**Re:** RCMP's Monthly Report – April 2012 Activities

**Staff Recommendation**

That the report titled "RCMP's Monthly Report – April 2012 Activities" (dated May 3, 2012, from the OIC RCMP) be received for information.

(Rendall Nasset) Superintendent  
Officer in Charge, Richmond RCMP Detachment  
(604-278-1212)

Att: 2

REPORT CONCURRENCE	
CONCURRENCE OF GENERAL MANAGER 	
REVIEWED BY TAG SUBCOMMITTEE	
REVIEWED BY CAO	

## Origin

One of Council Term Goals is to:

*Ensure Richmond remains a safe and desirable community to live, work and play in through an interdisciplinary approach to community safety and improve perception of Community Safety by the Community.*

At the request of the Community Safety Committee, the OIC will keep Council informed on matters pertaining to policing in the community of Richmond.

## Analysis

Below is the RCMP's Monthly Report – April 2012 Activities.

### Noteworthy Files:

#### **Police Officer Involved in Collision**

On April 4<sup>th</sup> at approximately 5:30 pm an RCMP officer from the Detachment was responding to a report of a robbery in progress when a collision occurred between the police officer's marked police car and a citizen's vehicle at the intersection of No. 4 Road and Alderbridge Way. The police officer was traveling northbound on No. 4 Road when the collision occurred with a black Sunfire that had been travelling westbound on Alderbridge Way. Although BC Ambulance Service was dispatched, no injuries were sustained by any of the occupants.

#### **Man Assaulted, Assistance Requested**

On February 26<sup>th</sup> at approximately 4:00 am, a 47-year-old Richmond resident was crossing the street near Cambie Street and No. 4 Road. The male felt someone approach him from behind as he was struck in the face with a blunt object, knocking him to the ground. The victim reported that two male suspects fled on foot, one wearing a toque with horizontal stripes.

Just prior to being assaulted, the male observed people exiting a yellow cab close by. Investigators are hoping that someone will be able to identify the two males captured in the photos, as they are known to have been in a cab in the vicinity at the time the incident occurred. The Detachment has sent out a new release with photos on April 5<sup>th</sup> requesting the public's assistance in identifying the two persons of interest that may be able to shed some light on the assault.

#### **Suspect Rams Police & Civilian Cars, Flees in Stolen Car**

On April 24<sup>th</sup> at approximately 10:30 am, the Vancouver Police Department relayed a complaint of a stolen vehicle that had just driven into the Richmond Detachment area. Richmond plainclothes officers immediately responded in unmarked police cars and were guided to the

suspected stolen vehicle by OnStar.<sup>1</sup> Richmond officers located the suspect outside of the stolen vehicle in the area of Smith and Douglas Streets in Richmond. The officers attempted to arrest the adult male suspect, however he ignored police commands. The suspect got back into the stolen vehicle and allegedly rammed two police vehicles, injuring one Richmond plainclothes officer before speeding away.

Air 1 attended the area and was able to safely follow the suspect vehicle into New Westminster. The New Westminster Police also followed the stolen vehicle in support of Air 1. The driver is then alleged to have struck a civilian car at River Drive and No. 5 Road, causing minor injuries to an adult female driver. Luckily, her four-year-old son, who was also in the car, was not injured.

The suspect vehicle then entered a New Westminster car dealership. The suspect appeared to steal a vehicle from the dealership, and was apprehended by New Westminster police officers without further incident. The suspect showed no concern for the safety of innocent people on the road and one of the officers is seriously injured. This was a multi-agency response that resulted in the quick apprehension of a dangerous car thief. The 40-year-old male driver of Surrey, B.C. is in police custody in Richmond, pending first court appearance.

Air 1 video is available at [www.sendtonews.com](http://www.sendtonews.com).

Although the Richmond Detachment officer was seriously injured he will be able to return to active duty in the future.

**Auxiliary Constables**

<b>Time Period</b>	<b>Community Policing Duties</b>	<b>Training and Administrative Duties</b>	<b>Patrol Ride-Along Duties</b>	<b>Total Hours</b>
<b>January to April</b>	1,262	854	376	2,491

**Summary of Auxiliary Constable Duties for April**

Auxiliary Constables have focused on the following ongoing Community Policing initiatives:

- SAFE School Project
- Home Security Checks
- Property Crime Reduction programs
- Foot patrols

Additional duties included assisting with:

- UBC Block Party

---

<sup>1</sup> OnStar Corporation is a subsidiary of General Motors that provides subscription-based communications, in-vehicle security, hands free calling, turn-by-turn navigation and remote diagnostics systems throughout the United States, Canada and China.

- RCMP Youth Academy
- Vaisakhi Parade
- World Snowboard Festival
- Ikea Grand Opening

Some of these events were in support of other detachments, all of which have committed to provide reciprocal support for the multiple events happening on this year's Canada Day weekend. Additional Auxiliary Constable duties in April included assisting regular members with General Duty shifts on Friday and Saturday nights.

### 911 Award Recipient

A/Cst. Darren Bygrave was presented the 911 Community Safety Volunteer Award for outstanding service and commitment to the citizens of Richmond last year at the recent 911 Awards. Darren has averaged 700 hours a year in volunteer service since joining the program in 2009. Over the past year, Darren's training and experience have ensured that he is regularly sought after to assist both Regular Members and other Auxiliary Constables with marine duties. Darren regularly assists the officers on the General Duty Watches, averaging 3 to 4 shifts per month. When there have been emergency situations, Darren is one of the first members to be on duty. For example, when the call-out came for assistance at the plane crash on Sea Island last year, Darren was already en route to provide whatever assistance he could. Always willing to perform any duty asked while maintaining a superior level of professionalism; Darren has, by example quickly become a leader within Richmond Detachment's Auxiliary Constable Program.

### Training

The following training sessions were held as part of ongoing training and development for Auxiliary Constables:

- SAFE School program
- Annual police re-certification training

Auxiliary Constables have also continued to provide valuable assistance for the Detachment's Continuous Learning and Development section by assisting in scenario-based training courses for Regular Members.

### Events

May events for the Auxiliary Constables included:

- Heart and Stroke Big Bike Event
- Police Week
- Rick Hansen Tour
- Jimmy Ng Tournament

## Community Policing

### Crime Prevention Unit

The Spring 2012 Crime Prevention newsletter was published and distributed on-line for the first time. The newsletter is sent to Block Watch participants and all Richmond residents who have registered their email address. (Attachment 1).

The 1<sup>st</sup> Quarter 2012 Business Watch newsletter was published and distributed on-line. The newsletter is emailed to Business Watch participants who have registered their email address and mailed to commercial break and enter victims. (Attachment 2).

<sup>6</sup> Due to weather and equipment repairs there were no deployments for April.

## Victim Services

In April of 2012, Victim Witness Services provided support to 51 new clients in addition to an active caseload of over 136 ongoing files. Victim Services assisted 16 crime and trauma scenes over this time period. Medical related sudden deaths; suicides and family disputes dominated calls for service. Victim Services assisted the Integrated Homicide Investigation Team (IHIT) with supporting the family of a male who was targeted in a highly publicized shooting in a Richmond neighbourhood.

## Youth

### RCMP Youth Academy

Two Youth Section police officers and 9 Richmond students attended the RCMP Youth Academy at Camp Stillwood in Chilliwack. The students were required to successfully complete a rigorous selection process. They were then permitted to attend the academy and experience some of the variety of activities that an RCMP Cadet would experience at the Depot Training Facility in Regina, Saskatchewan. Training for regular members at Depot is 6 months however the RCMP Youth Academy experience was done in 10 days.

This program started in 1996 and is designed for the participation of fifty high school students aged 16 to 18 who are interested in police work as a possible future career. The five Public School Districts of Richmond, Burnaby, Coquitlam and North Vancouver have initiated a partnership agreement with the RCMP to provide this unique opportunity.

This program is designed to place the students in a simulated RCMP training environment and involves role-playing the realities of policing. The students that successfully complete each phase of the selection process will attend the Academy and experience some of the variety of activities that an RCMP Cadet would experience but in a condensed format a variety of other topics. Students will be involved in a great deal of role-playing scenarios where they will take turns taking on the role of a police officer or will be observing the role play in order to share their observations at the end. This process will require students to speak in front of groups while being evaluated by the instructional staff and their peers.

The Academy attempts to give a brief representation of some of those scenarios. Students observe and then role-play several scenarios including mock demonstrations of domestic violence, break and enters, traffic violations, arrests, searches, and even a mock court. Each troop of 10 is exposed to one night of scenarios. The overall cost for each candidate is \$750. This covers the cost of a uniform, meals, lodging and stationary. Each candidate is responsible for his or her cost to attend the Youth Academy. RCMP Members, Auxiliary Constables, School Board, School staff members and others attend the Academy at their home Detachment or School expense.

This years RCMP Youth Academy was held Tuesday, April 3, 2012 to Wednesday, April 11, 2012.

### **Crime Statistics**

Crime Stats – see Appendix “A”.

Crime Maps – see Appendix “B”

### **Financial Impact**

There is no financial impact associated with this report.

### **Conclusion**

The Officer in Charge, Richmond Detachment continues to ensure Richmond remains a safe and desirable community. The OIC will continue to provide monthly updates which reflect the level of safety in Richmond.

SPRING 2012

# CRIME PREVENTION

WORKING TOGETHER TO PREVENT CRIME

NEWSLETTER

## Integrated Forensic Identification Section (IFIS)

Richmond RCMP IFIS are responsible for collecting, processing, analyzing and interpreting evidence found at the scene of a crime. It is a job that requires years of special training and an eye for detail. Often it is the evidence gathered by the forensic identification officers that leads to a conviction in court.

The most common type of trace evidence is fingerprints. Prints can be found on everything from doors and windows to weapons or even human skin. As technology improves, we are able to see and collect fingerprints from more and more materials.

Why use fingerprints? They're formed before you are born, they never change & are unique—no two are identical.

## IFIS Fact vs Fiction

Still of David Caruso in CSI: Miami TV Series

### CSI Fiction

- Every time you touch something, you leave an identifiable print behind.
- CSI can take partial prints and put them together to get an identifiable print.
- CSI's computer identifies fingerprints (in seconds).

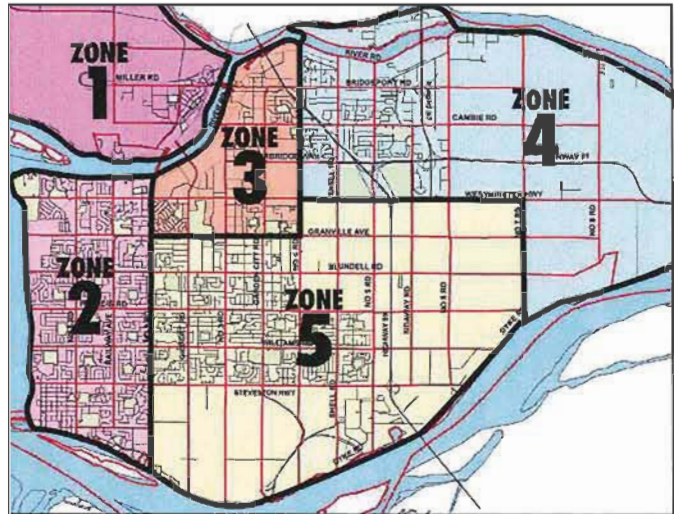

### IFIS Fact

- • There are many variables which contribute to whether an identifiable print is left on a surface.
- • You cannot take partial prints and put them together like a puzzle, doing so would not stand up in court.
- • The computer searches for possible matches, then a manual comparison is done by an IFIS member to compare the print to known suspects.
  - After comparison, IFIS member may identify fingerprints.
  - To help increase the likelihood of IFIS finding identifiable prints, keep surfaces as clean as possible.

## Crime Zone Map

The map above shows you the five zones in Richmond. The chart to the left shows you all the Residential B&E's which have occurred in Richmond by zone.

After a Break and Enter, if your residence/business has been broken into, do not touch anything. If a suspect is present, call 9-1-1. If no suspect is present, call the Police non-emergency number at 604-278-1212. The Police may be dispatched to process the scene and will advise you when it is safe to enter your home/business. You will be asked for a description and the serial numbers of any stolen items. Report all suspicious and criminal activity to the Police.

Please visit [www.richmond.ca/crime](http://www.richmond.ca/crime) for neighbourhood crime information and [www.richmond.ca/homesafety](http://www.richmond.ca/homesafety) for home security tips.

## APRIL 2012 STATISTICS

This chart identifies the monthly totals for all founded Criminal Code offences, excluding Traffic Criminal Code. Based on Uniform Crime Reporting (UCR) scoring, there are three categories: (1) Violent Crime, (2) Property Crime, and (3) Other Criminal Code. Within each category, particular offences are highlighted in this chart. In addition, monthly totals for Controlled Drugs and Substances Act (CDSA) offences are included.

The Average Range data is based on activity in a single month over the past 5 years. If the current monthly total for an offence is above average, it will be noted in **red**, while below-average numbers will be noted in blue.

Year-to-Date percentage increases of more than 10% are marked in **red**, while decreases of more than 10% are blue. Please note that percentage changes are inflated in categories with small numbers (e.g.: Sexual Offences).

	CURRENT MONTH	5-YR AVERAGE RANGE	YEAR-TO-DATE TOTALS		
	Apr-12	April	2011 YTD	2012 YTD	% Change
