Dear City of Richmond,

We are one of the families living at 8711 Bennett Rd, who would be directly affected by the bylaws proposed. Amid the current development frenzy around the city, the bylaw that allows rental tenure zoning will positively affect diversity of the city demographics.

The bylaw amendment will also protect the current renters. We would find it a relief to have the secure roof over our heads. For a family with children like us, moving one place to the other is especially challenging, physically and emotionally. Arranging the firm ground for the growing kids, whether it may be a school or a community, is a priority to us. Having said that, securing the current living arrangement by the bylaw amendment is welcoming.

We look forward to seeing what the other residents, not just developers, have to say.

Yours sincerely,
Joseph & Keiko Lee
