Comments	As a blueberry farmer and owner of blueberry farm I with my great appologies oppose to this rezoning application at 8100 no 5 road my reasons are as followed 1) my source of income are my crops and blueberries 2) these Hindu church society states that the 815 blueberry trees they want to plant will not be used for sales/commercial and will be used for self consumption or donating to organizations how are we certain that they will not secretly sell when the season reopens 3) traffick control is insane on the intersection of no 5 and Blundell and I'm worried that with construction it will worsen pre existing traffic problems 4) not only does that house have a bad rat problem but also the septic tank hasn't been changed in over 20 years with demolition this could cause air pollution problems for the agriculture land and as well the rat problem will worsen I hope you take all these issues into consideration tthank you
