

Schedule 3 to the Minutes of the
Development Permit Panel
meeting held on Wednesday,
September 12, 2018.

To Development Permit Panel
Date: <u>September 12, 2018</u>
Item # <u>2</u>
Re: <u>DP 18-829249</u>
<u>7300 Elmbridge Way</u>

Dear Mr. Director:

I am the resident living on Elmbridge Way, right across the location of the future homeless construction. I am a senior living alone. The reason I choose to live here is that I feel it is very safe in this neighborhood.

I am very concerned that if there is a homeless building so close to where I live, I will feel it might not be a safe place anymore. There could be drug users and people with mental problems wandering around. I will not dare to walk to my park. I might think of moving out of this neighborhood. If you can think of any other places more distant to the dense residential areas to settle them, I would appreciate it. Or if you have no other choices, can you make up a plan to make sure they behave themselves like normal people?

I know a lot of people living here have the same worries as me. I hope you could consider our opinions.

Thank you

樊政威

Resident: Zhengxian Fan

Sept. 7, 2018.
