## LENGTH OF NOTIFICATION

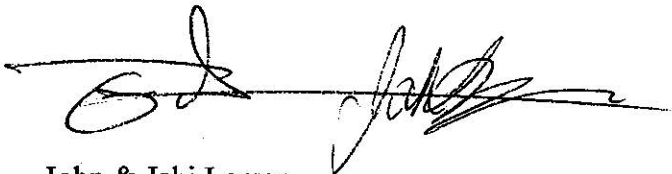

The City of Richmond Planning and Development Department's letter concerning the rezoning of certain lots in the neighbourhood and the lot size study meeting is dated January 9, 2008. The meeting was scheduled for January 23. If the letter was mailed to the Residents on January 9, normal business and legal receipt would be January 11, at the earliest. This then allows only eight (8) business days notice.

It is a fact that this issue has been understudy by the Planning and Development Department for quite some time. It is a fact that no lot size policy has ever existed for the area. Given these two facts, I find the issuance of the meeting notice on such short notice as inappropriate and unacceptable for an issue of such great importance to the Residential Property Owners of the study area.

## SUMMARY

As a Residential Property Owner living in the study area, I feel positive about the presently existing lot sizes, as I am confident the majority of Residential Property Owners living in the area are. I purchased a home in the area based on the lot sizes. I would not appreciate the City of Richmond Planning and Development Department negatively affecting my neighbourhood by attempting to force an unwanted change.

I expect the Planning and Development Department to respect my decision and confirmed by W. Craig, Acting Director of Planning and Development in a phone conversation with Study Area Resident S. Libbrecht and in that conversation stated that there will be no change in lot size; but rather solidifying what exists and is long overdue for protection by your Department.

The image shows two handwritten signatures in black ink. The first signature is on the left, appearing to be 'John', and the second is on the right, appearing to be 'Jaki'. Both signatures are fluid and cursive.

I don't understand why city planners seem to think we need to crowd more people into the lower mainland. Services like water, garbage, sewer cannot keep up. We chose to live in Richmond because it is not so crowded. ~~to~~ If we wanted crowded we would have bought somewhere else. Respect your long-term residents - those people who have been paying city taxes for years. ~~by~~ These developments just make the developers richer and don't benefit us at all.

## Comments

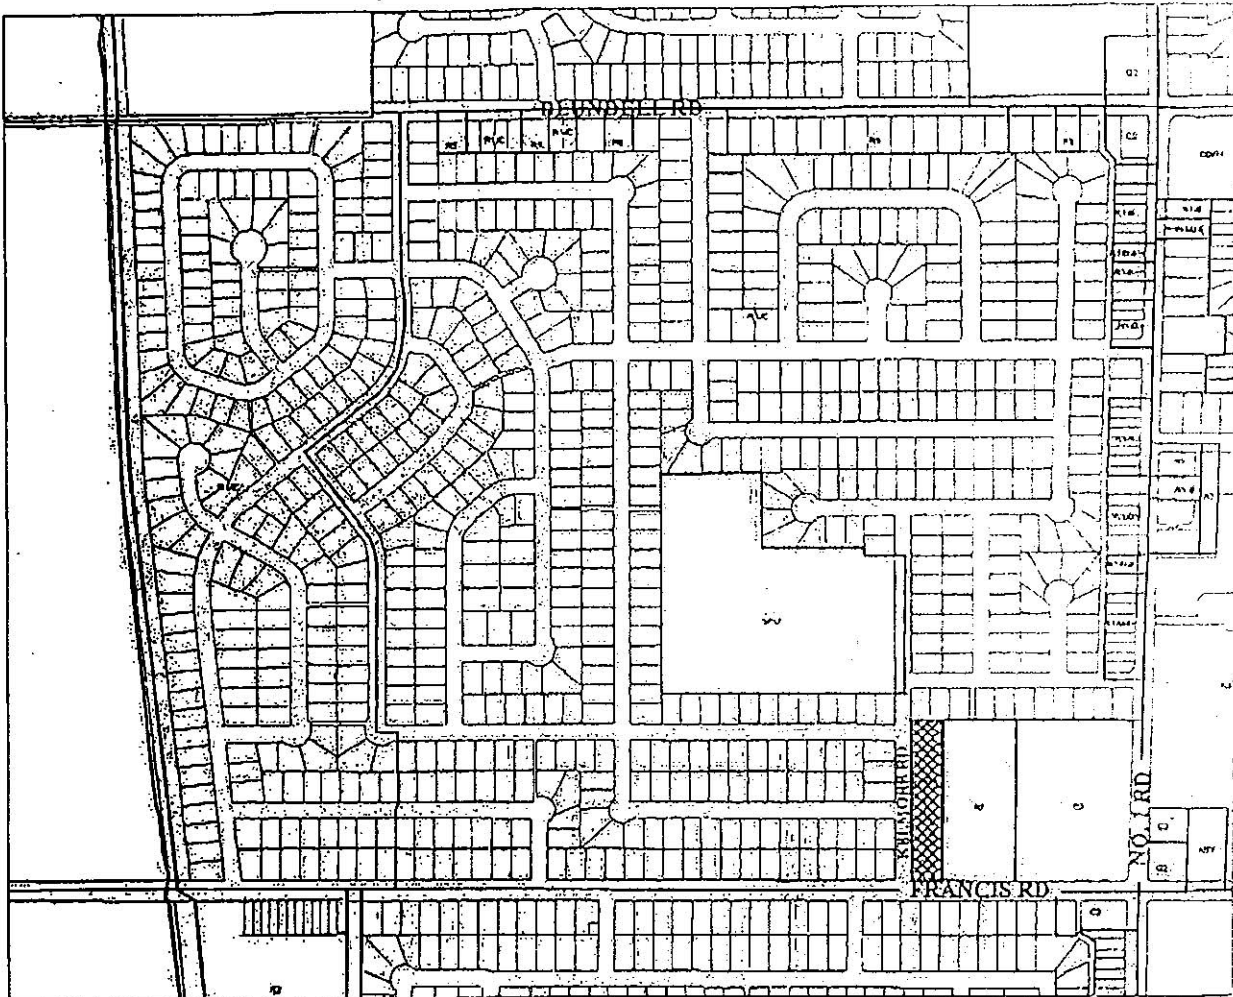

The sight of a line of garages by putting 7 houses in a row would not fit in with the rest of the single home houses in the neighborhood.

There is not enough on street parking to accommodate the influx of 10 houses x average 3-4 cars / house even with 2 car garages.

**Question 2:**

I am in favour of reducing the minimum lot width in this area along the east side of Kelmore Road to 9 m (up to 8 new lots could be created in this area through this option).

**Comments**

For same reasons as previous +  
as well by dividing the lots it would set a  
precedent for the outlined area

**Question 3:**

I am in favour of keeping the minimum lot width in the rest of the quarter sections 18 m wide (current R1/E zone be maintained and no development potential for the next 5 years)

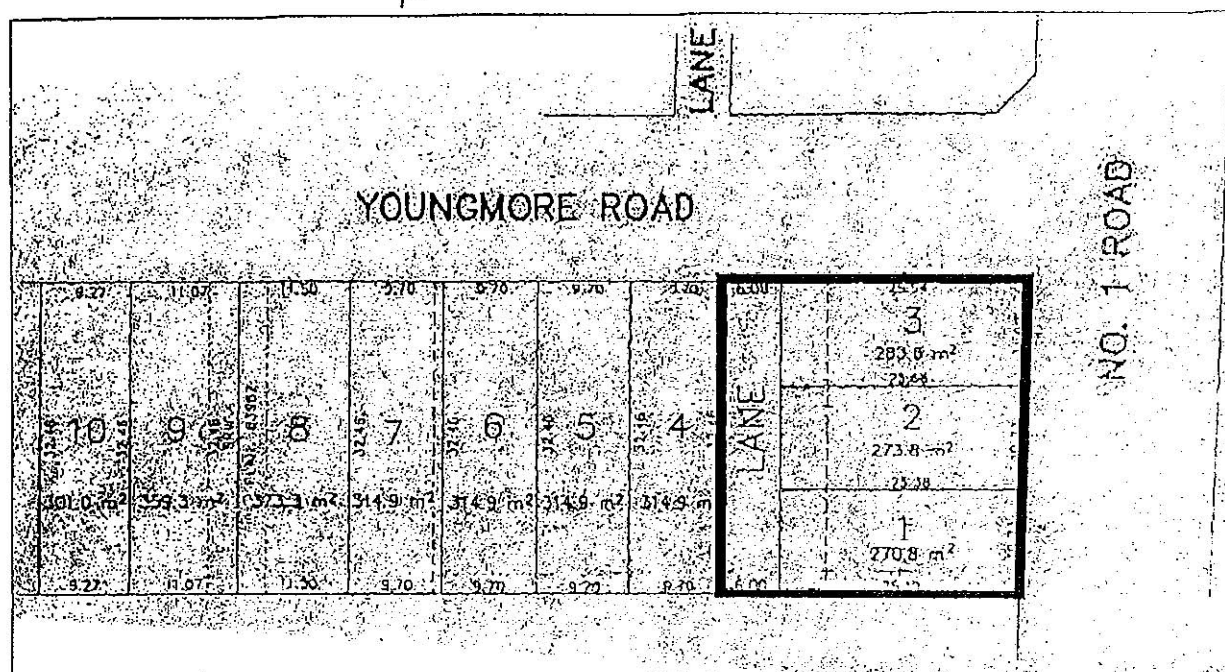

☒ Agree☐ Disagree**Comments**

forever - not in 5 years -  
This is a single home area - by  
allowing the lots to be divided it  
would end up being extremely  
unsightly like what has happened  
in Steveston

**Question 4:**

I am in favour of the proposed development application to rezone a portion of 3900 / 3920 / 3940 / 3960 / 3980 Youngmore Road from "Single-Family Housing District, Subdivision Area E (R1/E)" to "Single-Family Housing District (R1-0.6)" to permit development of three (3) lots fronting onto No. 1 Road with vehicle access from a new lane off Youngmore Road under the provision of the Land Establishment & Arterial Road Redevelopment Policy in the Official Community Plan (OCP).

For reasons outlined in all previous answers it would be detrimental to the properties and owners in the outlined area.

We the people on Littlemore Place fought  
 The 24 townhouse application a couple of  
 years ago and were assured ~~by~~ by the council  
 that multi-dwelling on the 5 lots on Youngmore  
 was not going to happen - see minutes of  
 that meeting. Why then are you coming at us again.  
 These lots can be developed for single houses for  
 probably the same amount of money for the vendor.  
 It's time the City of Richmond listen to it's citizens  
 re overdevelopment in our neighborhoods.

**The proposed application to rezone the dilapidated homes on Youngmore is not acceptable. A significant precedent would be set that would allow other similar efforts to be granted.**

**The Seafair area is special for many reasons and the decent size lots must be included as many people wish to garden and enjoy the gardens of others. Our gardens would not be possible on half-lots with garages sticking rudely out the front.**

**Kindly accept this letter as my vote not to allow any subdivisions of any kind in our neighbourhood.**

I AM NOT IN FAVOR OF THIS PROPOSAL AS MENTIONED ABOVE AS IT IS PRECEDENT SETTING FOR THE ENTIRE INTERIOR OF THE NEIGHBORHOOD.

- INCREASED DENSITY MEANS INCREASED TRAFFIC CONGESTION
- UNFAIR TO THE RESIDENTS WHO KEEP UP THEIR HOUSES TO PRAISE A DEVELOPER WHO ALLOWS THEIR PROPERTIES TO RUN INTO THE GROUND AND THEN HAVE A PERMIT TO REZONE TO "IMPROVE THE QUALITY OF THE NEIGHBORHOOD."

Question 4:

I am in favour of the proposed development application to rezone a portion of 3900 / 3920 / 3940 / 3960 / 3980 Youngmore Road from "Single-Family Housing District, Subdivision Area E (R1/E)" to "Single-Family Housing District (R1-0.6)" to permit development of three (3) lots fronting onto No. 1 Road with vehicle access from a new lane off Youngmore Road under the provision of the Land Establishment & Arterial Road Redevelopment Policy in the Official Community Plan (OCP).

☒ Agree

☒ Disagree

Comments

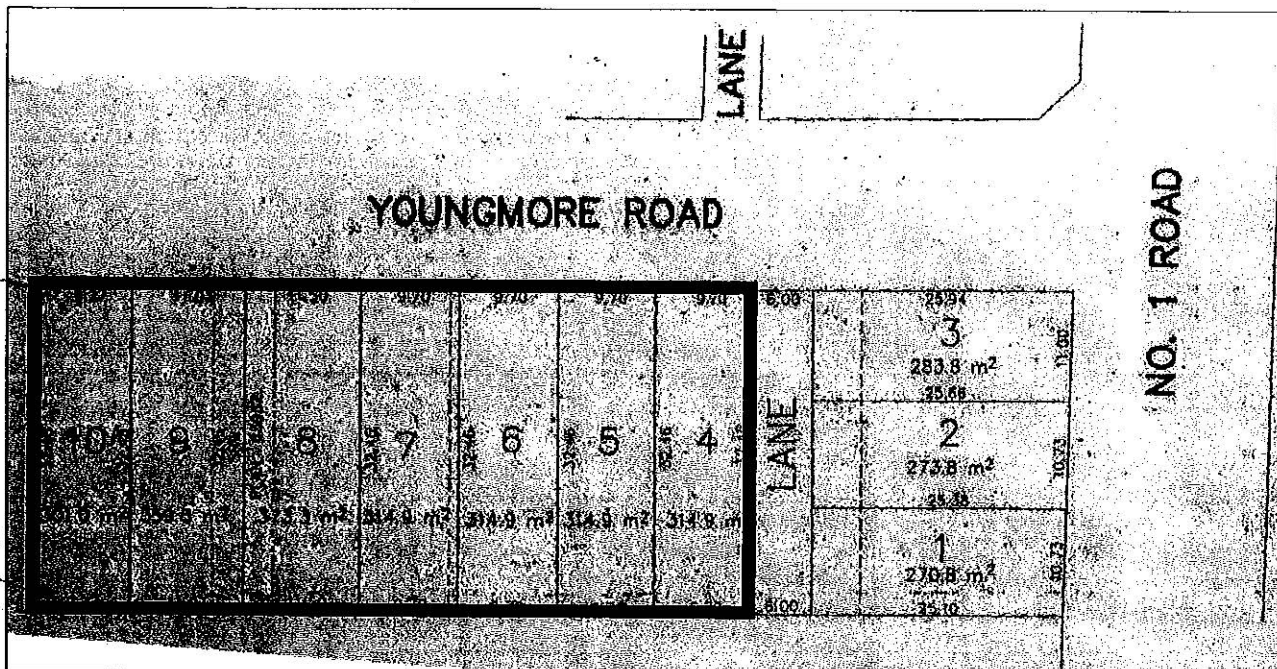

I DISAGREE WITH THIS PROPOSAL AS IT OPENS UP THE POSSIBILITY OF DEVELOPING A LANE PARALLEL TO FRANCHS AND BLUNDEN ROADS. THIS ENCOURAGES REDEVELOPMENT OF EXISTING SINGLE FAMILY HOUSING ALONG FRANCHS AND BLUNDEN PARKING ON YOUNGMORE BECOMES PROBLAMATIC

**Question 5:**

I am in favour of the proposed development application to rezone a portion of 3900 / 3920 / 3940 / 3960 / 3980 Youngmore Road from "Single-Family Housing District, Subdivision Area E (R1/E)" to "Single-Family Housing District, Subdivision Area A (R1/A)" to permit development of seven (7) lots fronting onto Youngmore Road.

☐ Agree

☒ Disagree

**Comments**

I DISAGREE WITH THIS PROPOSAL AS IT BRINGS DOUBLE THE AMOUNT OF TRAFFIC ONTO AN ARTERIAL ROAD INTO AND OUT OF THE NEIGHBOURHOOD. STREET PARKING WILL BE DOUBLED AND ONCE YOU APPROVE OF AN INSIDE ROAD BEING REZONED YOU OPEN REZONING TO THE WHOLE NEIGHBOURHOOD GIVING DEVELOPERS 5 YEARS TO GATHER UP HOUSES IN THE NEIGHBOURHOOD TO LET RUN DOWN TO REDEVELOP THEM AT A LATER DATE.

**Additional comments** ADD TO QUESTIONS 1-4.

Please feel free to provide any other comments or suggestions below.

I DISAGREE WITH ALL OF THE PROPOSALS AS OUR  
NEIGHBORHOOD ALREADY PROVIDES FOR ALL INCOME  
LEVELS AND ALL DENSITIES AS WE HAVE WITHIN  
OUR NEIGHBORHOOD MINIMUM LOT SIZES ALONG  
MD 1 RD, DUPLEXES ON BLUNDEN AND AN APARTMENT  
BUILDING ON FRANCES AND SINGLE FAMILY HOMES  
WHICH ALSO PROVIDE ROOMS TO RENT (ROOM AND BOARD)  
AS WELL AS BASEMENT SUITES. UNFAIR TO RESIDENTS  
CONGESTION TO ROADWAYS NOT MADE FOR PARKING FULL ON  
BOTH SIDES AND BEING ABLE TO PASS.

Why does the city allow people to let their houses run down and deteriorate to the point where it seems reasonable to tear them down? We should not reward people who are guilty of what the French call "incivisme", i.e. "lack of civic sensibility". Monster houses, small narrow houses should NOT be encouraged. All these properties should be expropriated at house-value only, by the city, to make a new park. Owners who have no respect for the land or for the buildings thereon should be sent a firm message that anti-social behaviour is not <sup>to be</sup> tolerated.
