Comments:	<p>This submission is in opposition of the by-law amendment. The increased density in this neighborhood is outrageous. It appears as though these applications are being blindly approved at break neck speed. My overall enjoyment of life in Richmond is deteriorating. There seems to be no regard for the single family home, ridiculous congestion, and the overall strain of an EXTREME amount of high density housing in a small area causes. Again, it appears as though these decisions are purely financially motivated. The amount of application signs and ones already approved is out of control.</p>
