resolve the impasse with ONNI, and it is now time to get the job done. We have the following comments and suggestions regarding the proposals:

Hotel. Such a facility would bring a modest increase in visitors and would be welcomed by local residents who could redirect visitors to this hotel instead of their own home. A similar hotel in Fairhaven/ Bellingham is very successful.

Retail. Only merchants can determine whether a particular retail facility would be successful. However, Steveston continues to grow, with both new residents and visitors, and can probably accommodate more restaurants and retail without negatively impacting existing successful Steveston merchants.

Cash Contribution. If Council and ONNI cannot reach a settlement on their own, then the issue must be turned over to an arbitrator who would issue a binding decision. (This should be acceptable to Council since it gets the issue resolved promptly and also absolves it from critics who may consider the amount unreasonable)

The Imperial Landing dispute has been a major black-eye for the City for far too long. Council has a responsibility to resolve the dispute now. Some residents will not be happy with the outcome, but presently all residents are unhappy with the current situation. On behalf of all Richmond residents, we ask that you get the job done now.

Thank you

Comments	This is regarding the Public Hearing scheduled for city hall on Monday October 16 to consider Onni 's request to rezone the above noted properties. I wrote to the Mayor and Councillors on July 21, 2017 by email expressing our concerns over the rezoning request. In the context of the City of Richmonds 'VISION', which reads: 'TO BE THE MOST APPEALING, LIVABLE AND WELL MANAGED COMMUNITY IN CANADA' , I appeal to your good senses and reject Onni's application. In recognition of the fact that the current impasse, regarding the use of the ground floor of the subject buildings, is not sustainable , I have repeatedly proposed that Onni be permitted / directed to convert the ground floor to residential use. This would : a) resolve the impasse b) create an opportunity to "GREEN UP' the area, particularly the waterfront which with the buildings as they now present is a most ugly concrete eyesore which hardly meets the City' standards of 'Appealing' and 'Livable'. c) would confine commercial activity to

	<p>the Village, not stretch it out East along the beautiful waterfront, and supports the small business enterprises within the Village.</p>
--	---

Schedule 62 to the Minutes of the Public Hearing meeting of Richmond City Council held on Monday, October 16, 2017.

TO: MAYOR & EACH COUNCILLOR
FROM: CITY CLERK'S OFFICE

To Council,

I always felt when we settled with Onni we would again hear from the city (Council) and Onni about different or new proposals being offered.

Disappointed - in many ways -

re: hotel - Onni offered city 2.375 million to be used at Council's discretion
- same ~~as~~ article in paper. Mr Steves (I believe) made a comment - should be more like 8 million and new wharf. - disappointed - as I didn't think it was for sale plus if it was Mr. Steves comment (which I believe it was) I was very, very disappointed as I always thought he had Steveston's best interest and yes progress always comes change but not when we are trying to keep history not just a tourist destination with no connection to all.

- last week article in paper about proposed zoning in the buildings across from 4233 Bayview. Surprised. Does that mean Council has already given go ahead with Hotel? just going through Preliminaries.
- The merchants in the village that I have spoken to are not in favour of new rezoning. Only business people are those on the outside that want to come in. Don't ruin Steveston. If it's done it's done

2.

what I mean by that comment is damage is done and difficult to repair.

Have been to all council meetings w/regard to Omni @ Imperial Landing as well as their information. Have not always been happy with what I viewed. People have many negative thoughts about Council (people both for and against the project - not just people against) Please consider what is the best interest to Steveston and look into how Omni has conducted itself here as well as other places.

Have heard (don't know if factual) but someone on the construction site many years ago said the piers are large and deep enough to build a six story building. Is that what Omni has in mind.

- In conversation someone said just a theory Omni would get Hotel and site permits and would sell to off shore developers. wouldn't that change Steveston.

I'm 71, my mother worked in the Cannery and took train in from Vancouver. Most people that moved in here initially had a connection to the community keep that small town connection. Janet LeBrun place initially 10-re daycare. I understand accommodation was not put in place initially and Mr Steves said correcting an error. So was buildings in Steveston High school set aside for day care?

WE VALUE YOUR OPINION

OPEN HOUSE COMMENT SHEET

1. Tell us a little about yourself. Check those applicable to you:

- I live in Steveston/ Richmond I work in Steveston/ Richmond I am visiting Steveston for the day

2. What do you love most about Steveston?

ability to walk without noise and congestion; community
 I live @ Imperial Landing - like the tranquility - should be left
 alone or what it was intended for. Maritime

3. Are there elements of the proposed plan that you like? If so, what are they?

None - stay vacant - manipulation - you knew
 what your plan was initially and continue to
 deceive - looks good but always a catch to
 your benefit.
 Some lizard's spots change just like Onni.
 Like a present looks good on the outside but
 beware of the hidden truths and quality of
 persons your dealing with.

4. Are there elements of the proposed plan that you believe could be improved? If so, do you have suggestions on how they might be improved?

Keep it vacant - do not approve.
 It's Maritime - you knew that.
 What about parking ... hopefully you are not
 going to use Imperial Landing Parking that
 has Onni spaces but it is our job and our
 security that is compromised.

PLEASE TURN OVER

Dear Mayor and Council

I support the water front to be rezoned for multi-use service facilities. The proposal for new commercial/retail businesses in the area would be an asset to the community. Further additional essential services such as medical and financial offices or grocery convenience outlets would be a nice addition. Another consideration might be for educational outlets (BCIT outlet, SFU etc.) supporting programs aimed to the betterment of the community.

I'm not in favor of Hotel rooms, but would consider an option to assisted living occupancies for either low income brackets, or ADA residents.

The project's fate needs to be resolved. All attempts to re-establishing a "marine use" occupancy is not justified for current market trends and would have minimal benefit to most families living in the Steveston area.

It's time we march forward and re-brand our community into a valuable and resourceful body reflecting our kindred values to our maritime history.

Tourists that visit our area, come to enjoy the quaint atmosphere and small businesses that set us apart from Vancouver and Richmond Center.

We should continue to move in this direction for maintaining the vibrancy we enjoy each week.

I trust our elected officials can propel us to the future with a sound progressive decision for us all.

Best Regards

Clarence

Re: Onni Development in Steveston

Good day,

I am a Steveston Resident and Taxpayer of this Community and am sending my concerns about the idea of a 'boutique hotel'. We do not need one. I hope that this open hearing will allow the residents of Steveston to be heard by Council. The decisions made with respect to Onni's waterfront development will have a lasting impact on the small community of Steveston.

The Community of Steveston shares some similarities with community of Fort Langley. The two communities are unique components of a wider community. The two communities draw many visitors and tourists. The two communities have a growing population of residents who typically commute to work in other communities.

I am very aware that Steveston is a 'tourist destination to see and visit' but, a Boutique Hotel is not something that will better our community. Visitors come and go but, it is us the residents of this community that support it every day. This will also not benefit the many seniors, families, and children of this community. However, it is bad form to point out a problem without looking for solutions.

1. Steveston does not have a seniors' centre. Considering the many surrounding community programs this is a large gap. Seniors have difficulty accessing many of these programs due to mobility restrictions.

An assisted living facility and with medium or high-density housing would be a huge asset.

2. The increasing number of residents who commute to other communities for work means that there are many school age children in town. Having another option for before and after school and holiday breaks for our children is highly needed. The existing community center has said they cannot support any more programs. The local private before and after program is at its maximum capacity. The city is well aware of this situation. Unfortunately, despite more plans for residential developments, there has been no plan announced for child care.

3. The increased local population requires ongoing access to health care. Plans for even more residential development do not seem to factor in services such as walk-in clinics. Richmond General Hospital's Emergency Department should not be put under more stress due to a lack of services for planned development.

4. The existing library in the Steveston Community Centre is inadequate but takes up valuable space. A library on the Onni site would be able to expand, as this community has; increased reading programs, book clubs for all ages and let's not forget circle and baby time. Instead of being tucked away in a corner of the library the openness of this space would certainly promote health and well being for all. Library space in the new development would allow for a better library while also freeing up space in an already overstretched community centre.

5. Finally:

- A Soup and sandwich deli
- A fresh fruit and veggie stand

- A Freshii (fresh food solutions for the many single elderly and students that frequent the village every lunch hour)
- A small home improvement store as we have nothing here for emergency home repair now that Rod's Lumber is gone.
- Family restaurants
- A Boutique Hotel serves no purpose/benefit for us in Steveston. I did not see a 'boutique hotel' on my recent visit to Fort Langley that is similar to us but, saw lots of great art spaces, bake shops, cheese shops, local made product stores, bistros, family restaurants – all full!!!

Please don't waste valuable community space on a meaningless "boutique" hotel. The residents, the ones who live in this community, who contribute to Richmond over the course of years, and who raise families here, need more services. We have plenty of beautiful hotels only minutes away. We are a residential community that is growing and that needs access to daily services that grow with us.

There are many ideas that I'm sure that people will come up with. We have been stuck in limbo for years and we all want a solution rather than the status quo. Hopefully, the City can find solutions that put their own citizens front and centre instead of a small number of tourists.

Sincerely;

Cathy Sichevski

Phone Number: 604-671-1142

Dear Mayor and Council

I do not support the rezoning application of 4020 Bayview Street - Imperial Landing in Steveston.

The information provided by the developer indicates a 4-star hotel, however, the details regarding the hotel do not show a restaurant within the hotel, and other amenities necessary to be eligible for 4-stars according to the industry standard.

Further, in researching the proposed hotel brand, LEVEL, which is owned by the developer, this property would provide 'hotel-style' accommodation offering 'hotel-like services' which are in fact furnished apartments for short and long-term rental which could be greater than 365 days. This looks more like residential rental accommodation than a hotel to me.

Again, we have the developer misrepresenting their intentions with the property with this rezoning application by proposing a hotel when in fact their plans are to offer residential rental accommodation albeit furnished.

Also, I do not agree the contribution amount proposed by the developer in exchange for approval of this rezoning application is sufficient for the community.

I do not support the rezoning application of the above captioned property, and request the developer to make a better offer to benefit the community that has to endure this painful resource and time-consuming process.

Thank you,

Melanie

(Steveston) Richmond BC

After having read the staff report and reflecting on the history of this site and knowing I have a prior commitment on the Public Hearing date I wish to share my personal thoughts on this rezoning.

As a retired City Councilor my votes and statements on the past rezoning and plans are a matter of record. This latest rezoning has my support for the hotel and building by building zoning. Its time to close this chapter and move forward. Another winter is coming and its hard enough for businesses during the offseason without continuing the empty storefronts and quiet boardwalk. I like the specifics of this application in that every building has its own list of possible uses (and then of course what is not included) as well as the hotel application. Steveston is becoming a destination and having a small modern hotel to compliment the historic Steveston Hotel, in my view, makes good business sense. The only part that is missing is amenity contributions large enough to offset the community needs exacerbated by this development. In my view the \$2.375 falls short in compensating the community for amenities needed; I personally believe the amount should be much closer to \$3.375m.

Thank you for reading and considering my thoughts on this very important rezoning in our community.

Linda & Brian Barnes
Steveston residents since 1970

Subject: Imperial Landing Project

Dear Mayor and Council,

My name is Gari Volpov and I live at 4600 Westwater Drive.

I live in Steveston, and I love this neighbourhood because it is deeply historical and we are beginning to see more modern buildings which are built to respect this heritage. Of course, like everyone, I also enjoy the boardwalk and the shops along it.

It is for this second reason that I support this proposal in its entirety. Currently, the Imperial Landing boardwalk is not as attractive as it can be, simply because all the stores are empty. These stores are empty because they are limited by use, and what is allowed to operate in it. I see no reason why Council or anyone would oppose seeing these stores be occupied and serve the neighbourhood. It creates a livelier atmosphere and adds to the beauty of the boardwalk if the restaurants, grocers, and hotel comes to these units. These units have been empty for 3 years now, please allow them to fill the stores and do something with them.

Thank you for your time, I hope you will approve this proposal.

Sincerely,
Gari Volpov

E-mail: roy.langstaff@shaw.ca
Phone Number: 604 360 3992

Dear Mayor and Council,

I fully support the proposed improvements to the Steveston Waterfront at 4020 Bayview Street. For too long, this development along the waterfront has really detracted from what could be a stellar example of a vibrant and lively waterfront experience. The recent open house for the general public outlined a wide and varied array of possibilities; all of which I found interesting and exciting, and am eager to see come to fruition in the very near future.

I walk along the Steveston waterfront on a regular basis and when I pass by the current development my imagination can envisage places where I can take a seat, have a break, enjoy a coffee, and really add to the pleasure of my day, all the while looking out over the traffic on the river. It is a fantastic location and one which must be developed.

The highlight of the proposal is the proposed hotel. We have many friends visiting the community, but where is the hotel they all require?

In short, the current space with paper blanked windows and a desolate disposition is a mark against the community. Please vote to give this project a life, and let it breathe?

Best regards,

Roy Langstaff

Dear Mayor and Council

I fully support the proposal to bring some life and vitality to the Steveston Waterfront at 4020 Bayview. For too long it has been quiet and unattractive, with the paper covered windows of the prime retail space created there. We have family visiting over the Christmas holidays and oh, how I wish there was a hotel within a stone's throw of the community. The hotel proposal is the highlight on the long list of proposed improvements.

I walk along the waterfront on a regular basis and when I pass by the current vacant properties, my imagination comes alive with visions of restaurants, a coffee shop, and other similar businesses where I could take a seat by the water and really add some special enjoyment to my day. The property is crying out for life and colour; please give it thought and vote to allow this wonderful proposal to become a reality. Please allow it to breathe!

With very best regards,

Roy Langstaff

I am very much opposed to allowing ONNI to put any retail business into the buildings they constructed on Bayview Street.

They knew it was zoned for "Maritime use only" when they built the complex!!!! Now they are willing to bribe and plead to put in retail businesses into their buildings. That will add huge congestion on Bayview Street and in the surrounding area.

Let ONNI decide where to go from here. It is their problem that they alone created. Why should we now bend to accommodate them on their terms???????

Richmond Council - Thank you for working for us.

I am writing to Council to express my support for Onni's proposal for the Imperial Landing site in Steveston. My wife and I have lived in Richmond for 40 years with 33 years in Steveston. I am a retired fisherman and my wife worked at BC Packers Imperial Plant for 30 years until it closed. We had, and still have close ties to the marine industry. Some of our reasons for supporting Onni's proposal are as follows;

- It is time to move forward. The fishing and marine industry has changed and is continuing to change. There has not been an opening in the river for two years. Marine suppliers have out. (E.A. Towns. Rods Building Supplies & Steveston Marine (moving this fall)).
- The current situation is not sustainable. Vandalism is already occurring and will only increase, the longer the waterfront is left vacant
- A maritime theme will still be maintained without the strict maritime "use" being enforced
- If it was economically viable for a marine use business to open up in that area, they would have done so 3 yrs ago. If Council does not support Onni's proposal, what does Council plan to do? What viable options are the nay sayers proposing?
- Any option that does not have a sound business plan behind it is going to fail and area will become vacant again and/or will cost more tax dollars that I am feed up with paying.

Marina Goldberg

4600 Westwater Drive

Richmond, BC

Dear Sirs,

I am writing in support of the Imperial Landing project. I have lived in the area for the past 4 yrs.

I am finding the empty spaces with papered up windows appalling. I looked into the newly offered project and find that it is exactly what this location needs. The residents of the area are sick and tired of looking at all the space being wasted when it could be used to make the area more attractive, bring more visitors to the area and generate income.

Our City Hall needs to stop being inadequate as it has been so far. It is absolutely unacceptable that the Richmond City Hall is behaving like a little spoiled child in this matter.

I am sure that most residents of Steveston will agree with me, when I say "Let Onni develop the area and bring the Imperial Landing to life." Enough of this nonsense.

Yours truly,

Marina Goldberg. (mgol@shaw.ca)

Your Name	C. Burke
Your Address	4311 Bayview Street
Subject Property Address OR Bylaw Number	4020, 4080, 4100, 4180, 4280, 4300 Bayview Street
Comments	<p>Transforming our Residential Neighbourhood into a Predominantly Commercial Area Traffic - Bayview Street not designed to handle a giant commercial mall and hotel at the back of a residential neighbourhood. There will be anger, near crashes, and crashes Noise - all day – not just at festival times or weekends – now: evening, late night, drinkers, cars Litter - sidewalks, boardwalk, streets, in the water: trash, bottles, needles Visual Clutter – pastoral river outlook blighted by commercial signage Light pollution and noise Hotel, beside a dock, not only will increase drinking but also will draw drug trafficking and gangs Expect a lot more complaints, calls to police, fire and ambulance services Based on the Steveston Community Plan and the representations made by Onni itself, those of us who bought homes from Onni in 2003 were led to believe our investment was in a neighbourhood that was primarily residential. The other uses – mixed maritime - would be limited to those that made sense in a river / harbour setting.</p>

Bayview Street was designed for traffic that would be mostly that of residents with some additional 9 to 5 for the waterfront. Onni got a considerable land value lift and we can assume made a healthy profit from the overall development of Imperial Landing, and the promises it made. Once the waterfront buildings appeared it became clear enough that Onni had no intention of respecting the Community Plan or the expectations of those who live here. The ground level of these buildings were never designed for "maritime mixed use". It has done it best its best to present itself to the public as unfairly oppressed. Onni's own website attempted to solicit ordinary commercial tenants with the promise of a large grocery store to anchor retail uses. We love our homes and recognize Onni's part in building them. But for us homeowners, its relentless applications for rezoning are a recurring nightmare. We constantly have to fight against the transformation of our homelike neighbourhood, and the peaceful atmosphere that we happily share with visitors, to one that is dominated by a giant commercial mall, with hundreds more vehicles coming and going on the residential thoroughfare that is Bayview. I own and live in a townhouse on that street, across from the buildings that are proposed to become hotels. My own unit faces the two paths around Phoenix Pond, to the south and west of the Pond. What I have seen in the hundreds, over the many years I have lived there, are people using these paths for recreation as well as for their "stroll to the Village". There are mothers pushing strollers with small children riding ahead on little bicycles, youth riding skateboards, crossing Bayview street, crossing the parkade entrances under the Onni buildings. There are old people who use walkers, people walking their dogs, cyclists, runners. There are visitors glad to get away from their concrete environments and the city traffic. This is not a NIMBY situation: Bayview townhomes do not have any backyards. The local kids play on the sidewalks and the back laneways. The laneway behind my complex has a blind curve. Thankfully, the vehicles coming and going are, so far, mostly local residents. That will change with the presence of a large commercial strip along Bayview. Inevitably, suppliers, employees, and consumers will take to the use of our back lanes to avoid traffic congestion on Bayview. Most drivers do not observe speed limits, and commercial users will come to view our homes as a mere backdrop to their commercial purposes. With the presence of a hotel will come a higher presence of alcohol and drugs in the neighbourhood. In particular, as a hotel located by a temporary use dock, it will attract

drug traffickers and more gang related crimes. We must anticipate more crashes, near-misses, personal injuries, and death. Broken bottles and needles in the park and sidewalk areas will likely become a concern as well. Police and fire sirens will become more common. If you adopt the proposed bylaw, ours will no longer be a safe and friendly home community. The recurring nightmare will have become a reality. Our homes will lose value as numbered company shareholders under the Onni umbrella become yet more wealthy. That is Onni's plan. That's what this proposal is all about.

Subject Property Address OR Bylaw Number	4020, 4080, 4100, 4180, 4280, and 4300 Bayview
Comments	I do not support the proposed inclusion of "Hotel" in the list of approved uses as this would change the fundamental nature of the neighborhood. As someone who walks the Steveston waterfront at least twice daily, I am disturbed by the people who discard trash and make excessive noise in a residential and natural environment. The very nature of a hotel would only contribute to this type of harm to the area. I also want to comment on the overall effect noise, additional garbage waste and traffic have on the neighborhood. Whenever any of the festival weekends come about, we experience the influx of visitors and their effect for a few days. It is tolerable in small, sporadic doses, but if this type of atmosphere were to become the new normal, I would seriously have to evaluate whether I could continue to live in this neighborhood.

Your Name	G. Isaac
Your Address	4280 Moncton Street, Richmond
Subject Property Address OR Bylaw Number	Bylaw 9062
Comments	I object to rezoning for two reasons: 1. In my opinion Onni is not a reputable company. I purchased one of their properties which was defective by design and execution. Repairs were not carried out and a lawsuit was initiated. They settled out of court after approximately 12 years. This process resulted in a cost of approximately \$25,000 to me. If they are allowed to proceed and make modifications I am concerned that they may not comply with all city requirements. This could result in a another protracted legal battle, this time, using my tax contributions. 2. The buildings were constructed with the Bylaw in place. I see no reason to modify the bylaw to suit a builder. In my opinion there is no positive impact on the community to permit alternate uses in this location. GI

Hello Mayor Brodie,

I am writing in regards to the Onni proposal for the Steveston waterfront site that has been at an impasse for many years now. I absolutely recognize that there is a need for a solution to the unfortunate problem.

It is concerning when a developer can erect a building that does not meet the needs of zoned uses. When it was constructed, many people pointed out that as built, the space available was not suitable for mixed maritime uses, many of which would be considered light industrial. I walk along the Steveston waterfront regularly, and the vacant space is obviously intended for commercial/retail purposes. It is a big dilemma when the developer comes back after the building is completed to ask for rezoning to match the type of building constructed.

As many people have noticed, some developers have operated in Richmond under the principle of "give an inch, take a mile" where well-intending Richmond zoning and bylaws are abused. Retroactively granting rezoning would set a worrisome precedent, wherein developers built what they wanted, and applied for a zoning change after the fact.

The land lift expected from rezoning the property should be compensated to the City at a rate anywhere from 50% to 85%. The current offer falls below that level, which is an additional concern. Yes, the buildings would need retrofitting under the current proposal, but that is not through any fault of the City, and should not be deducted from the amount of compensation expected.

Additionally, there has been talk about creating a marina to increase visitors and viability of the economy in Steveston. It is perplexing, to say the least, that the site specified for "mixed maritime use" would lose that zoning in advance of an operating marina, which would require supportive maritime businesses.

It is for these reasons that I ask you, and Richmond's Councillors, to be cautious and not rush your decision. We have waited this long for a resolution; a little bit longer to get it exactly right will be a benefit, not a liability.

Our elected representatives, accountable to the residents of Richmond, should be responsible for setting policy and creating the vision for Richmond's future, not developers.

Thank you very much for your time and consideration.

Best regards,

Kelly Greene
