**Cc:** Weber, David  
**Subject:** RE: rv parking

Thanks Holger/David. When I read the story in the paper, it appeared as if the bylaw amendment would apply to all rv's and I disagree with that position. Your reply has clarified the City's position and I am okay with that. Thanks again.

Hi Kelvin:

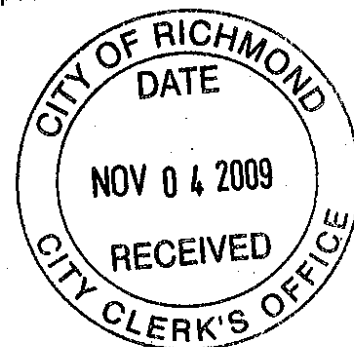

I did respond to your e-mail on October 26. However, I sent it to kelvinhigo@gmail.com (which was the e-mail address you used on October 22), but it appears you didn't get my response. Here's what I said:

"This would not apply to travel trailers or boats that are located in a driveway (the intent is require screening if the travel trailer or boat is located elsewhere in the front yard, side yard or rear yard of a residential property).

The proposed new Zoning Bylaw 8500 is scheduled for the November 16, 2009 Public Hearing (if Council gives the Bylaw first reading tonight), and this would be opportunity for public input."

Hope this answers your question.

Hi Kelvin,

In case you have not had a reply yet, I am forwarding your email to Holger Burke, who is our in-house expert on all aspects of the new bylaw. There is still an opportunity for public input - you can write and also the Public Hearing for the new Zoning Bylaw will be on October 19th at 7 pm in the Council Chambers.

Thanks, David Weber

**Subject:** rv parking

David, I sent an email earlier to the city's website but no one has replied yet. Can you provide me with an explanation? I read in the paper that the City is restricting rv parking on private property and when I read the staff report it indicated that it was only rv parking not on the driveway. Can you clarify what the intent of the zoning bylaw amendment is intended to and what it will restrict? Also if it does restrict rv parking on my property, when and who do I provide my input? Thanks.
