Comments	Please Council Members, do NOT increase the square footage allowances on ALR land! If you do this, it will start a veritable stampede of applicants including folks with no intention of abiding by the laws even as they will stand. Most of the folks wanting to do this are offshore investors and have ZERO concern for the character of the neighbourhoods they move into, much less the original intent of the ALR system. Please do not do this, it is your last chance to preserve the valuable agricultural land in Richmond, and will set a precedent for the rest of the Fraser Valley, which is some of the most valuable agricultural land in Canada.
